14. Temporary Parking Regulations

14.1 Temporary parking regulations may be established by the City for any highway, municipal parking lot or other municipal property to permit essential work to be carried out, civic function or to deal with an emergency or with special circumstances.

14.2 Temporary parking regulations established in accordance with section 14.1 take effect when signage has been installed in appropriate locations which provide public notice, and cease to be in effect when the signage is removed.

15. Short Term Parking Permits

15.1 The Corporation may, upon application, issue temporary permits authorizing parking for a specified time on a highway for a short term basis to persons who meet the eligibility criteria and pay the applicable fee, as set out in the Fees and Charges By-law.

15.2 Every temporary permit made under section 15.1 shall be subject to the terms and conditions as established by the Corporation for the use of those spaces.

15.3 Every temporary permit shall be considered invalid, except if when being used;

(a) it has a current validation date, and

(b) it is being used only for the area and/or space for which the temporary permit is issued.

15.4 No person shall park a vehicle in an area or space without a temporary permit on a highway that is identified by appropriate means.

16. Unauthorized Area Parking

16.1 No person shall park a vehicle in an unauthorized area

17. Sign Installation and Placement

17.1 All signs shall be authorized by the Corporation subject to the Highway Traffic Act and regulations thereunder.

17.2 The Director of Public Works and Environmental Services or designate shall have the authority;

(a) to install, place or maintain any sign required to give effect to this By-law as approved by Council;

(b) To place or erect and to maintain, pursuant to the Highway Traffic Act and regulations thereof, temporary signs, to prohibit parking, standing or stopping of vehicles as required for road maintenance or emergencies.

- 17.3 The Ontario Provincial Police Detachment Commander, or Fire Chief for the Corporation or their designates may authorize the placement of temporary signs, to prohibit parking, standing or stopping of vehicles as required, for emergencies.
- 17.4 The Clerk or Director of Public Works and Environmental Services may authorize the placement of temporary signs, to prohibit parking, standing or stopping of vehicles as required, for emergencies, civic functions or special circumstances that are deemed to be sufficient for the placement of such signs.
- 17.5 Signs on private property shall be provided by and at the expense of the property owner and shall be installed and maintained in good condition by the owner, as required by the Corporation.
- 17.6 No person shall place, maintain, or display upon or in view of any road or upon private property, any sign, signal, marking or device, which purports to be, or is an imitation of, or resembles an official sign or traffic control signal, or which conceals from view or interferes with the effectiveness of an official sign or traffic control signal, unless the Corporation has expressly consented to the placement.

18. Exemptions

- 18.1 The requirements of this By-law shall not apply to;
- (a) ambulances, police or fire department vehicles or public utility emergency vehicles while said vehicles are responding to an emergency call, or
 - (b) vehicles actually engaged in works undertaken for or on behalf of the Corporation and such work is being done at a place subject to this By-law.
- 18.2 Parking, stopping and standing provisions in subsections; 4.4(g), 4.5(f), 4.6(a), 4.7(a), 4.8(a), 4.10(a), 4.11(a), 4.12(a) do not apply to:

 - (b) a bus when the bus is parked, stopped or standing in a bus stop.
- 18.3 Standing and stopping provisions for fire routes and fire lanes in section 7.6(a) and (b) do not apply to a school bus when the school bus is standing or stopped in order to actively load or unload students, provided that the operator of the school bus is in attendance on the bus during all of the time the bus is standing or stopped.
- 18.4 Parking and standing provisions of sections 4.6(a), 4.8(a), 4.11(a) do not apply to a parking space reserved for a specific person or purpose when official signs to that effect are displayed.
- 18.5 Parking provisions for heavy vehicles of section 4.4(e) do not apply to agricultural vehicles when engaged in agricultural practices.
- 18.6 Despite sections 4.4(c),(g), and (h) and, 4.5(f), and (l) parking spaces may be established and marked out by the Corporation, as necessary.
- 18.7 Temporary parking regulations established in accordance with section 14.1 take precedence over the provisions of this by-law in the event of a conflict.
- 18.8 Section 5.4 does not prohibit an officer from enforcing parking infractions on private property. Despite Section 5.4, an Officer may enforce parking infractions on private property.

18.9 Parking provisions for oversized vehicles do not apply when parked for the purposes of delivery or while such vehicles are being used in conjunction with construction, maintenance or repair which necessitates the parking of the vehicle on the highway.

19. Vehicle Towing

19.1 Despite any other penalty imposed by this By-law an Officer issuing a Parking Infraction Notice may have the vehicle moved or removed and/or impounded at the owner's expense.

19.2 Despite any other penalty imposed by this By-law an Officer may, without having issued a Parking Infraction Notice, cause a vehicle to be moved or removed and/or impounded at the owner's expense:

(a) if such vehicle is parked so as to interfere with road maintenance, emergency services or is blocking access to property, or;

(b) if such vehicle is parked or left contrary to any provision of this by-law, or

(c) if the vehicle is a derelict vehicle.

19.3 A Corporation Fire Department Officer upon discovery of a vehicle parked so as to interfere with the carrying out of emergency fire procedures may cause the vehicle to be moved or removed and/or impounded at the owner's expense, without a Parking Infraction Notice having been issued.

19.4 Despite section 19.1, no Officer or Private Property Officer may impound or remove a vehicle parked or left on private property except:

(a) where a vehicle is blocking access to the private property and upon written request from the owner of the property delivered to the Officer issuing the Parking Infraction Notice, or

(b) where a vehicle is parked in a Fire Route or stopped in a Fire Lane in contravention to section 7.6.

19.5 Section 19.4 does not apply to allow towing under this By-law, by private property owners or their employees or agents who have been appointed as Private Property Officers for the purposes of enforcement of this By-law on private property, unless the appointment so specifies.

19.6 All vehicle removal, moving or impounding charges and costs for removing, care and storage, or moving thereof, if any, incurred under this by-law shall become a lien upon the vehicle and may be enforced pursuant to the Repair and Storage Lien Act R.S.O. 1990, c. R 25 as amended or any successor legislation.

20. Offences and Penalties

20.1 Any person who contravenes the provisions of this By-law is guilty of an offence and, upon conviction, is subject to a penalty and all such penalties shall be recoverable pursuant to the provisions as provided in the Provincial Offences Act.

20.2 If a vehicle has been left parked, stopped or standing in contravention of this by-law, the owner of the vehicle, even though the owner was not the driver of the vehicle at the time of the contravention of the by-law, is guilty of an offence and, upon conviction, is subject to a fine as provided in the Provincial Offences Act unless, at the time of the

offence, the vehicle was in the possession of some person other than the owner without the owner's consent.

20.3 Each day a vehicle is parked, stopped or standing, in contravention to this by-law, is a separate offence except that of the time period of 11:00 PM to 6:00 AM in section 8.1 shall be considered as the same day.

20.4 Every person to whom a Parking Infraction Notice has been issued alleging that a provision of this By-law has been contravened, may pay a voluntary reduced penalty for that offence to the Corporation within 10 days of the date that the parking infraction notice was issued.

20.5 Despite section 20.1, any person who contravenes this by-law with respect to parking a vehicle in an accessible parking space without displaying a valid accessible parking permit is guilty of an offence and, upon conviction, is liable to a fine, as required by section 427 of the Municipal Act.

21. Validity

21.1 If a court of competent jurisdiction declares any provision, or any part of a provision, of this by-law to be invalid, or to be of no force or effect, the provision or part is deemed severable from the remainder of the By-law, and it is the intention of Council in enacting this By-law that the remainder of the By-law be applied and enforced in accordance with its terms to the extent possible according to law.

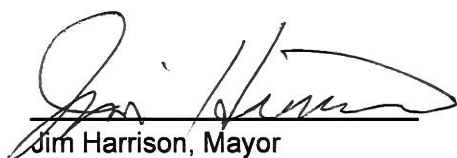

22. Repeals

22.1 That By-law Numbers 12-124, 13-20, 13-82, 13-129, 13-142, 14-24, 14-61, 15-037, 15-143, 16-006, 16-030, 16-039, 16-043, 16-079, 16-144, 17-059, 17-107, 17-135, 18-040, 21-009, 21-032, 21-067, 21-068 and 21-115 shall be repealed upon this By-law coming into force and effect.
