

CITY OF REVELSTOKE
BYLAW NO. 2294

A Bylaw for the Administration of the BC Building Code and Regulation of Construction

WHEREAS the Council of the City of Revelstoke:

- A. may by bylaw regulate, prohibit and impose requirements in respect to buildings and structures under sections 8(3)(g) and (l) of the *Community Charter* for the following under section 53(2):
 - a) the provision of access to a building or other *structure*, or to part of a building or other structure, for a person with disabilities;
 - b) the conservation of energy or water;
 - c) the reduction of greenhouse gas emissions;
 - d) the health, safety or protection of persons or property;
- B. is enacting this bylaw to regulate construction and administer the British Columbia *Building code* in Revelstoke in accordance with the *Community Charter* and the *Building Act*;
- C. has employed trained *building officials* for the purposes of this bylaw;

NOW THERERFORE the Municipal Council of the City of Revelstoke, Province of British Columbia, in open meeting assembled ENACTS AS FOLLOWS:

THAT the City of Revelstoke Building Bylaw No. 1707 is hereby repealed in its entirety and replaced with the following:

1. PART 1: TITLE

This bylaw may be cited for all purposes as the “*City of Revelstoke Building Bylaw No. 2294*”.

2. PART 2: PURPOSE

- 2.1. Despite any other provision in this bylaw, this bylaw must be interpreted in accordance with this Part.
- 2.2. Every *permit* issued under this bylaw is issued expressly subject to the provisions of this Part.
- 2.3. This bylaw is enacted to regulate, prohibit and impose requirements in regard to *construction* in the City in the public interest.
- 2.4. The purpose of this bylaw does not extend to:
 - a) The protection of *owners, designers* or *constructors* from economic loss;
 - b) the assumption by the City or any *building official* of any responsibility for ensuring the compliance by any *owner*, his or her representatives or any employees, *constructors* or designers retained by the *owner*, with the *building code*, the requirements of this bylaw, or other applicable enactments, codes or standards;
 - c) providing any person a warranty of design or workmanship with respect to any building or *structure* for which a building *permit* or *occupancy permit* is issued under this bylaw;
 - d) providing any person a warranty or assurance that construction undertaken under building *permits* issued by the City is free from latent, or any, defects; or
 - e) the protection of adjacent real property from incidental damage or nuisance.

3. PART 3: SCOPE AND EXEMPTIONS

- 3.1. This bylaw implies to the geographical area of the City and to land, the surface of water, air space, *buildings* or *structures* in the City.
- 3.2. This bylaw applies to the design, construction or *occupancy* of new buildings or *structures*, and the *alteration*, reconstruction, demolition, removal, relocation or *occupancy* or change of use or *occupancy* of *existing buildings* and *structures*.

- 3.3. This bylaw does not apply to:
- a) Except as set out in Part 11 [*Retaining walls*] of this bylaw, a fence;
 - b) an accessory *building* with a *building* area of less than 10 square metres unless the *building* creates a hazard;
 - c) a trellis, an arbour, a wall supporting soil that is less than 1.22 metres in height, or other similar landscape *structures*;
 - d) a *building* or *structure* commonly known as "Canadian Standards Association Z240 MH series or Z241 series", except as regulated by the *building code*.

Limited Application to Existing Buildings

- 3.4. Except as provided in the *building code* or to the extent an *existing building* is under construction or does not have an *occupancy permit*, when an *existing building* has been constructed before the enactment of this bylaw, the enactment of this bylaw is not to be interpreted as requiring that the *building* must be reconstructed and altered, unless it is expressly so provided by this or another bylaw, regulation or statute.
- 3.5. This bylaw applies if the whole or any part of an *existing building* is moved either within or into the City, including relocation relative to parcel lines created by subdivision or consolidation. Part 12 applies to *building* moves.
- 3.6. If an *alteration* is made to an *existing building* the *alteration* must comply with this bylaw and the *building code* and the entire *building* must be made to comply with this bylaw and the *building code*, but only to the extent necessary to address any new infractions introduced in the remainder of the *building* as a result of the *alteration*.
- 3.7. If an *alteration* creates an *addition* to an *existing building*, the *alteration* or *addition* must comply with this bylaw and the *building code* and the entire *building* must be made to comply with this bylaw and the *building code*, but only to the extent necessary to address any new infractions introduced in the remainder of the *building* as a result of the *alteration* or *addition*.

4. PART 4: PROHIBITIONS

- 4.1. A person must not commence or continue any construction, *alteration*, excavation, reconstruction, demolition, removal, relocation or change the use or *occupancy* of any *building* or *structure*, including other work related to construction:
- a) except in conformity with the requirements of the *building code* and this bylaw; and
 - b) unless a *building official* has issued a valid and subsisting *permit* for the work under this bylaw.
- 4.2. A person must not occupy or *permit* the *occupancy* of any *building* or *structure* or part of any *building* or *structure*:
- a) unless a subsisting *occupancy permit* has been issued by a *building official* for the *building* or *structure* or the part of the *building* or *structure*; or
 - b) contrary to the terms of any *permit* issued or any notice given by a *building official*.
- 4.3. A person must not knowingly submit false or misleading information to a *building official* in relation to any *permit* application or construction undertaken pursuant to this bylaw.
- 4.4. Except in accordance with this bylaw, including acceptance of revised plans or supporting documents, a person must not erase, alter or modify plans and supporting documents after the same have been reviewed by the *building official*, or plans and supporting documents which have been filed for reference with the *building official* after a *permit* has been issued.
- 4.5. A person must not, unless authorized in writing by a *building official*, reverse, alter, deface, cover, remove or in any way tamper with any notice, *permit* or certificate posted or affixed to a *building* or *structure* pursuant to this bylaw.
- 4.6. A person must not do any work that varies the *accepted* design or plans of a *building*, *structure* or other works for which a *permit* has been issued, unless that variance has been authorized in writing by a *building official*.
- 4.7. A person must not interfere with or obstruct the entry of a *building official* or other authorized official of the City on property in the administration of this bylaw.

- 4.8. A person must not construct on a parcel unless the civic address is conspicuously posted on the front of the premises or on a sign post so it may be easily read from the public highway from which it takes its address.
- 4.9. A person must not contravene an administrative requirement of a *building official* made under section 6.6 or any other provision of this bylaw.
- 4.10. A person must not change the use, *occupancy* or both of a *building* or *structure* or a part of a *building* or *structure* without first applying for and obtaining a *building permit* under this bylaw.
- 4.11. No person shall construct or install a *building* or *structure* (including *building* constructed under the CAN/CSA Z-240 MH Series standard for mobile homes and CAN/CSA-A277 pre-manufactured structures within the City of Revelstoke if it does not meet the following ground snow loads (GSL) minimum requirements:
 - a) Resort Lands:

Elevations	500m – 7.8kPa
	600m – 8.8kPa
	700m – 9.8kPa
	800m – 10.8kPa
	900m – 11.8kPa
	1000m and over – mandatory design by a <i>registered professional</i>
 - b) Remainder of the City 7.2kPa or otherwise prescribed in the *building code*.

5. PART 5: PERMIT CONDITIONS

- 5.1. A *permit* is required if work regulated under this bylaw is to be undertaken.
- 5.2. Neither the issuance of a *permit* under this bylaw, nor the acceptance or review of plans, drawings, specifications or supporting documents, nor any inspections made by or on behalf of the City will in any way:
 - a) relieve the *owner* (and if the *owner* is acting through an *agent*, the *agent* of the *owner*) from full and sole responsibility to perform the work in respect of which the *permit* was issued in strict compliance with this bylaw, the *building code* and all other applicable codes, standards and enactments;
 - b) constitute a representation, warranty, assurance or statement that the *building code*, this bylaw or any other applicable enactments respecting safety, protection, land use and zoning have been complied with; or
 - c) constitute a representation or warranty that the *building* or *structure* meets any standard of materials or workmanship.
- 5.3. No person shall rely on any *permit* as establishing compliance with this bylaw or assume or conclude that this bylaw has been administered or enforced according to its terms.
- 5.4. Without limiting section 5.2(a), it is the full and sole responsibility of the *owner* (and if the *owner* is acting through a representative, the representative of the *owner*) to carry out the work in respect of which the *permit* was issued in compliance with the *building code*, this bylaw and all other applicable codes, standards and enactments.

6. PART 6: POWERS OF A BUILDING OFFICIAL

Administration

- 6.1. Words defining the authority of a *building official* are to be construed as internal administrative powers and not as creating a duty.
- 6.2. A *building official* may:
 - a) administer this bylaw, but owes no public duty to enforce or administer this bylaw;
 - b) keep records of applications received, *permits*, notices and orders issued, inspections and tests made, and may retain copies of all papers and documents connected with the administration of this bylaw;

- c) establish or require an *owner* to establish whether a method or type of construction or material used in the construction of a *building* or *structure* complies with the requirements and provisions of this bylaw and the *building code*;
- d) direct that tests of materials, equipment, devices, construction methods, structural assemblies or *foundations* be carried out, or that sufficient evidence or proof be submitted by the *owner*, at the *owner's* sole expense, where such evidence or proof is necessary to determine whether the material, equipment, device, construction or *foundation* condition complies with this bylaw and the *building code*;
- e) Develop and execute suitable form, policies and other documentation to give effect to the provisions of the bylaw; and
- f) Prescribe the details, scale and format of the drawings to be submitted as part of an application for a *complex building*.

Refusal and Revocation of Permits

- 6.3. A *building official* may refuse to issue a *permit* if the proposed work will contravene the requirements of the *building code* or the provisions of this or any other bylaw of the City, and must state the reason in writing.
- 6.4. A *building official* may revoke a *permit* if, in their opinion, the results of tests on materials, devices, construction methods, structural assemblies or *foundation* conditions contravene the *building code* or the provisions of this bylaw, or both, or if all *permit* s required under this bylaw have not been obtained.

Right of Entry

- 6.5. Subject to section 16 of the *Community Charter*, a *building official* may enter on property at any time to ascertain whether the requirements of this bylaw are being met.

Powers

- 6.6. Subject to applicable enactments, a *building official* may by notice in writing require:
 - a) a person who contravenes any provision of this bylaw to comply with that provision within the time ordered;
 - b) an *owner* to stop work on a *building* or *structure*, or any part of a *building* or *structure*, if the work is proceeding in contravention of this bylaw, the *building code*, or any other enactment of the City or other applicable enactments, or if there is deemed to be an *unsafe condition*, and may enter on property to affix or post a stop work order;
 - c) an *owner* to remove or prevent any unauthorized encroachment on a public parcel, a statutory right of way or easement, or a setback or yard required under an enactment;
 - d) an *owner* to remove any *building* or *structure*, or any part of a *building* or *structure*, constructed in contravention of a provision of this bylaw;
 - e) an *owner* to have work inspected by a *building official* prior to covering;
 - f) an *owner* to uncover any work that has been covered without inspection contrary to this bylaw or an order issued by a *building official*;
 - g) a person to cease any *occupancy* in contravention of a provision of this bylaw;
 - h) a person to cease any *occupancy* if any *unsafe condition* exists because of work being undertaken but not complete and where the *building official* has not issued an *occupancy permit* for the work;
 - i) an *owner* to correct any *unsafe condition*; and
 - j) an *owner* to correct any work that contravenes this bylaw, the *building code*, or any other enactment.
- 6.7. Every reference to "owner" in section 6.6 includes a reference to the *owner's agent* or *constructor*.
- 6.8. Every person served with a notice under this Part must comply with that notice:
 - a) within the time ordered, or
 - b) if no time is ordered, immediately.

7. PART 7: OWNER'S RESPONSIBILITIES

Permit Requirements

- 7.1. Subject to Part 10 of this bylaw, every *owner* must apply for and obtain a *permit* , prior to:
- a) *constructing*, repairing or *altering a building or structure*, including a *pool* or *retaining wall*;
 - b) moving a *building* or *structure* into or within the City;
 - c) demolishing a *building* or *structure*;
 - d) occupying a new *building* or *structure*;
 - e) *constructing* a masonry fireplace or installing a wood-burning appliance or chimney, whether attached to, part of or detached from a *building*;
 - f) changing the use or *occupancy* of a *building*;
 - g) making changes to or adding to an *existing* plumbing system,
- unless the works are the subject of another valid and subsisting *building permit* .
- 7.2. Every *owner* must ensure that plans submitted with a *permit* application bear the name, phone number, address and email address of the designer and the *constructor* of the *building* or *structure*.

Owner's Obligations

- 7.3. Every *owner* must:
- a) comply with the *building code*, the requirements of this bylaw and the conditions of a *permit* , and must not omit any work required by the *building code*, this bylaw or the conditions of a *permit* ;
 - b) ensure that all *permit* s, all plans and specifications and supporting documents on which a *permit* was based, all municipal inspection certificates, and all professional *field reviews* are available at the site of the work for inspection during working hours by the *building official*, and that all *permit* s are posted conspicuously on the site during the entire execution of the work; and
 - c) prior to the issuance of a *building permit* , execute and submit to the City an *owner's* undertaking in the form prescribed by the *building official*.
- 7.4. Every *owner* and every *owner's agent*, must carry out construction or have the construction carried out in accordance with the requirements of the *building code*, this bylaw and other bylaws of the City and none of the issuance of a *permit* under this bylaw, the review of plans and supporting documents, or inspections made by a *building official* or a *registered professional* shall relieve the *owner*, or his or her *agent*, from full and sole responsibility to perform the work in strict accordance with this bylaw, the *building code* and all other applicable codes, standards and enactments.
- 7.5. Every *owner* must allow a *building official* to enter any *building* or premises at any reasonable time to administer and enforce this bylaw.
- 7.6. Every *owner* to whom a *permit* is issued must, during construction,
- a) post the civic address on the property so that it may be easily read from the public highway from which the property takes its address; and
 - b) post the *permit* on the property so that it may be easily read from the public highway from which the property takes its address.

Damage to Municipal Works

- 7.7. Every *owner* to whom a *permit* is issued is responsible for the cost to repair any damage to municipal works or land that occurs during and arises directly or indirectly from the work authorized by the *permit* .
- 7.8. In *addition* to payment of a security deposit under sections 10.8 to 10.12, every *owner* must pay to the City, within 30 days of receiving an invoice for same from the City, the cost to

repair any damage to public property or works located on public property arising directly or indirectly from work for which a *permit* was issued.

Demolition

- 7.9. Prior to obtaining a *permit* to demolish a *building* or *structure*, the *owner* must:
 - a) provide to the City a vacancy date;
 - b) pay the applicable fees as set out in the City's Fees and Charges Bylaw; and
 - c) ensure that all municipal services and other services are capped and terminated at the property line to the satisfaction of the *building official* or the City's engineering manager.
- 7.10. Every *owner* must ensure that, on completion of all demolition procedures, all debris and fill are cleared, and the *site* is levelled or graded, or made safe if levelling and grading are not possible.
- 7.11. Every *owner* must ensure adherence to the "Safety measures at construction and demolition sites" requirements set out in Part 8, Division B of the *building code*.

Notice

- 7.12. Every *owner* must, at least 48 hours prior to commencing work at a *building site*, give written notice to a *building official* of the date on which the *owner* intends to begin such work.
- 7.13. Every *owner* must give written notice to a *building official* of any change in or termination of engagement of a registered professional, including a *coordinating registered professional*, during construction, within 24 hours of when the change or termination occurs.
- 7.14. If an *owner* or a *registered professional* terminates the engagement of the *registered professional*, including a *coordinating registered professional*, the *owner* must terminate all work under a *building permit* until the *owner* has engaged a new *registered professional*, including a *coordinating registered professional*, and has delivered to a *building official* new letters of assurance.
- 7.15. Without limiting sections 10.30 to 10.46, every *owner* must give at least 48 hours' written notice to a *building official*:
 - a) of intent to do work that is required or ordered to be corrected during *construction*;
 - b) of intent to cover work that is required under this bylaw to be or has been ordered to be inspected prior to covering; and
 - c) when work has been completed so that a final inspection can be made.
- 7.16. Every *owner* must give notice in writing to a *building official* and pay the non-refundable fee set out in the City's Fees and Charges Bylaw immediately upon any change in ownership or change in the address of the *owner* which occurs prior to the issuance of an *occupancy permit*.
- 7.17. Every *owner* must give such other notice to a *building official* as may be required by the *building official* or by a provision of this bylaw.

8. PART 8: OBLIGATIONS OF OWNER'S CONSTRUCTOR

- 8.1. Every *constructor* must ensure that all construction is done in compliance with all requirements of the *building code*, this bylaw and all other applicable, codes, standards and enactments.
- 8.2. Every *constructor* must ensure that no excavation or other work is undertaken on public property, and that no public is disturbed, no *building* or *structure* erected, and no materials stored thereon, in whole or in part, without first having obtained approval in writing from the appropriate authority over such public property.
- 8.3. For the purposes of the administration and enforcement of this bylaw, every *constructor* is responsible jointly and severally with the *owner* for all work undertaken.

9. PART 9: REGISTERED PROFESSIONAL'S RESPONSIBILITIES

Professional Design and Field review

- 9.1. The provision by the *owner* to the City of letters of assurance in accordance with the requirements of the *building code* shall occur prior to:
- a) the pre-occupancy site review coordinated by the coordinating *registered professional* or other *registered professional* for a *complex building*, or
 - b) a final inspection for a *simple building* in circumstances where letters of assurance have been required in accordance with the requirements of the *building code*, in which case the *owner* must provide the City with letters of assurance in the form of Schedules C-A or C-B, as appropriate, referred to in subsection 2.2.7, Division C, of the *building code*.
- 9.2. If a *registered professional* provides letters of assurance in accordance with the *building code*, they must also provide proof of professional liability insurance to the *building official*.

Requirement for a Registered Professional

- 9.3. The *owner* must retain a *registered professional* to provide a *professional design* and plan certification and letters of assurance in the form of Schedules A, B, C-A and C-B referred to in subsection 2.2.7, Division C, of the *building code*, in respect of a *permit* application:
- a) prior to the pre-occupancy site review coordinated by the coordinating *registered professional* or other *registered professional* for a *complex building*, or
 - b) prior to a final inspection for a *simple building* in circumstances where letters of assurance have been required in accordance with the requirements of the *building code*, in which case the *owner* must provide the City with letters of assurance in the form of Schedules C-A or C-B, as appropriate, referred to in subsection 2.2.7, Division C, of the *building code*;
 - c) except for garages, carports and garden *structures, foundation* and excavation components of new *simple buildings* and *additions* greater than 55 square metres to *simple buildings* in accordance with the *building code*;
 - d) a *building* that is designed with common egress systems for the occupants and requires the use of firewalls in accordance with the *building code*;
 - e) prior to *alterations* to a *building*, or to a structural component of a *building* described in paragraph (b);
 - f) for a *building* in respect of which the *building official* determines that site conditions, size or complexity so warrant in the interests of safety of persons or protection of property under the *building code*;
 - g) if the *building* envelope components of the *building* fall under Division B Part 3 of the *building code*, or if the *building* envelopes do not comply with the prescriptive requirements of Division B Part 9 of the *building code*; and
 - h) for a parcel of land on which a *building* or *structure* is proposed if the *building official* believes the parcel is or is likely to be subject to flooding, mud flows, debris flows, debris torrents, erosion, land slip, rock falls, subsidence or avalanche, and the requirement for a *professional design* is in *addition* to a requirement under Division 8 of Part 3 of the *Community Charter*:
 - i for a report certified by a professional engineer with experience in geotechnical engineering that the parcel may be used safely for the use intended, and
 - ii that the plans submitted with the application comply with the relevant provisions of the *building code* and applicable bylaws of the City.
- 9.4. The *building official* may require any *registered professional* carrying out the *professional design* and *field review* required under section 9.3 to provide evidence that they have experience and expertise in respect of the *professional design* and *field review* of the context and scope required. The *building official* may request a peer review by a *registered professional* of design and/or field inspection of a portion or the entire building project.

Professional Plan Certification

- 9.5. The letters of assurance in the form of Schedules A and B as referred to in subsection 2.2.7, Division C, of the *building code* referred to in sections 9.1 and 9.3 are relied upon by the City and its *building officials* as certification that the design and plans to which the letters of assurance refer comply with the *building code*, this bylaw and other applicable enactment.
- 9.6. Letters of assurance must be in the form of Schedules A and B referred to in subsection 2.2.7, Division C, of the *building code* or in a form *accepted* by the *building official*.
- 9.7. For a *building permit* issued for the construction of a *complex building*, the *building official* shall provide the *owner* with a notice that the *building permit* is issued in reliance on the certification of the *registered professional* that the *professional design* and plans submitted in support of the application for the *building permit* comply with the *building code* and other applicable enactments. Any failure on the part of the *building official* to provide the *owner* with the notice will not diminish or invalidate the reliance by the City or its *building officials* on the *registered professionals*.
- 9.8. If a *building permit* is issued for a construction of a *complex building*, the *permit fee* is reduced by 10% of the fees payable under the City's Fees and Charges Bylaw, up to a maximum reduction of \$500.00 (five hundred dollars).
- 9.9. The City of Revelstoke may issue a *building permit* for a *simple building* upon the full reliance on a *registered professional* for the design and construction field inspection provided that:
 - a) sealed drawings and certificates of filed review and compliance are submitted as part of *building permit* application; and
 - b) Certificates of *field review* and compliance are submitted during construction on time, and in any event prior to issuance of the *occupancy permit*.
- 9.10. If a *building permit* is issued for a construction in accordance with section 9.9 of this bylaw, the *permit fee* is reduced by 10% of the fees payable under the City's Fees and Charges Bylaw, up to a maximum reduction of \$500.00 (five hundred dollars).

10. PART 10: BUILDING APPLICATION REQUIREMENTS

Requirements Before Applying for a Building Permit

- 10.1. Prior to issuance of a *building permit*, the *owner* must satisfy the following requirements or conditions:
 - a) the *owner* must apply for and obtain a development *permit* if the *building* or *structure* is in an area designated by the City's Official Community Plan as a development *permit* area;
 - b) the *owner* must ensure that the proposed *building* or *structure* complies with all bylaws of the City, except to the extent a variance of a bylaw is authorized by a development *permit*, development variance *permit* or order of the Board of Variance;
 - c) an approving officer must have approved the subdivision plan that, once registered, would create the parcel on which the proposed *building* or *structure* will be constructed, and the subdivision plan must have been registered in the Land Title Office;
 - d) the *owner* or owners agent must provide evidence to the *building official* showing that the person applying for the *building permit* is either the *owner* of the parcel that is the subject of the proposed *building permit*, or is the *agent* of the *owner*, in which case, the *agent* must provide the name and contact information of the *owner*;
 - e) if the parcel that is the subject of the *building permit* application is not intended to be connected to the City's *sewage disposal system*, the *owner* must apply for and obtain approval from the City and other applicable public authorities for an alternate private *sewage disposal system*;
 - f) if the parcel that is the subject of the *building permit* application is not intended to be connected to the City's waterworks system, the *owner* must apply for and obtain approval from the City and other applicable public authorities for an alternate water supply system;
 - g) if the parcel that is the subject of the *building permit* application is not intended to be connected to The City's storm water drainage system, the *owner* must apply for and

obtain approval from the City and other applicable public authorities for the alternate storm water drainage and detention system; and

- h) if all on site and off site works and services required by a City bylaw or other enactment have not been completed in accordance with the enactments, the *owner* must enter into a completion agreement with the City and deliver to the City letters of credit or cash security for completion of the works and service.

Building Permit Applications for Complex Buildings

10.2. An application for a *building permit* with respect to a *complex building* must:

- a) be made in the form as per the current *building permit* application form and signed by the *owner*, or a signing officer if the *owner* is a corporation;
- b) be accompanied by the *owner's* acknowledgement of responsibility and undertaking made in the form as per the current *owners* undertaking form and signed by the *owner*, or a signing officer if the *owner* is a corporation;

 - xix access routes for firefighting;
 - xx accessible paths of travel from the street to the *building*;
 - xxi geodetic elevation of the underside of a wood floor system or the top of a finished concrete slab of a *building* or *structure* where the City's land use regulations or

provincial flood mapping regulations establish siting requirements related to minimum floor elevation,

except that the *building official* may waive, in whole or in part, the requirements for a site plan, if the *permit* is sought for the repair or *alteration* of an *existing building* or *structure*;

- g) include floor plans showing the dimensions and uses and *occupancy* classification of all areas, including: the dimensions and height of crawl and roof spaces; the location, size and swing of doors; the location, size and opening of windows; floor, wall, and ceiling finishes; fire separations; plumbing fixtures; structural elements; and stair dimensions;
 - h) include a cross-section through the *building* or *structure* in sufficient detail and locations to illustrate *foundations*, drainage, ceiling heights and constructions systems;
 - i) include elevations of all sides of the *building* or *structure* showing finish details, roof slopes, windows, doors, natural and finished *grade*, spatial separations and ridge height to comply with the *building code* and to illustrate that the *building* or *structure* conforms with the City zoning bylaw and development *permit* ;
 - j) include cross-sectional details drawn at an appropriate scale and at sufficient locations to illustrate that the *building* conforms to the *building code*;
 - k) include all other requirements of articles 2.2.1, 2.2.3, 2.2.4, 2.2.5, 2.2.6 and 2.2.9, Division C of the *building code*;
 - l) include copies of approvals required relating to health and safety aspects of the work, including, without limitation, sewage disposal *permit* s, highway access *permit* s and ministry of health approvals;
 - m) include a letter of assurance in the form of Schedule A referred to in subsection 2.2.7 Division C, of the *building code*, signed by the *owner*, or a signing officer if the *owner* is a corporation, and the coordinating registered professional;
 - n) include letters of assurance in the form of Schedule B referred to in subsection 2.2.7 Division C, of the *building code*, each signed by such *registered professionals* as the *building official* or *building code* may require to prepare the design for and conduct *field reviews* of the construction of the *building*;
 - o) include one set of drawings in a digital format as prescribed by the *building official* and two sets of drawings at a suitable scale of the design prepared by each *registered professional* containing the information set out in (g) to (k) of this section; and
 - p) include illustration of any slopes on the subject parcel that exceed 20%.
- 10.3. In *addition* to the requirements of section 10.2 of this bylaw, a *building official* may require the following to be submitted with a *permit* application for the construction of a *complex building* if the complexity of the proposed *building* or *structure* or siting circumstances warrant:
- a) site servicing drawings, including sufficient detail of off-site services to indicate locations at the property line, prepared and sealed by a registered professional, in accordance with the City's subdivision and development servicing bylaw;
 - b) a section through the site showing *grades*, *buildings*, *structures*, parking areas and driveways; and
 - c) any other information required by the *building official* or the *building code* to establish substantial compliance with this bylaw, the *building code* and other bylaws and enactments relating to the *building* or *structure*.

Building Permit Application for Simple buildings

10.4. An application for a *building permit* with respect to a *simple building* must:

- a) be made in the form prescribed by the *building official* at the time of application and signed by the *owner*, or a signing officer if the *owner* is a corporation;
- b) be accompanied by the *owner's* acknowledgment of responsibility and undertaking made in the form prescribed by the *building official* at the time of application and signed by the *owner*, or a signing officer if the *owner* is a corporation;

- c) include a copy of a title search for the relevant property made within 30 days of the date of the *permit* application;
- d) include a copy of a survey plan prepared by a British Columbia land surveyor except that the *building official* may waive the requirement for a survey plan, in whole or in part, where conditions warrant;
- e) include a site plan showing:
 - i the bearing and dimensions of the parcel taken from the registered subdivision plan;
 - i the legal description and civic address of the parcel;
 - ii the location and dimensions of *existing* and proposed statutory rights of way, easements and setback requirements, adjacent street and lane names;
 - iii the location and dimensions of *existing* and proposed *buildings* or *structures* on the parcel;
 - iv setbacks to the natural boundary of any lake, swamp, pond or watercourse;
 - v north arrow;
 - vi if applicable, location of an approved *existing* or proposed alternative private or other *sewage disposal system*, water supply system or storm water drainage system;
 - vii the location, dimensions and gradient of parking and parking access;
 - viii proposed and *existing* setbacks to property lines;
 - ix natural and finished *grade* at *building* corners and datum determination points;
 - x first storey floor elevation;
 - xi location, setbacks and elevations of all *retaining walls*, steps, stairs and decks;
 - xii line of upper floors;
 - xiii location and elevation of curbs, sidewalks, manholes and service poles;
 - xiv location of *existing* and proposed service connections;
 - xv location and species of all trees greater than 10 centimetres in diameter;
 - xvi location of top bank and water courses;
 - xvii access routes for firefighting;
 - xviii accessible paths of travel from the street to the *building*;
 - xix zoning compliance summary; and
 - xx the geodetic elevation of the underside of a wood floor system or the top of a finished concrete slab of a *building* or *structure* where the City's land use regulations or provincial flood mapping regulations establish siting requirements related to minimum floor elevation,

except that for a *simple building* the *building official* may waive, in whole or in part, the requirements for a site plan, if the *permit* is sought for the repair or *alteration* of an *existing building*.
- f) include floor plans showing the dimensions and uses of all areas, including: the dimensions and height of crawl and roof spaces; the location, size and swing of doors; the location, size and opening of windows; floor, wall, and ceiling finishes; plumbing fixtures; structural elements; and stair dimensions;
- g) include a cross-section through the *building* illustrating *foundations*, drainage, ceiling heights and construction systems;
- h) include elevations of all sides of the *building* showing finish details, roof slopes, windows, doors, the *grade*, the maximum *building height* line, ridge height, spatial separations and natural and finished *grade* to comply with the *building code* and to illustrate that the *building* or *structure* conforms with the City zoning and development *permit* ;
- i) include cross-sectional details drawn at an appropriate scale and at sufficient locations to illustrate that the *building* or *structure* substantially conforms to the *building code*;

- j) include copies of approvals required relating to health and safety aspects of the work, including, without limitation, sewage disposal *permit* s, highway access *permit* s and Ministry of Health approvals;
- k) include a *foundation* and excavation design prepared by a *registered professional* in accordance with the *building code*, when required by the *building official*;
- l) include geotechnical letters of assurance, in *addition* to a required geotechnical report, if the *building official* determines that the site conditions so warrant;
- m) include one set of drawings in a digital format as prescribed by the *building official* and two sets of drawings at a suitable scale of design including the information set out in (f) to (i) of this section; and
- n) include a *building code* compliance summary including the applicable edition of the *building code*, such as, without limitation, whether the *building* is designed under Part 3 or Part 9 and compliance with article 2.2.2.1(2), Division C of the *building code*.

10.5. In *addition* to the requirements of section 10.4 of this Part, if a project involves:

- a) two or more *buildings*, the gross floor areas of which in the aggregate total more than 1000 square metres;
- b) two or more *buildings* that will contain four or more dwelling units; or
- c) otherwise if the complexity of the proposed *building* or *structure* or siting circumstances warrant,

a *building official* may require the following to be submitted with a *permit* application for the construction of each *simple building* in the project:

- d) a section through the site showing *grades*, *buildings*, *structures*, parking areas and driveways;
- e) a roof plan and roof height calculations;
- f) structural, electrical, plumbing, mechanical or fire suppression drawings prepared and sealed by a *registered professional*;
- g) letters of assurance in the form of Schedule B referred to in Division C of the *building code*, signed by a *registered professional*; and
- h) any other information required by the *building official* or the *building code* to establish substantial compliance with this bylaw, the *building code* and other bylaws and enactments relating to the *building* or *structure*.

Site and Location Information

10.6. Without limiting sections 10.2(f) or 10.4(d) of this Part, the *building official* may in writing require an *owner* to submit an up-to-date plan or survey prepared by a registered British Columbia land surveyor which contains sufficient information respecting the site and location of any *building* to:

- a) establish, before construction begins, that all the provisions of this bylaw in relation to this information will be complied with;
- b) verify, on completion of the construction, that all provisions of this and other applicable bylaw have been complied with;
- c) in relation to an *existing building*, substantiate its location, size, including appurtenances whether above, at or below ground level, relative to the site or its relationship to neighbouring *grades*; and
- d) in relation to construction of a new *building*, or *addition* to an *existing building*, prior to and after the placement of concrete for *foundations* and footings, show the elevation at proposed top of concrete on all *building* elevations and at all significant changes of elevation to substantiate its size, location and elevation,

and every person served with a written requirement under this section must comply with the requirement.

Building Permit Fee

- 10.7. Before receiving a *building permit* for a *building* or *structure*, the *owner* must first pay to the City,
- a) the *building permit* fee prescribed in the City's Fees and Charges Bylaw; and
 - b) any fees, charges, levies or taxes imposed by the City and payable under an enactment at the time of issuance of the *building permit*.

Security Deposit with Building Permit Application

- 10.8. An applicant for a *building permit* must pay to the City, at the time of the application, the security deposit as prescribed in the City's Fees and Charges Bylaw.
- 10.9. The security deposit sum set out in section 10.8 of this Part:
- a) covers the cost borne by the City to maintain, restore or replace any public works or public lands which are destroyed, damaged or otherwise impaired in the carrying out of the work referred to in any *building permit* held by the applicant;
 - b) covers the cost borne by the City to make the site safe if the *permit* holder abandons or fails to complete the work as designated on the *permit*;
 - c) serves as the security deposit for provisional *occupancy* when such a final inspection notice makes provision for a security deposit; or
 - d) serves as a security deposit to effect compliance with any condition under which the *permit* was issued.
- 10.10. The security deposit or applicable portion must be returned to the applicant:
- a) when the *building official* is satisfied that no further damage to public works or public lands will occur;
 - b) when the inspections required by this bylaw are complete and acceptable to the *building official* and the City's engineering director; and
 - c) when the conditions or provisions of a provisional certificate of *occupancy* are completed to the satisfaction of the *building official*;
- only if the applicant has requested the return of the security.
- 10.11. Any credit greater than the amount of the security deposit used by the City for the purposes described in sections 10.8 to 10.10 of this Part will be returned to the *permit* holder unless otherwise so directed by the *permit* holder. Any amount in excess of the security deposit required by the City to complete corrective work to public lands, public works, or the site is recoverable by the City from the *permit* holder, the *constructor* or the *owner* of the property.
- 10.12. If the proposed work includes excavation or construction on lands within 10 metres of works or services owned by the City, the *owner* must deliver to the *building official* a signed agreement in a form prescribed by the City's Director of Engineering and Public Works or designate under which the *owner* acknowledges and agrees that any damage to municipal works or services arising from the construction associated with the *building permit* will be repaired by the *owner* at its expense and to the satisfaction of the Director of Engineering and Public Works or designate, and the *owner* must deposit with the City security in accordance with sections 10.8 to 10.11 of this Part.

Permit Fee Refunds

- 10.13. No fee or part of a fee paid to the City may be refunded if construction of the *building* has started.
- 10.14. A *building permit* or other *permit* fee may be partially refunded as per the City's Fees and Charges Bylaw, only if:
- a) the *owner* has submitted a written request for a refund;
 - b) the *building official* has certified a start has not been made on the construction of the *building* or *structure*; and
 - c) the *permit* has not expired.
- 10.15. A *building permit* or other *permit* fee is not refundable after the *permit* has been extended under section 10.46 of this Part.

Design Modification

- 10.16. If an issued *building permit* or other *permit* is active and the *owner* proposes modification to the *building* design whereby the value of the work does not increase or the value of the work decreases, the *owner* must pay to the City a *building permit* fee based on the greater of:
- a) the plan review hourly rate set out in the Fees and Charges Bylaw; or
 - b) the fee set in the City's Fees and Charges Bylaw for changes made to plans after the initial plan check was completed.

Construction Before Permit Issued

- 10.17. The *building permit* or other *permit* fee is doubled for every *permit* application if construction commenced before the *building official* issued a *permit*, to a maximum of \$10,000.00.

Expiration of Application for a Permit

- 10.18. A *building permit* or a plumbing *permit* application expires 180 days from the date a complete application is received under this Part if the *building permit* or plumbing *permit* is not issued by the application expiration date, unless the *permit* is not issued only due to delays caused by the City.

Issuance of a *Building Permit*

- 10.19. If:
- a) a completed application in compliance with sections 10.2 and 10.3 or sections 10.4 and 10.5 of this Part, including all required supporting documentation, has been submitted;
 - b) the *owner* has paid all applicable fees set out in sections 10.7 to 10.17 of this Part and the City's Fees and Charges Bylaw;
 - c) the *owner* or his or her representative has paid all charges and met all requirements imposed by any other statute or bylaw;
 - d) the *owner* has retained a professional engineer or geoscientist if required under this bylaw;
 - e) the *owner* has retained an architect if required under this bylaw; and
 - f) no covenant, agreement, resolution or regulation of the City requires or authorizes the *permit* to be withheld,
- the *building official* must issue the *permit*, in the form prescribed by the *building official*, for which the application is made, and the date of issuance is deemed to be the date the City gives written notice to the *owner* that the *permit* is ready to be picked up by the *owner*.
- 10.20. Despite section 10.19, the *building official* may refuse to issue a *permit* when the *owner* has been notified of a violation of this bylaw about the construction of another *building* or *structure* by the *owner*.
- 10.21. A *building official* may issue an excavation and/or *foundation permit* prior to the issuance of a *building permit* for a Part 3 Building.
- 10.22. Each *building*, *structure*, or plumbing system to be constructed on a site requires a separate *permit* and shall be assessed a separate *permit* fee in accordance with the fees and charges bylaw.

Compliance with the Homeowner Protection Act

- 10.23. If the application is in respect of a *building* that includes, or will include, a residential *occupancy* governed by the *Homeowner Protection Act*, the *building permit* must not be issued unless the *owner* provides evidence under section 30(1) of the *Homeowner Protection Act*, that the proposed *building*:
- a) is covered by home warranty insurance; and
 - b) the *constructor* is a licensed "residential builder" as defined in that Act; or
 - c) will be built by an exempted *owner* builder or otherwise exempted by regulation from the requirement to be covered by the home warranty insurance.

- 10.24. Section 10.21 of this Part does not apply if the *owner* is not required to be licensed and to obtain home warranty insurance in accordance with sections 20(1) or 30(1) of the *Homeowner Protection Act*.
- 10.25. Every *permit* is issued subject to the *owner* and *constructor* maintaining compliance with the *Homeowner Protection Act* and negotiations under it during the term of the *permit*.

Partial Construction

- 10.26. If a site has been excavated under a *building permit* for excavation issued under this bylaw and a *building permit* is not subsequently issued or a subsisting *building permit* has expired under section 10.45, but without the construction of the *building* or *structure* for which the *building permit* was issued having commenced, the *owner* must fill in the excavation to restore the original gradients of the site within 60 days of being served notice by the City to do so.
- 10.27. If a *building permit* has expired and partial construction has progressed, with no extension requested of the *building official* under section 10.48, permanent type fencing with privacy screen complying with the City's Zoning Bylaw, must be erected around the *building* site for protection to the public.

Conditions of a Building Permit

- 10.28. A *building permit* or an application for a *building permit* that is in process may not be transferred or assigned until the *owner* has notified the *building official* in writing, the *building official* has authorized the transfer or assignment in writing and the *owner* has paid the non-refundable fee required under the City's Fees and Charges Bylaw. The transfer or assignment of a *building permit* is not an extension of a *building permit*.
- 10.29. The review of plans and supporting documents and issuance of a *building permit* do not prevent the *building official* from subsequently requiring the correction of errors in the plans and supporting documents, or from prohibiting *building* construction or *occupancy* being carried on when in violation of this or another bylaw.

Inspections

- 10.30. If a *registered professional* provides letters of assurance in accordance with this Part, the City will rely solely on *field reviews* undertaken by the *registered professional* and the letters of assurance submitted pursuant to this bylaw and the *building code* as assurance that the construction substantially conforms to the design, plans and specifications and that the construction complies with the *building code*, this bylaw and other applicable enactments respecting safety.
- 10.31. Despite section 10.30 of this Part, a *building official* may attend the site from time to time during the course of construction to ascertain that the *field reviews* are taking place and to monitor the *field reviews* undertaken by the *registered professionals*.
- 10.32. A *building official* may attend periodically at the site of the construction of *simple buildings* or *structures* to ascertain whether the work is being carried out in substantial conformance with the *building code*, this bylaw and any other applicable enactments concerning safety.
- 10.33. For all work in respect of *simple buildings* the *owner* must give at least 48 hours' notice to the City when requesting an inspection and must obtain an inspection and receive a *building official's* written acceptance of the following aspects of the work prior to concealing them:
- after demolition, the grading of and removal of debris from the site;
 - excavation, within 24 hours of the start of *excavation*;
 - foundation* and footing forms, before concrete is placed;
 - prior to inspection under section 10.33(e), plumbing located below the finished slab level;
 - the preparation of ground, including ground cover when required, perimeter insulation on inside of concrete *foundation* walls and reinforcing steel;
 - after inspection under section 10.33(e) hydronic heating pipes and below slab insulation;
 - installation of rough-in plumbing before it is covered;
 - installation of *building* services before being covered;
 - Installation of radon rough-in before it is covered;

- j) rough in of factory built chimneys and fireplaces and solid fuel burning appliances;
 - k) framing prior to the installation of insulation, interior finishes, sheathing paper or exterior finishes which would conceal such work;
 - l) insulation and vapour barrier; and
 - m) the *health and safety aspects of the work* and the conservation, GHG emission reduction and accessibility aspects of the work when the *building* or *structure* is substantially complete, ready for *occupancy* but prior to *occupancy*.
- 10.34. A *building official* will only carry out an inspection under section 10.31 if the *owner* or the *owner's agent* has requested the inspection in writing in accordance with this bylaw.
- 10.35. Despite the requirement for the *building official's* acceptance of the work outlined in section 10.33, if a *registered professional* provides letters of assurance, the City will rely solely on *field reviews* undertaken by the *registered professional* and the letters of assurance submitted pursuant to this bylaw as assurance that the aspects of the construction referenced by those letters of assurance substantially conform to the design, plans and specifications and that the construction complies with the *building code*, this bylaw and other applicable enactments respecting safety.
- 10.36. No person may conceal any aspect of the work referred to in section 10.31 of this bylaw until a *building official* has *accepted* it in writing.
- 10.37. For work in respect of *complex buildings*, the *owner* must:
- a) give at least 48 hours' online or written notice to the City when requesting a preconstruction meeting with the *building official* prior to the start of construction, and the *owner* or his or her representative must ensure that the coordinating registered professional, the *constructor*, as well as representatives of major trades, are in attendance;
 - b) give at least 48 hours' online or written notice to the City when requesting a pre-*occupancy* coordinated by the coordinating *registered professional* or other *registered professional* to have the *owner*, the *constructor* and the *registered professionals* demonstrate to the *building official* and Fire Services the compliance with the health and safety aspects of the work, the coordination and integration of the fire and life safety system, applicable City requirements and other enactments respecting safety and the conservation, GHG emission and accessibility aspects of the work; and
- cause the coordinating registered professional, at least 48 hours prior to the pre-*occupancy* coordinated site review coordinated by the coordinating registered professional, to deliver to the *building official* the Confirmation of Required Documentation, complete with all documentation in digital pdf format and, if required by the *building official*, in a hard covered three ring binder.

Stop Work Order

- 10.38. The *building official* may direct the immediate suspension or correction of all or a portion of the construction on a *building* or *structure* by attaching a stop work order notice in the form prescribed by the *building official* on the premises whenever it is found that the work is not being performed in accordance with the requirements of the *building code*, any applicable bylaw of the City or the applicable provisions of the Homeowner Protection Act.
- 10.39. The coordinating *registered professional* may request, in writing, that the *building official* order the immediate suspension or correction of all or a portion of the construction on a *building* or *structure* by attaching a stop work order notice on the premises. The *building official* must consider such a request and, if not acted upon, must respond, in writing, to the coordinating *registered professional* and give reasons.
- 10.40. If a registered professional's services are terminated, the *owner* must immediately stop any work that is subject to his or her design or *field review* and the *building official* is deemed to have issued a stop work order under section 10.38.
- 10.41. The *owner* must immediately, after the posting of a notice under section 10.38, secure the construction and the lands and premises surrounding the construction in compliance with the safety requirements of every statute, regulation or order of the Province or of a provincial agency and of every applicable bylaw of the City.
- 10.42. Subject to section 10.38, no work other than the required remedial measures may be carried out on the parcel affected by the notice referred to in section 10.38 until the stop work order notice has been removed by the *building official*.

- 10.43. The notice referred to in section 10.38 must remain posted on the premises until that which is contrary to the enactments has been remedied.

Do Not Occupy Notice

- 10.44. If a person occupies a *building* or *structure* or part of a *building* or *structure* in contravention of this bylaw, a *building official* may post a Do Not Occupy Notice in the form prescribed by the *building official* on the affected part of the *building* or *structure*.
- 10.45. If a notice is posted under section 10.44, the *owner* of a parcel on which a Do Not Occupy Notice has been posted, and every other person, must cease *occupancy* of the *building* or *structure* immediately and refrain from further *occupancy* until all applicable provisions of the *building code* and this bylaw have been substantially complied with and the Do Not Occupy Notice has been rescinded in writing by a *building official*.

Inspection and Other Fees

- 10.46. In *addition* to the fees required under other provisions of this bylaw, the *owner* must pay the non-refundable fee set out in the City's Fees and Charges Bylaw for:
- a) a second and each subsequent re-inspection where it has been determined by the *building official* that due to non-compliance with the provisions of this bylaw or due to non-complying work, more than one site visit is required for any required inspection;
 - b) a special inspection during the City's normal business hours to establish the condition of a *building*, or if an inspection requires special arrangements because of time, location or construction techniques; and
 - c) inspection required under this bylaw which cannot be carried out during the City's normal business hours.

Permit Expiration

- 10.47. Every *permit* is issued on the condition that the *permit* expires and the rights of the *owner* under the *permit* terminate if:
- a) the work authorized by the *permit* is not commenced within one year from the date of issuance of the *permit*;
 - b) work is discontinued for a period of 180 days; or
 - c) the work is not completed within two years of the date of issuance of the *permit*.

Permit Extension

- 10.48. A *building official* may extend the period set out under section 10.45 for only one period, not to exceed twelve months, if construction has not been commenced or has been discontinued due to adverse weather, strikes, material or labour shortages, other similar hardship beyond the *owner's* control, or if the size and complexity of the construction warrants, if:
- a) application for the extension is made at least 30 days prior to the date of *permit* expiration; and
 - b) the non-refundable fee set out in the City's Fees and Charges Bylaw has been paid.

Building Permit Revocation

- 10.49. The *building official* may revoke a *building permit* if there is a violation of:
- a) a condition under which the *permit* was issued; or
 - b) a requirement of the *building code* or of this or another bylaw of the City,
 - c) such *permit* revocation must be in writing and sent to the *permit* holder by signature mail to, or personal service on, the *permit* holder.

Building Permit Cancellation

- 10.50. A *building permit*, or a *building permit* application, may be cancelled by the *owner*, or his or her *agent*, on delivery of written notification of the cancellation to the *building official*.

- 10.51. On receipt of the written cancellation notice, the *building official* must mark on the application, and a *permit* if applicable, the date of cancellation and the word "cancelled".
- 10.52. If the *owner*, or his or her *agent*, submits changes to an application after a *permit* has been issued and the changes, in the opinion of the *building official*, substantially alter the scope of the work, design or intent of the application in respect of which the *permit* was issued, the *building official* may cancel or amend the *permit* and mark on the *permit* the date of cancellation or amendment and the word "cancelled" or "amended".
- 10.53. If a *building permit* application or *permit* is cancelled, and construction has not commenced under the *permit*, the *building official* must return to the *owner* any fees deposited under the City's Fees and Charges Bylaw, less:
- a) any non-refundable portion of the fee; and
 - b) 15% of the refundable portion of the fee.

Occupancy

- 10.54. No person may occupy a *building* or *structure* or part of a *building* or *structure* until an *occupancy permit* has been issued by a *building official*.
- 10.55. An *occupancy permit* will not be issued unless:
- a) all letters of assurance have been submitted when required in accordance with this bylaw;
 - b) all aspects of the work requiring inspection and acceptance pursuant to sections 7.13 to 7.15 of Part 7 of this bylaw have both been inspected and *accepted* or the inspections and acceptance are not required in accordance with this bylaw;
 - c) the *owner* has delivered to the City as-built plans of works and services in digital format as prescribed by the *building official*;
 - d) All aspects of the work requiring inspection and review pursuant to Part 9 and sections 10.30 through 10.37 of this bylaw have both been inspected and *accepted*;
 - e) the *owner* has executed and delivered to the City every agreement, instrument or form required by the City in relation to the work or the site;
 - f) all required onsite or offsite works respecting health and safety have been completed;
 - g) all other documentation required under applicable enactments has been delivered to the City; and
 - h) the *owner* has delivered to the City as-built drawings of the *building* or *structure* in digital format as prescribed by the *building official*.
- 10.56. When a *registered professional* provides letters of assurance in accordance with this bylaw, the City will rely solely on the letters of assurance when issuing a final report authorizing *occupancy* as assurance that the items identified on the letters of assurance substantially comply with the design, the *building code*, this bylaw and other applicable enactments respecting safety.

Temporary Buildings

- 10.57. Subject to the bylaws of the City and orders of Council, the *building official* may issue a *building permit* for the erection or placement of a *temporary building* or *structure* for *occupancy* if:
- a) the *permit* is for a period not exceeding one year; and
 - b) the *building* or *structure* is located in compliance with the City's zoning bylaw, built in compliance with the *building code* and this bylaw, and connected, as required by enactments, to City utility services.
- 10.58. An application for a *building permit* for the erection or placement of a *temporary building* or *structure* must be made in the form of a *building permit* application, signed by the *owner* or *agent*, and must include:
- a) plans and supporting documents showing the location and *building height* of the *building* or *structure* on the parcel;
 - b) plans and supporting documents showing construction details of the *building* or *structure*;
 - c) a statement by the *owner* indicating the intended use and duration of the use;

- d) plans and supporting documents showing the proposed parking and loading space;
 - e) a written description of the project explaining why the *building* is temporary;
 - f) a copy of an issued development *permit* , if required;
 - g) in the case of a manufactured *building*, a CSA label in respect of manufacture and, without limitation, a Quonset or other steel *building* must be certified in accordance with CSA Standard A660;
 - h) a report or drawing by an engineer, architect or designer confirming compliance with the *building code*, this bylaw, the City's zoning bylaw and other applicable bylaws;
 - i) security in the form of cash or a letter of credit for 10% of the value of the *temporary building*, which security:
 - i may be used by the City to remove the *building* after one year of the date of the final inspection required under this bylaw; or
 - ii must be returned to the *owner* if the *owner* removes the *temporary building* within one year of the date of the final inspection of the *temporary building* required under this bylaw; and
 - j) in the case of a *temporary building*, information to comply with article 1.1.1.1(2)(f), Division C of the *Building code*.
- 10.59. Before receiving a *building permit* for a *temporary building* or *structure* for occupancy, the *owner* must pay to the City the applicable *building permit* fee set out in the City's Fees and Charges Bylaw.
- 10.60. A *permit* fee for a *temporary building* or *structure* is not refundable.

Sanitary Facilities

- 10.61. An application for a plumbing *permit* must be made in the form of a plumbing *permit* application in the form prescribed by the *building official* , signed by the *owner* or *agent*, and must include:
- a) the number of fixtures to be installed in the *building* or *structure*;
 - b) specifications and a suitable drawing of the plumbing system with respect to multi-family, institutional, commercial, and industrial *buildings* showing:
 - i site services, size and location of pipes;
 - ii site drainage, size and location of pipes, catch basins and dry wells;
 - iii total fixture load on sanitary sewer and water supply systems;
 - iv sanitary riser diagram complete with fixture loads at the base of the stacks; and
 - v rain water leaders, size of pipe and area of roof drained;
 - c) any, and all other information necessary to establish compliance with this bylaw; and
 - d) mechanical drawings designed and stamped by a Professional Engineer registered in the Province of British Columbia, for *complex buildings* and *buildings* with complex plumbing systems as determined by the *building official*.

11. PART 11: RETAINING WALLS AND GRADES

- 11.1. No person may construct, or structurally repair, a *retaining wall* without a *building permit* .
- 11.2. Except as certified by a professional engineer with expertise in geotechnical engineering registered in the province of British Columbia, fill material placed on a parcel, unless restrained by *permit* ted *retaining walls*, must not have a surface slope exceeding a ratio of one linear unit vertically to two linear units horizontally.
- 11.3. Without limiting section 11.2, no person may occupy a *building* unless the finished *grade* complies with all applicable enactments.

12. PART 12 BUILDING MOVE

- 12.1. No person may move a *building* or *structure* into or within the City:
- a) except where certified by a *registered professional* that the *building*, including its *foundation*, will substantially comply with the current version of the *building code*; and

- b) a *building permit* has been issued for the *building* or *structure*.

13. PART 13: NUMBERING OF BUILDINGS

- 13.1. Immediately upon issuance of a *building permit* governing the construction, *alteration* or repair of a *building*, or prior to and during the *occupancy* of a *building*, the *owner* or occupant must display the address number assigned to it by the City:
 - a) on or over the entrance to the *building* or where landscaping or *structures* obscure the visibility of a *building* entrance from the adjacent highway, on the *building* property within sight of the adjacent highway; and
 - b) until such time as the *building* is removed from the site or has been demolished.
- 13.2. Despite section 13.1, the City's Director of Engineering or the Director of Development Services may renumber or alter the assigned numbers in respect of any *building* on any parcel, including those already in existence or numbered.
- 13.3. Without limiting sections 13.1 or 13.2, the *building official* must, on the issuance of a *building permit*, designate a house number or set of house numbers related to the *building* authorized by the *permit*. The *owner* or occupier must post the number or numbers on the site immediately after obtaining the *building permit* and keep the numbers posted in a conspicuous location at all times during construction.
- 13.4. Without limiting sections 13.1 through 13.3, on issuance of an *occupancy permit*, the *owner* or occupier of the parcel must affix the numbers permanently in accordance with the following requirements:
 - a) Affixed in a permanent conspicuous place on the *building* such that the numbers may be easily read from the adjacent highway from which the property takes its address and, if applicable, from an adjacent lane;
 - b) Colour of numbers must highly contrast with background colour to maximize visibility;
 - c) Each number shall be at least 100mm in height and installed at least 1.8m above *grade*.
