## Waterworks Regulations and Rates Bylaw 2425, 2015

Adopted: December 17, 2015

### Office Consolidation

This document is an office consolidation of City of Powell River Waterworks Regulations and Rates Bylaw 2425, 2015 with subsequent amendments adopted by the City of Powell River. All persons making use of this consolidation are advised that it has no Council sanction and amendments have been incorporated only for convenience of reference. For all purposes of interpretation and application, the original bylaws should be consulted. The City of Powell River will, in no event, be liable or responsible for damages of any kind arising out of the use of this Office Consolidation.

This is not the official version of City of Powell River Waterworks Regulations and Rates Bylaw 2425, 2015, as amended, nor is it admissible in a court of law. For such purposes, official certified copies of the original bylaws can be obtained from City Hall by contacting Administrative Services in advance at: [legislativeassistant@powellriver.ca](mailto:legislativeassistant@powellriver.ca)

CITY OF POWELL RIVER

**BYLAW 2425, 2015**

**A bylaw to provide for the installation, operation and management of the City of Powell River Waterworks System and the collection of fees and charges for water**

---

The Council of the City of Powell River, in open meeting assembled, enacts as follows:

**Short Title:**

1. This Bylaw may be cited as "Waterworks Regulations and Rates Bylaw 2425, 2015".

**Definitions:**

2. For the purposes of this bylaw:
  - (a) "Boundary" means the street line of a property as shown by a registered plan or legal description.
  - (b) "Collector" means the person appointed by Council as the Chief Financial Officer for the City of Powell River.
  - (c) "Consumer" means any person who is the owner, agent for the owner, lessee, or occupant of any Premises to which water is supplied from the City's waterworks system.
  - (d) "Council" means the Council of the City of Powell River.
  - (e) "City" means the City of Powell River.
  - (f) "Director" means the City Director of Infrastructure or his delegate.
  - (g) "Premises" means all places, lots, parcels of land, buildings or structures.
  - (h) "Rate or Rates" means the price or sum of money to be paid by any consumer for a service to his Premises for a stated period.
  - (i) "Service" means the supply of water from the waterworks system to any person, and includes all pipes, taps, valves, connections and other things necessary to or used for the purpose of the supply of water.
  - (j) "Waterworks" means the waterworks system of the City of Powell River.

**Application for Service**

3. All applications for the installation of a service connection shall be made at the Director's office by the owner or his authorized agent.

### **Application for Turning Off or Turning On Water**

4. (a) All applications for the turning off or turning on of water to any Premises shall be made in writing to the Director not less than forty-eight (48) hours before service is required.
- (b) No person shall make application to turn off the water from any Premises in use or occupied by any other person until the use or occupation by the other person has ceased and the Premises have been vacated.
- (c) Where several services are provided to any Consumer from one connection to the main, the City shall not be required to shut off any one of those services until that service has been directly connected to the main at the expense of the person and according to the provisions of this bylaw.

### **Discontinuing the Use of Water**

5. (a) Any person who is about to vacate any Premises that have been supplied from the Waterworks, and who is desirous of discontinuing the water service, shall give written notice to the Director.
- (b) Where any person fails to give the notice required in subsection (a) above, the rates will be charged until notice is given and the water turned off.
- (c) Where any commercial Premises are vacant for a period of sixty-one (61) days or more and the owner does not wish to discontinue water services, the water rates shall be abated on the Premises for the duration of the vacancy.
- (d) The water rate abatement under (c) above shall occur upon the owner submitting a written application to the Collector.

### **Special Purpose Use**

6. The use of water shall not be granted for any special purpose unless, in addition to the special rate charged, the ordinary rate for the building is paid according to Schedule "A", attached and forming part of this bylaw.

### **Leaking Pipes**

7. In the case of leaking or improper pipes, or imperfect appurtenances on any Premises, and after due notification to the Consumer, and the necessary repairs or alterations not being made within forty-eight (48) hours thereafter, or where the condition of such pipes or fixtures shall be such as to cause a waste of water or damage to property, then without further notice, the Director shall have authority to cut off the supply of water by closing the stop-cock, or by detaching the service pipe from the main. Before the water is again turned on, such pipes or appurtenances shall be repaired, altered or replaced to the satisfaction of the Director. The charge for detaching or re-attaching or for turning off or on of the water shall be as set out in Schedule "B", attached and forming part of this bylaw. Any additional cost which the City shall have incurred in taking off or replacing the stop-cock in order to prevent the improper use of water after being turned off, and no person supplied from such service pipe shall have any claim against the City by reason of such cutting off of the water supply.

---

**Service Installation**

8. (a) Any person being the owner of real property within the Waterworks upon which no building or structure is situated, or any owner, or his authorized agent of any Premises desiring the Premises to be served with water, shall make application to the Director for water service.
- (b) Application:
- (i) Upon the approval of the application by the Director, and upon application for a building permit, if applicable, the applicant shall pay to the Collector, the connection fee prescribed in Schedule "B".
  - (ii) For all the utility relocations, modifications or the installation of an additional service, the cost of utility relocation, modification or installation shall be at the fee prescribed in Schedule "B". This rate shall apply with the understanding that the Director may reject the request for such work if, in his opinion, it is not in the best interest of the City.
  - (iii) Any service connections to the City's existing water distribution system will be installed, or the installation will be overseen, by the City.
- (c) When the Director has been advised by the Collector that the connection fee has been paid, he shall provide the required service to within 450 millimeters of the boundary line, when the service can be conveniently supplied from an existing watermain.
- (d) The City's Building and Plumbing Inspector shall not issue any building permit until application for a water connection has been made, approved by the Director and the appropriate connection charges paid.
- (e) Where an application for a water connection has been made and the water connection cannot be provided unless a water main is extended, the extension must be constructed in compliance with all subdivision and development servicing bylaw(s) and shall be the responsibility of the owner.

**Service Pipes**

9. Only one house service pipe of a size approved by the Director for the supply to a single house or Premises shall be installed by the City.
10. No person shall do work of any kind in connection with a service, either for the laying of new or the repairing of old services, upon or under any street, lane or highway in the City other than employees of the City or the employees of persons holding a contract with the City for the performance of Waterworks.
11. All service pipes shall be laid at a depth of not less than 800 millimeters below the surface of the ground or where required by the Director at the depth determined by him.
12. No person shall install, place or maintain in any Premises any water connection, pipe, fixture, or other apparatus which does not comply with the requirements of this bylaw.

---

**No Liability**

13. City (a) Nothing contained in this bylaw shall be construed to impose any liability on the City to service any Premises or to give a continuous supply of water to any person or Premises.
- (b) The City shall not be liable for:
- (i) the failure of the water supply in consequence of any accident or damage to the Waterworks;
  - (ii) excessive pressure or lack of pressure; or
  - (iii) any temporary stoppage of water due to alterations or repairs, whether such failure arises from the negligence of any person in the employ of the City or any other person or through natural deterioration or obsolescence of the Waterworks.

**Hot Water Tanks**

14. Any Consumer shall ensure that all hot water tanks are properly protected against damage which may be caused by any temporary interruption of the water supply.

**Interference**

15. No person shall in any way tamper, remove, or bury or interfere with any hydrant, pipe, service valve and box or any other Waterworks appurtenance outside of his own Premises.

**Use of Fire Hydrants**

16. No unauthorized person shall open or use any fire hydrant for any purpose.

**No Connection to Mains**

17. No person shall make any connection to any public or private main in the City without the written consent of the Director.

**Watering Other Premises**

18. No person shall, with a lawn sprinkler or otherwise, water any other Premises than those in respect of which he has paid the regular rates as set out in Schedule "A".

**Sprinkling**

19. (a) All Consumers shall restrict sprinkling of lawn, trees, shrubs and gardens as stated in Schedule "C" attached and forming part of this bylaw.
- (b) No Consumer shall use more than one (1) hose for sprinkling purposes at any one time.
- (c) Persons with underground sprinkling systems controlled by a time clock shall be exempted from sprinkling regulations during Stage 1, as outlined in Schedule C, only if operated between 12:00 midnight and 7:00 am.

- (d) All underground sprinkling systems shall be installed in conformance with the British Columbia Plumbing Code and the City of Powell River Building Regulation Bylaw.
- (e) The Director is authorized to impose further sprinkling regulations where he deems it necessary.

### **Using Water for Sprinkling Streets**

20. (a) No person who is not in the employ of the City shall use water supplied by the City for the purpose of sprinkling any street or lane or public thoroughfare.
- (b) Nothing in this section shall prevent any person from sprinkling or watering that portion of any boulevard immediately adjoining his Premises.

### **Increasing Supply of Water**

21. No Consumer shall increase the supply of water beyond that fixed by the rating of the Premises, or shall wrongfully, negligently or improperly waste any water.

### **Selling Water**

22. No Consumer shall sell or dispose of any water or permit the same to be carried or taken away or used, or apply it for the benefit or use of others, or to any other than his own use.

### **Inspection of Premises**

23. Any Consumer shall, at all reasonable times, allow the Director or any person authorized by him to enter into and upon the Premises in respect of which service is supplied, for the purpose of inspecting the service, including any water pipes, connections, fixtures, taps or any other apparatus used in connection with the water supply.

### **Valves**

24. Every Consumer shall provide for each service to his Premises a pressure-reducing valve and pressure relief valve to prevent the water pressure in the main serving his Premises from becoming so great that damage may result.

### **Rates and Charges**

25. (a) The rates and charges set out in Schedule "A" are hereby imposed and levied for water supplied or ready to be supplied by the City.
- (b) All rates or charges shall be payable at the office of the Collector and shall be charged against the lands supplied or ready to be supplied.
- (c) Any rates or charges remaining unpaid after December 31 in any year shall be deemed to be taxes in arrears on the property concerned and shall be added to the Collector's tax roll as such.

### **General Rates or Charges**

26. (a) The general annual rates or charges as set out in Schedule "A" are to be paid annually. The annual payment will be due on or before the first working day after July 1 of each year.

- (b) Property owners of record at the time the annual tax notices are sent out shall be assessed the annual water rate on their property tax notices and the fee(s) shall become due and payable on or before the annual tax due date. Unpaid water fees after the tax due date shall be subject to the same penalty and interest charges as annual property taxes.
- (c) Property owners who are not assessed for water use on their property tax notices will be sent a separate billing for their water user fees, which will become due and payable on or before the first working day after July 1 of each year. Any unpaid balances as at December 31 in any year will be transferred to tax arrears in the following year and will be subject to the prescribed rates of interest, as set by the Province of British Columbia.

### **Penalties**

27. Annual water use rates shall be subject to a ten percent (10%) penalty on any portion that is not paid on or before the first working day after July 1 of each year.

### **Rebate or Refund**

28. (a) Except as provided in this bylaw, no rebate or refund or credit of any monies paid or payable for service shall be made.

(b) Where water is disconnected for a period of not less than sixty (60) days or where a building is uninhabitable through fire, demolition or other cause, a rebate, refund or credit may be allowed.

(c) Properties that are newly connected to the waterworks system part way through a calendar year will be charged a prorated amount from the date of connection to the end of the calendar year.

29. (a) The Director may make every reasonable effort to notify Consumers of any interruption in their water service but nothing contained in this bylaw shall be construed to impose any liability upon the City to give any continuous supply of water to any person.

(b) The City reserves the right to shut off water to any Premises without notice.

30. The provisions of this bylaw shall be applicable and binding upon all Consumers.

31. If any section, subsection, clause or phrase of this Bylaw is for any reason held to be invalid by the decision of a Court of competent jurisdiction, the invalid portion shall be severed and the decision that it is invalid shall not affect the validity of the remainder.

32. Any person who contravenes any of the provisions of this Bylaw commits an offence and shall be liable to prosecution under, and the penalties imposed pursuant to, the Offence Act (BC).

33. This bylaw comes into effect on January 1, 2016 and City of Powell River Waterworks Regulations and Rates Bylaw 2407, 2015 and its amendments are repealed effective that date.

READ A FIRST TIME the 3<sup>rd</sup> day of December, 2015.

READ A SECOND TIME the 3<sup>rd</sup> day of December, 2015.

READ A THIRD TIME the 3<sup>rd</sup> day of December, 2015.

ADOPTED the 17<sup>th</sup> day of December, 2015.
