SECTION II ZONES AND ZONE REGULATIONS

1. The City of Port Coquitlam is divided into the zones indicated on Schedule A.
2. Except as indicated on Schedule A, the boundaries of zones corresponding with highways or railways are the centrelines of the rights of way for the highways or railways, and where the boundary of a zone does not otherwise follow a legally defined line and its location is not otherwise defined, the location of the boundary shall be determined by scaling from Schedule A.
3. References in this Bylaw to Flood Construction Level plans shall be interpreted as references to the plans in Schedule B.
4. References in this Bylaw to CD zone plans shall be interpreted as references to the plans in Schedule C.
5. Where a table in this Bylaw specifies permitted uses:
 - a. No person shall use land, a building or a structure for a use that is not specifically permitted in the zone in which the land, building or structure is located;
 - b. No person shall cause, permit, suffer, let or allow land, a building or a structure to be used for a use that is not specifically permitted in the zone in which the land, building or structure is located; and
 - c. No building or structure may be constructed or erected for a use that is not permitted on the land on which the building would be located. For that purpose, a building official may require a building permit applicant to identify the intended use of a proposed building or structure.
6. Without limiting the generality of Section II, the following uses are specifically prohibited in all zones:
 - a. The residential use of a lot with an area of less than 0.4 ha (0.99 ac) that is not serviced by community water and community sewer systems;
 - b. Auto wrecking and auto salvage when conducted outside a building; adult entertainment businesses; escort services; massage parlours; gaming establishments; pawnshops;
 - c. Mobile homes and float homes;
 - d. Cannabis dispensaries, compassion clubs, and all other premises in which cannabis product is kept or offered for sale or consumption on the premises other than residential premises in which cannabis is produced as authorized by the *Cannabis Distribution Act*, a licensed pharmacy, a facility for cannabis product manufacturing, a cannabis production facility or a cannabis retail outlet;
 - e. The keeping or offering for sale of bongs or pipes designed or intended to be used for the smoking or other consumption of a substance the possession of which is subject to the *Controlled Drugs and Substances Act (Canada)*; and
 - f. Prize fighting, kick boxing and other martial arts contests, mud wrestling, exotic dancing, bikini contests, and similar entertainment of a violent or sexual nature, when conducted in liquor primary or food primary licensed establishments.

- g. Premises used entirely or principally for prescribing, or for the sale or dispensing, of methadone, suboxone, other opioid substitutes, or opioids.
 - h. A facility with the intention to receive the discharge of waste water from the hold of a recreation vehicle or trailer when constructed on a residential property.
 - i. Premises that are age-restricted or entirely or principally used for the display or sale of vapour products or e-substances when located within 2.5 kilometres from another such premise.
7. All uses related to firearms and ammunition including but not limited to manufacturing, processing, testing, wholesale and retail sales, importation, shipping, rental, repair, storage and display of firearms and ammunition, instruction in the use of firearms, and the operation of shooting ranges are prohibited within all zones, except that:
- a. Storage, sale and display of firearms and ammunition are permitted in commercial zones to the extent specified in Section 3.3; and
 - b. The following are permitted in residential premises to the extent permitted in the *Firearms Act* (Canada), the *Explosives Act* (Canada) and regulations made under those statutes:
 - i. Storage and display of properly licensed and registered firearms;
 - ii. Storage of ammunition for personal use;
 - iii. Manufacture of ammunition for personal use;
 - iv. Maintenance and repair of properly licensed and registered firearms excluding any discharge of the firearm prohibited by Bylaw No. 1220;
 - v. Non-commercial acquisition and disposition for personal use, including by lending, of properly licensed and registered firearms; and
 - vi. Provision of non-commercial instruction in the use of firearms and ammunition, not including the discharge of firearms.
8. Where a table in this Bylaw specifies a building height, no building or structure may be constructed that exceeds the height specified for the zone in which the building or structure is located, other than communications antennas and towers, flagpoles, elevator penthouses, stair towers, guardrails, and rooftop-mounted mechanical equipment that is visually screened.
9. Where a table in this Bylaw specifies a building depth, no building may be constructed that exceeds the building depth specified for the zone in which the building is located.
10. Where a table in this Bylaw specifies a setback in relation to a lot line, street or highway, no building or structure may be constructed or erected nearer to the lot line, street or highway than the distance specified for the zone in which the building or structure is located, except for:
- a. Ornamental architectural features extending not more than 0.6m into the setback area;
 - b. Mechanical features extending not more than 0.6m into the setback area;
 - c. Cantilevered structural features at least 0.6m above finished grade extending not more than 0.6m into an interior side setback area or 1.2m into any other setback area.

Provided that the total length of all completely enclosed projections from the face of a building shall not exceed 50% of the total length of the building wall from which they project;

- d. Stairs extending not more than 2.4m into a front or rear setback area and not more than 1.2m into an exterior side setback area;
 - e. Shading devices, roof eaves and overhangs extending not more than 0.6m into an interior side setback area or 1.2m into any other setback area in the RS zones;
 - f. Shading devices, roof eaves and overhangs extending not more than 0.9m into the setback areas of all RTh, RRh and RA zones;
 - g. Structures providing weather protection over the primary pedestrian entry to an apartment building provided that the structure shall be at least 1m from any lot line;
 - h. In-ground swimming pools, provided that the pool is not within the front setback and is not less than 1.2m from any other lot line in the RS zones;
 - i. Underground structures, provided that any portion of the structure that is above finished grade is sited at least 1.2m from any lot line and no part of the structure is located on or within 5m of any land with a grade exceeding 20% measured over a horizontal distance of 6m;
 - j. Fences; and
 - k. Freestanding lighting poles, warning devices, antennas, masts, spires, utility poles, wires, flagpoles, and signs and sign structures complying with the City's sign regulations.
 - l. Exterior below grade stair, light, patio and window wells extending not more than 1.2m into a front yard and a rear yard in the RS zones.
- 11. Where a table in this Bylaw specifies lot coverage, the lot coverage of all buildings and structures on a lot may not exceed the lot coverage specified for the zone in which the lot is located.
 - 12. Where a table in this Bylaw specifies a floor area ratio, the ratio between the total floor area of buildings on a lot and the area of the lot may not exceed the floor area ratio for the zone in which the lot is located.
 - 13. Where a table in this Bylaw specifies a lot area, lot width, lot frontage or lot depth, no lot may be created by subdivision that has an area, width, frontage or depth less than the amount specified for the zone in which the lot being subdivided is located.
 - 14. Where a table in this Bylaw specifies a minimum lot frontage in metres, the minimum frontage must be equal to or greater than the specified frontage.
 - 15. Where a table in this Bylaw expresses a minimum lot frontage as a percentage, the lot frontage must be equal to or greater than the specified percentage of the perimeter of the lot.
 - 16. Where a table in this Bylaw specifies impervious surface area, the area of all impervious surfaces on a lot may not exceed the impervious surface area specified for the zone in which the lot is located.

Notes to Table 1.4

- Note 1. The lot coverage for all Type 1 agricultural structures may be increased by up to 40%, up to a maximum of 75%, for greenhouses.
- Note 2. The floor area of a farm education and research facility is limited to 100 m².
- Note 3. Agricultural structures must be sited:
- A minimum of 30 m from all sand points, wells and streams;
 - For a type 2 agricultural structure, at least 45 m from lots in a residential zone; and
 - Or a Type 2 agricultural structure that involves a cannabis production facility, at least 150 m from all lots zoned P1 – Civic Institutional or P2 – Parks and Natural Area or designated in the Official Community Plan as Park or Park Reserve.
- Note 4. The production surface area in a structure for cannabis production with a base consisting entirely of soil is limited to 200 m².
- Note 5. Floor area comprising a crawl space for a farm residence may be excluded from the floor area calculation.

1.5 ADDITIONAL REGULATIONS

- A farm residence and all farm residence accessory facilities must be located within the farm home plate.
- The area of the farm home plate is limited to the greater of 10% of the lot area or 1000 m² up to a maximum of 2000 m².
- A farm residence must be entirely located within an area no more than 50 m from the front lot line or the exterior side lot line, whichever provides access to the farm residence.
- Farm residence accessory facilities on lots with a lot width of more than 33 m must be entirely located within an area no more than 60 m from the front lot line or the exterior side lot line, whichever provides access to the farm residence.
- Within a farm residence, portions of floor other than stairwells that are more than 4.3 m measured from the floor to the ceiling shall be counted twice in the calculation of the floor area ratio.

6. Cooking and sanitary facilities in a Type 1 or Type 2 agricultural structure cannot be located above the first storey of the building or in a mezzanine, and, in the case of sanitary facilities, are limited to one sink and a one toilet unless it can be demonstrated to the satisfaction of the building official that additional facilities are required for specific farm purposes.
7. A crawl space shall not include any windows or external door openings.

Notes to Table 2.3

Note 1 The symbol ■ indicates that the use is permitted in the zone in question. The symbol S indicates that the use is permitted in the zone at a specified location.

- Note 2. Accessory dwelling units are not permitted on lots that are exempt under sec. 481.4 of the *Local Government Act*, on lots within a transit-oriented area as prescribed by the *Local Government Transit-Oriented Areas Regulation* and the *Designation of Transit-Oriented Areas Regulation* and at 2227, 2235, 2243, 2247, 2251, 2253 and 2259 Manning Avenue, 2226, 2238, 2246, 2254, 2256 and 2260 Fraser Avenue and 3067 and 3075 Shaughnessy Street.
- Note 3. Duplexes are not permitted on lots that are exempt under sec. 481.4 of the *Local Government Act*, on lots within a transit-oriented area as prescribed by the *Local Government Transit-Oriented Areas Regulation* and the *Designation of Transit-Oriented Areas Regulation* and at 2227, 2235, 2243, 2247, 2251, 2253 and 2259 Manning Avenue, 2226, 2238, 2246, 2254, 2256 and 2260 Fraser Avenue and 3067 and 3075 Shaughnessy Street.
- Note 4. A triplex is a permitted use on lots within 400m of a prescribed bus stop as shown in Schedule D except on lots that are exempt under sec. 481.4 of the *Local Government Act*, on lots within a transit-oriented area as prescribed by the *Local Government Transit-Oriented Areas Regulation* and the *Designation of Transit-Oriented Areas Regulation* and at 2227, 2235, 2243, 2247, 2251, 2253 and 2259 Manning Avenue, 2226, 2238, 2246, 2254, 2256 and 2260 Fraser Avenue and 3067 and 3075 Shaughnessy Street.
- Note 5. Permitted agricultural uses in the RS3 zone do not include mushroom growing or the keeping of fur bearing animals or the keeping of swine, poultry, or other livestock other than for household use or consumption.
- Note 6. Boarding uses are limited to two boarders per dwelling unit in single, duplex, triplex, townhouse and rowhouse dwellings. One boarder is permitted per apartment dwelling provided that the apartment has at least two bedrooms and two bathrooms. Boarding uses are not permitted in secondary suites, accessory dwelling units or in dwelling units used for short-term rental accommodation.
- Note 7. Community care uses in the RS1 and RS3 zones are limited to the care of 10 persons per parcel of land and must be located at least 300m from any other such facility fronting on the same street measured between the two closest lot boundaries.
- Note 8. In RS1 zones, the number of unrelated persons living together as a single household may be up to 10 at the following locations:
- a. Lot 9, Block 3, District Lot 479, New Westminster District, Plan 2134 (3237 Liverpool Street); and
 - b. Lot 21, Block 29, District Lot 464, New West District, Plan NWP 2039 (3135 Oxford Street).
- Note 9. Office use in the RS1 zone is limited to Lot 9, Block 3, District Lot 479, New Westminster District, Plan 2134 (3237 Liverpool Street) associated with the operation of a community care facility or recovery home.
- Note 10. A parking lot use is permitted in the RS3 zone only on Lot 3 District Lot 255, NWD, Plan 22343 (1840 McLean Avenue).
- Note 11. For information, accessory child care facilities are subject to the regulations of Section III, Supplementary Regulations.

- Note 12. For information, accessory home businesses are subject to the regulations of Section III, Supplementary Regulations.
- Note 13. For information, accessory hobby beekeeping is subject to the regulations of Section III, Supplementary Regulations.
- Note 14. Townhouse use, as permitted and regulated by the RTh4 zone, is a permitted use on RS1, RS2, RS3 and RS4 zone lots which have a minimum lot area of 1,360m² and meet one of the following three criteria:
1. Has an Official Community Plan Townhouse land use designation.
 2. Has an Official Community Plan Residential land use designation, lot depth greater than 40 m, abuts a collector or arterial road, and abuts a lane.
 3. Has an Official Community Plan Small Lot Residential land use designation, lot depth greater than 40 m, abuts a collector or arterial road, and abuts a lane.

Notes to Table 2.4:

Note 1. Building heights in RS zones are limited to a maximum of 3 storeys including basements.

Note 2. The lot coverage may be increased to 55% for triplexes on lots within 400m of a prescribed bus stop.

Note 3. In the calculation of floor area ratio in RS and RRh zones:

- a. Up to 46 m² of floor area may be excluded for an attached garage or carport per single residential use or per rowhouse dwelling unit;
- b. Up to 23 m² of floor area may be excluded for an attached garage or carport per accessory dwelling unit or per principal dwelling unit for a duplex or triplex use;
- c. Up to 90 m² of floor area may be excluded for the dwelling unit of an Accessory Dwelling Unit;
- d. Floor area comprising a crawl space may be excluded;
- e. In RS zones portions of floor area other than stairwells that are more than 4.3 m measured from the floor to the ceiling shall be counted twice.

Note 4. In the RS zones, the maximum floor area ratio is increased to:

- a. 0.60 for a single residential use that includes a secondary suite;
- b. 0.75 for a duplex use with or without a secondary suite in each principal dwelling; and
- c. 1.0 for a triplex use with or without a secondary suite in each principal dwelling.

Note 5. In the RS and RRh zones, setbacks are measured to the principal building only.

Note 6. In RS zones the front setback may be reduced to 4.0m if the lot has access to a lane or if parking is only located to the rear of the principal building or if the lot is within 400m of a prescribed bus stop.

Note 7. In RS zones the minimum rear setback may be reduced to 6.0m for triplexes on lots within 400m of a prescribed bus stop.

Note 8. The depth of a principal building in an RS zone may not exceed 20m, except the depth may be exceeded for decks extending not more than a combined total of 4m beyond the exterior surface of the building.

Note 9. In RTh1, RTh2 and RTh3 zones the interior side setback must be at least 3.5m in the case of a building wall having a window to a habitable room.

Note 10. Interior side setbacks are not required in relation to a lot boundary at which dwelling units in RRh zones have a common wall. Where the end dwelling unit of a rowhouse in the RRh zones has only interior side lot lines, a side yard of not less than 1.8m is required toward the lot line where no common wall is proposed.

- Note 11. In RA1 zones the maximum lot coverage may be increased by 15% of the proportion of required off street parking that is provided underground or within a structure, up to 50%.
- In RA2 zones the maximum lot coverage may be increased by 25% of the proportion of required off street parking that is provided underground or within a structure, up to 60%.
- Note 12. In the calculation of floor area ratio in RA1 and RA2 zones, the following may be excluded as floor area:
- Floor area comprising entrances, elevator shafts, stairwells and hallways common to two or more dwelling units, electrical rooms and mechanical rooms;
 - Exterior balconies and decks;
 - Floor area within a basement or underground structure;
 - Floor area within the building used for required off street parking and bicycle parking; and
 - 2m² of floor area in an adaptable dwelling unit.
- Note 13. In RA1 zones the maximum floor area ratio may be increased by 75% of the proportion of required off street parking other than visitor parking that is provided underground or within a structure, up to 1.75.
- Note 14. In RA2 zones the maximum floor area ratio may be increased by 150% of the proportion of required off street parking other than visitor parking that is provided underground or within a structure, up to 2.5.
- Note 15. In RA1 zones the interior side setback must be at least 7.5m in the case of a building wall having a window to a habitable room.

2.5 ADDITIONAL REGULATIONS

DRIVEWAY ACCESS

- Vehicle access to a lot in RS zones for parking and garage access purposes is restricted to a lane where the lot abuts a lane opened for and in vehicular use by the public.

DENSITY OF DEVELOPMENT

- In the RS zones, up to 3 dwelling units may be permitted on a lot that is 280 m² or less.
- In the RS zones, up to 4 dwelling units may be permitted on a lot that is greater than 280 m² and less than 4050 m². If that lot is within 400 m of a prescribed bus stop, up to 6 dwelling units may be permitted.
- In RRh zones, only one residential building is permitted on each lot.
- In RTh1 zones the density of development must not exceed one dwelling unit per 465m² of lot area.
- In RTh2 zones the density of development must not exceed one dwelling unit per 370m² of lot area.
- In RTh3 zones the density of development must not exceed one dwelling unit per 220m² of lot area except that:

- a. On Lots 1-145 Block 6N, Rge1E, DL 5, NWD, Plan LMS4654 (1055 Riverwood Gate) the density of development must not exceed one dwelling unit per 216.8m² of lot area;
- b. On Lots 1-71, Section 6, TWP 40, NWD PI BCS1135 (3127 Skeena St) the density of development must not exceed one dwelling unit per 300m² of lot area unless the owner contributes \$1500 per dwelling unit proposed to be constructed in excess of the number that could be constructed on a 300 m² per dwelling unit basis, to a City reserve fund for the provision of community parks, open space and recreation facilities, in which case the density of development must not exceed one dwelling unit per 220m² of lot area;
- c. On Lot 1, DL 174 Gr 1 NWD Plan LMP 34067 (2560 Pitt River Road) the lot area for each dwelling unit shall not be less than 220m² per unit based on an original size of the property of 12,600m²; and
- d. On Lot 1, DL 380, NWD, Plan Bcp30589 Group 1 (2495 Davies Avenue) the lot area for each dwelling unit shall not be less than 243.1m² unless the owner:
 - i. Contributes \$5,730 per dwelling unit proposed to be constructed in excess of the number of dwelling units that could be developed on the land on a 243.1m² of lot area per dwelling unit basis to a City reserve fund for the provision of social housing amenities; and
 - ii. Dedicates 1,062m² of property fronting Coquitlam River for a riparian reserve.

in which case the lot area for each dwelling unit shall be not less than 197.5m² based on an original combined size of the properties of 12,642m².
- e. On Lot 17, Lot A and Lot B, DL 379, NWD, Plan 2161, Except Plan PL 65023 and Lot 119, DL 379, NWD, Plan 65023 (2643, 2659, 2665 and 2669 Bedford Street), the lot area for each dwelling unit shall not exceed one dwelling unit per 220 m² of lot area unless the owner dedicates 1475.9 m² of property including Maple Creek for a riparian reserve in which case the lot area for each dwelling unit shall not be less than 192 m² based on a combined size of the properties of 6,754.2 m².
- f. On Lot 12, Block 6 North, Section 5, Range 1 East, NWD, PL 22835; Lot 9, Block 18, Section 5, NWD, PL 19372; Lot 10, Block 6 North, Section 5, Range 1 East, NWD, PL 19372; Lot 11, Block 6, Section 5, NWD, PL 19372 (843, 867, 889 and 913 Dominion Avenue), the lot area for each dwelling unit shall not be less than 220m² unless the owner contributes \$12,571 per dwelling unit proposed to be constructed in excess of the number of dwelling units that could be developed on the land on a 220m² of lot area per dwelling unit basis to a City reserve fund for the provision of community amenities and social housing amenities in which case:
 - i. The lot area for each dwelling unit on Lot 1 shall not be less than 175.33m² per unit based on a Lot 1 parcel size of 11,397.06m² ; and
 - ii. The lot area for each dwelling unit on Lot 2 shall not be less than 140.57m² per unit based on a Lot 2 parcel size of 6,887.98m².
- g. In the Dominion Riverfront Neighbourhood, the density of development must not exceed:
 - i. On Lot 1, one dwelling unit per 195m² plus an accessory single residential unit for a caretaker;

- ii. On Lot 3, one dwelling unit per 171m²;
 - iii. On Lot 4, one dwelling unit per 156m²;
 - iv. On Lot 6, one dwelling unit per 180m²;
 - v. On Lot 8, one dwelling unit per 163m²; and
 - vi. On Lot 9, one dwelling unit per 150m².
- h. On the site comprised of Lots 14, 15 and 16, DL 465, Group 1, NWD, Plan 1189 (2131, 2133 and 2135 Prairie Avenue), the lot area for each dwelling unit shall not be less than 220m² unless the owner contributes \$8,750 per dwelling unit proposed to be constructed in excess of the number of dwelling units that could be developed on the land based on 220m² of lot area per dwelling unit to a City reserve fund for the provision of community and social housing amenities, in which case the lot area for each dwelling unit shall be not less than 202m² per unit based on the site area of 3,441m².
- i. On the site comprised of Lots 28, 29, 30 and 31, District Lot 465, Group 1, New Westminster District, Plan 1189 (2144, 2148, 2152 and 2154 Salisbury Avenue), the lot area for each dwelling unit shall not be less than 220 m² unless the owner contributes \$17,500 per dwelling unit proposed to be constructed in excess of the number of dwelling units that could be developed on the land based on 220 m² of lot area per dwelling unit basis to a City reserve fund for the provision of community amenities and social housing amenities, in which case the lot area for each dwelling unit shall be not less than 208 m² per unit based on the combined size of properties of 4,591 m².
- j. - 2-3 No part of an accessory building shall be used for human habitation.
- 2-4 An accessory building may contain a sink and a toilet, but not a shower or a bathtub.
- 2-5 In A and RS zones, the combined floor area of detached accessory buildings and structures, such as detached carports, garages and sheds, must not exceed the lesser of 12% of the lot area or 90m².
- 2-6 No detached accessory building or structure in a residential zone shall have a building depth of more than 7.5 m.
- 2-7 An accessory building or structure, other than a tree house with a floor area of less than 10 m², in a residential zone must not exceed a height of:
 - a. 3m measured to the highest point of a flat roof or to the top of the peak for a pitched roof with a slope of less than 4 in 12;
 - b. 4.2m to the top of the peak of a pitched roof with a slope of 4 in 12 or more but less than 5 in 12;
 - c. 4.5m to the top of the peak of a pitched roof with a slope of 5 in 12 or more but less than 6 in 12; or
 - d. 4.8m to the top of the peak of a pitched roof with a slope of 6 in 12 or more.
- 2-8 No part of an accessory building or structure, other than a special event facility in a residential zone shall be sited within:
 - a. 1.2m of any lane or rear property line excluding projections, eaves and gutters which may project an additional 0.6m;

- b. A triangular area measured 5m each way from the point of intersection of any lane with any street or other lane;
 - c. A front setback area specified for the zone;
 - d. An interior or exterior side yard specified for the zone excluding projections, eaves and gutters which may project an additional 0.6m; or
 - e. In the case of an accessory building or structure with a floor area exceeding 10m² , within 1.5m of a principal building.
- 2-9 No accessory building or structure, other than a special event facility, in a zone other than a residential zone shall be sited within:
- a. a front setback area specified for the zone; or
 - b. 3m of a lot line abutting a residential zone.
- 2-10 No accessory building or structure, other than a tent, in a zone other than a residential zone shall exceed 4.5m in height.
- 2-11 If an accessory building is attached in any way to a principal building, whether by a breezeway, a trellis, a covered walkway or any other structural connection, it shall be considered to be part of the principal building for the purposes of the siting and floor area ratio provisions of this Bylaw.
- 2-12 No shipping container shall be used, placed or stored on any lot unless the shipping container:
- a. is located in an industrial, institutional or comprehensive development zone with industrial or institutional uses;
 - b. complies with the siting requirements for the zone as if it were an accessory building or structure; and
 - c. is used only for shipping purposes except where the container is substantially and permanently modified to serve as a building material and is in compliance with the requirements of the BC Building Code.
- 2-13 No storage container shall be used, placed or stored on any lot unless:
- a. The storage container is located in an agricultural, heavy industrial, general industrial, district commercial, institutional or comprehensive development zone with these uses;
 - b. The storage container is used only for storage purposes;
 - c. In agricultural zones, the storage container is used for storage of agricultural products or equipment;
 - d. The storage container is not sited within the front or exterior side setback areas;
 - e. The number of storage containers is limited to the greater of 2 storage containers per lot or 1 storage container per 0.4 ha of lot area, up to a maximum of 4; and
 - f. The storage container is not stacked.

- 2-14 No tent structure shall be used, placed or stored on any lot unless:
- a. The tent structure is located in an agricultural, heavy industrial, general industrial, institutional or comprehensive development zone with these uses; and
 - b. In agricultural zones, the tent structure is used for agricultural purposes.

3. PARKING AND STORAGE OF VEHICLES AND EQUIPMENT

- 3-1 In an agricultural zone or residential zone, no mobile home, boat, trailer, contractor's equipment, dismantled or inoperative motor vehicle or other equipment of a similar nature may be parked, stored, assembled or dismantled outside of a completely enclosed building other than the following, which may be parked or stored but not assembled or dismantled:
- a. One light truck or commercial vehicle;

 - c. One boat or other vessel not exceeding a length of 8m; and
 - d. One recreational trailer, utility trailer, or recreational vehicle not exceeding a length of 10m nor used as a dwelling unit.

4. SCREENING, LANDSCAPING, OUTDOOR STORAGE AND FENCES

- 4-1 Landscaping required by this Bylaw must be planted to the BC Landscape Standard and maintained in accordance with generally accepted landscape maintenance practices.
- 4-2 The following areas must be fully and suitably landscaped and properly maintained in Institutional, Comprehensive Development, Commercial and Residential zones except RS zones:
- a. All those portions of a front setback area not used for access driveways;
 - b. Any part of a lot not used for building, parking or loading facilities or usable open space; and
 - c. The side setback area abutting a lot designated for residential use in the Official Community Plan or separated from such a lot by a street or lane.
 - d. All parking areas, loading areas and outdoor display areas must be separated from any abutting street or lot designated for residential use in the Official Community Plan by a landscaped area not less than 2m wide.
 - e. Parking and loading areas must be separated from abutting lots designated for residential use in the Official Community Plan, and from lanes separating the areas from such lots, by landscape screen of at least 2 m high.
- 4-3 Except as specifically permitted in this Bylaw, fences and walls not exceeding a height of 1.2m may be sited on any portion of a lot and fences and walls up to a height of 2.5m may be sited on that portion of a lot that is to the rear of the front setback area.

- 4-4 Notwithstanding Subsection 4.5, a decorative fence feature such as a fence arbor is permitted in the front setback area, and limited to a maximum height of 2.5m, maximum width of 2m, and maximum depth of 1m.
- 4-5 In the A zone, a fence for an agricultural use to the rear of the front setback area is not subject to a height limit.
- 4-6 That portion of a fence, wall, landscape screen or any other landscaping that is located within a triangular area measured 5 m each way from the point of intersection of a street or lane with any other street or lane must not exceed a height of 1 m. For clarity, parking spaces and outdoor storage are not permitted within this area.

5. ACCESSORY HOME BUSINESSES

- 5-1 Accessory home businesses in dwelling units must comply with the following regulations:
