

City of Williams Lake

SPRINKLING REGULATIONS

Sprinkling regulations are in effect from April 1st to September 30th pursuant to Sprinkling Bylaw No. 1973. Residents may sprinkle on even and odd numbered days, depending on their house number; however, sprinkling is prohibited between the hours of 10:00 am and 6:00 pm.

Mobile homes in mobile home parks shall sprinkle on alternate days according to bay numbers. Properties having automatic sprinkling systems may sprinkle daily between the hours of 12:00 am and 4:00 am.

These regulations are necessary to ensure adequate water supply during peak hours of the day and your cooperation is appreciated.

Please be advised that Council has authorized a minimum fine of \$100.00 for infractions of the sprinkling regulations, and offences will be enforced by the Bylaw Services Department.
