- (d) serves as a security deposit to effect compliance with any condition under which the *permit* was issued.

10.10 The security deposit or applicable portion must be returned to the applicant

- (a) when the *building official* is satisfied that no further damage to public works or public lands will occur;

the *building official* must issue the *permit*, in the form prescribed by the *building official*, for which the application is made and the date of issuance is deemed to be the date the City gives notice to the *owner* that the *permit* is ready to be picked up by the *owner*.

- 10.18 Despite section 10.17, the *building official* may refuse to issue a *permit* when the *owner* has been notified of a violation of this bylaw about the construction of another *building* or *structure* by the *owner*.

Compliance with the *Homeowner Protection Act*

- 10.19 If the application is in respect of a *building* that includes, or will include, a *residential occupancy* governed by the *Homeowner Protection Act*, the *building permit* must not be issued unless the *owner* provides evidence under section 30(1) of the *Homeowner Protection Act*, that the proposed *building*

- (a) is covered by home warranty insurance; and
- (b) the *constructor* is a licensed “residential builder” as defined in that Act.

- 10.20 Section 10.19 of this Part does not apply if the *owner* is not required to be licensed and to obtain home warranty insurance in accordance with sections 20(1) or 30(1) of the *Homeowner Protection Act*.

- 10.21 Every *permit* is issued subject to the *owner* and *constructor* maintaining compliance with the *Homeowner Protection Act* and regulations under it during the term of the *permit*.

- 10.22 If a site has been *excavated* under a *building permit* for *excavation* issued under this bylaw and a *building permit* is not subsequently issued or a subsisting *building permit* has expired under section 10.42, but without the construction of the *building* or *structure* for which the *building permit* was issued having commenced, the *owner* must fill in the *excavation* to restore the original gradients of the site within 60 days of being served notice by the City to do so.

- 10.23 If a *building permit* has expired and partial construction has progressed, with no extension requested of the *building official* under section 10.43, permanent type fencing with privacy screen complying with the City's Zoning Bylaw, must be erected around the *building* site for protection to the public.

Conditions of a Building Permit

- 10.24 A *building permit* or an application for a *building permit* that is in process may not be transferred or assigned until the *owner* has notified the *building official* in writing. The transfer or assignment of a *building permit* is not an extension of a *building permit*.
- 10.25 The review of plans and supporting documents and issuance of a *building permit* do not prevent the *building official* from subsequently requiring the correction of errors in the plans and supporting documents, or from prohibiting *building* construction or *occupancy* being carried on when in violation of this or another bylaw.

Inspections

- 10.26 If a *registered professional* provides letters of assurance in accordance with this Part, the City will rely solely on *field reviews* undertaken by the *registered professional* and the letters of assurance submitted pursuant to this bylaw and the *building code* as assurance that the construction substantially conforms to the design, plans and specifications and that the construction complies with the *building code*, this bylaw and other applicable enactments respecting safety.
- 10.27 Despite section 10.26 of this Part, a *building official* may attend the site from time to time during the course of construction to ascertain that the *field reviews* are taking place and to monitor the *field reviews* undertaken by the *registered professionals*.
- 10.28 A *building official* may attend periodically at the site of the construction of *standard buildings* or *structures* to ascertain whether the work is being carried out in substantial conformance with the *building code*, this bylaw and any other applicable enactments concerning safety.
- 10.29 For all work in respect of *standard buildings* the *owner* must give at least 24 hours' notice to the City when requesting an inspection and must obtain an inspection and receive a *building official's* written acceptance of the following aspects of the work prior to concealing them
- (a) after demolition, the grading of and removal of debris from the site;
 - (b) *foundation* and footing forms, before concrete is poured;

- (k) *construction* of an exterior deck if the deck serves as a roof;
- (l) on-site *constructed* tubs or showers and tub or shower trap tests;
- (m) the installation of wall sheathing membrane, externally applied vapour or air barrier, stucco wire or lath, and flashings, but prior to the installation of exterior finishes which could conceal such work; and
- (n) the *health and safety aspects of the work* and the conservation, GHG emission reduction and accessibility aspects of the work when the *building* or *structure* is substantially complete, ready for *occupancy* but prior to *occupancy*.

10.30 Despite the requirement for the *building official's* acceptance of the work outlined in section 10.29, if a *registered professional* provides letters of assurance, the City will rely solely on *field reviews* undertaken by the *registered professional* and the letters of assurance submitted pursuant to this bylaw as assurance that the aspects of the construction referenced by those letters of assurance substantially conform to the *design*, plans and specifications and that the construction complies with the *building code*, this bylaw and other applicable enactments respecting safety.

10.31 No person may conceal any aspect of the work referred to in section 10.29 of this bylaw until a *building official* has *accepted* it in writing.

10.32 For work in respect of *complex buildings*, the *owner* must

- (a) give at least 48 hours' notice to the City when requesting a preconstruction meeting with the *building official* prior to the start of construction, and the *owner* or his or her

representative must ensure that the *coordinating registered professional*, the *constructor*, as well as representatives of major trades, are in attendance;

- (b) give at least 48 hours' notice to the City when requesting a pre-occupancy coordinated by the *coordinating registered professional* or other *registered professional* to have the *owner*, the *constructor* and the *registered professionals* demonstrate to the *building official* and Fire Services the compliance with *the health and safety aspects of the work*, the coordination and integration of the fire and life safety system, applicable City requirements and other enactments respecting safety and the conservation, GHG emission and accessibility aspects of the work; and
- (c) cause the *coordinating registered professional*, at least 48 hours prior to the pre-occupancy coordinated site review coordinated by the *coordinating registered professional*, to deliver to the *building official* the Confirmation of Required Documentation described in Appendix F.

Stop Work Order

- 10.33 The *building official* may direct the immediate suspension or correction of all or a portion of the construction on a *building* or *structure* by attaching a stop work order notice in the prescribed form in Appendix H on the premises whenever it is found that the work is not being performed in accordance with the requirements of the *building code*, or any applicable bylaw of the City.
- 10.34 The *coordinating registered professional* may request, in writing, that the *building official* order the immediate suspension or correction of all or a portion of the construction on a *building* or *structure* by attaching a stop work order notice on the premises. The *building official* must consider such a request and, if not acted upon, must respond, in writing, to the *coordinating registered professional* and give reasons.
- 10.35 If a *registered professional's* services are terminated, the *owner* must immediately stop any work that is subject to his or her *design* or *field review* and the *building official* is deemed to have issued a stop work order under section 10.33.
- 10.36 The *owner* must immediately, after the posting of a notice under section 10.33, secure the construction and the lands and premises surrounding the construction in compliance with the safety requirements of every statute, regulation or order of the Province or of a provincial agency and of every applicable bylaw of the City.
- 10.37 Subject to section 10.33, no work other than the required remedial measures may be carried out on the parcel affected by the notice referred to in section 10.33 until the stop work order notice has been removed by the *building official*.

10.38 The notice referred to in section 10.33 must remain posted on the premises until that which is contrary to the enactments has been remedied.

Do Not Occupy Notice

10.39 If a person occupies a *building* or *structure* or part of a *building* or *structure* in contravention of this bylaw, a *building official* may post a Do Not Occupy Notice in the form prescribed in Appendix I on the affected part of the *building* or *structure*.

10.40 If a notice is posted under section 10.39 the *owner* of a parcel on which a Do Not Occupy Notice has been posted, and every other person, must cease *occupancy* of the *building* or *structure* immediately and refrain from further *occupancy* until all applicable provisions of the *building code* and this bylaw have been substantially complied with and the Do Not Occupy Notice has been rescinded in writing by a *building official*.

Inspection and Other Fees

10.41 In addition to the fees required under other provisions of this bylaw, the *owner* may be required to pay the non-refundable fee set out in Appendix A for

- (a) a second and each subsequent re-inspection where it has been determined by the *building official* that due to non-compliance with the provisions of this bylaw or due to non-complying work, more than one site visit is required for any required inspection;
- (b) a special inspection during the City's normal business hours to establish the condition of a *building*, or if an inspection requires special arrangements because of time, location or construction techniques; and
- (c) inspection required under this bylaw which cannot be carried out during the City's normal business hours.

Permit Expiration

10.42 Every *permit* is issued on the condition that the *permit* expires and the rights of the *owner* under the *permit* terminate if

- (a) the work authorized by the *permit* is not commenced within 6 months from the date of issuance of the *permit*;

10.43 A *building official* may extend the period set out under section 10.42 for only one (1) period, not to exceed twelve (12) months, if construction has not been commenced or has

been discontinued due to adverse weather, strikes, material or labour shortages, other similar hardship beyond the *owner's* control, or if the size and complexity of the construction warrants, if

- (a) application for the extension is made at least 30 days prior to the date of *permit* expiration.

Building Permit Revocation

10.44 The *building official* may revoke a *building permit* if there is a violation of

10.47 If the *owner*, or his or her *agent*, submits changes to an application after a *permit* has been issued and the changes, in the opinion of the *building official*, substantially alter the scope of the work, design or intent of the application in respect of which the *permit* was issued, the *building official* may cancel or amend the *permit* and mark on the *permit* the date of cancellation or amendment and the word "cancelled" or "amended".

Occupancy

10.48 No person may occupy a *building* or *structure* or part of a *building* or *structure* until an occupancy permit in the form prescribed in Appendix J or final inspection report has been issued by a *building official*.

- 10.51 A *building official* may issue a final inspection report for partial *occupancy* of a portion of a *building* or *structure* under construction when

 - (b) the requirements set out in section 10.49 have been met with respect to it.

Temporary Buildings

- 10.52 Subject to the bylaws of the City and orders of Council, the *building official* may issue a *building permit* for the erection or placement of a *temporary building* or *structure* for *occupancy* if
