GUIDE TO USING THE BYLAW

The Land Use Bylaw establishes the regulations on how land can be developed (that is, how land can be used and buildings can be either constructed or moved in) in the Town of Calmar. Regulations vary depending on the location and types of development. Other Bylaws or regulations of the Town, Province or Federal Government must also be followed.

There are several parts of the Land Use Bylaw that need to be examined to understand how it works. First, the Land Use Bylaw maps divide the Town into various Land Use Districts. Second, the text of the Land Use Bylaw details the uses that are allowed in each District. Third, the text provides additional regulations that apply to certain uses and/or within certain Districts. The following steps may assist the user:

Locate the subject property on the Land Use District maps. These maps divide the Town into various Land Use Districts. Each Land Use District has a designation such as “R1” for RESIDENTIAL (SINGLE DETACHED) or “P” for PARKS AND RECREATION. Take note of which Land Use District the subject property is located in. Also note if the subject property is affected by an Area Structure Plan which may modify some of the uses and regulations of the land Use Bylaw or impose additional regulations. PLEASE NOTE: Land Use Districts are often referred to as “Zones” or “Zoning.” In order to conform to the language of the Municipal Government Act, this document uses the terms “District” and “Districting.”

Check the table of contents and locate the Land Use District you are interested in. Each Land Use District is listed in Section 9. In each Land Use District you will find a list of permitted and discretionary uses, subdivision regulations, development regulations and other miscellaneous regulations. This determines how and what can be developed in any given Land Use District. There are definitions in Section 1.3 that should also be consulted to ensure that words and terms used in the Land Use Bylaw are understood.

Review the table of contents to see if there are any general regulations that apply to the situation or use in question. For example, Section 5 describes enforcement procedures. Section 7.1 contains general regulations about accessory buildings and Section 8.13 contains special provisions concerning Home Occupations, just to name a few.

Discuss your proposal/concern with Planning and Development staff. Town staff are well trained and eager to assist you with your development/subdivision or general inquiry issues and to explain procedures. They can also assist with other situations such as enforcement or a Land Use Bylaw amendment.

NOTE: THIS PAGE IS INTENDED ONLY TO ASSIST USERS AND DOES NOT FORM PART OF THIS BYLAW.

1 GENERAL ADMINISTRATIVE PROCEDURES

1.1 TITLE

The title of this Bylaw shall be the Land Use Bylaw of the Town of Calmar.

1.2 PURPOSE

The purpose of this Bylaw is to regulate and control the use and development of land and buildings within the Town to achieve the orderly and economic development of land, and for that purpose amongst other things:

1. to divide the Town into districts;
2. to prescribe and regulate for each district the purposes for which land and buildings may be used;
3. to establish a method of making decisions on applications for Development Permits including the issuing of Development Permits;
4. to provide the manner in which notice of the issuance of a Development Permit is to be given; and
5. to establish the number of dwelling units permitted on a parcel of land.

1.3 INTERPRETATION

In this Bylaw:

1. “Abattoirs” means premises where livestock or game is slaughtered and the meat is cut, cured, smoked, aged, wrapped or frozen for distribution.
2. “Abut or abutting” means immediately contiguous or physically touching, and, when used with respect to a lot or site, means that the lot or site physically touches upon another lot or site, and shares a property line or boundary line with it.
3. “Accessory building” means a building separate and subordinate to the principal building, the use of which is incidental to that of the principal building and located on the same parcel of land. An accessory building does not include shipping containers or tented structures. However, shipping containers may be used as a building material in the construction of an accessory building if the end use of the proposed building meets Alberta Building and Safety Code requirements for an approved accessory building (*Amended by Bylaw 2018-12*);
4. “Accessory use” means a use customarily incidental and subordinate to the principal use or building and located in the same parcel of land with such principal use or building;
5. “Act” means the Municipal Government Act, R.S.A. 2000, c. M-26;

- 6. "Adjacent land" means land that is contiguous to a particular parcel of land and includes:
 - a. land that would be contiguous if not for a highway, road, river or stream, and
 - b. any other land identified in this Bylaw as adjacent for the purpose of satisfying **Section 3.12** of this Bylaw;

7. "Adult entertainment" means an establishment which provides live entertainment for its patrons, which includes the display of nudity.

8. "Adult exclusive use" means any of the following: Adult Bookstore, Adult Motion Picture Theatre, Adult Paraphernalia Store, Adult Video Store, and Live Nudity Establishment or any other business or establishment characterized by an emphasis depicting, describing or related to sexual conduct or excitement. For the purposes of this definition, an adult use is any use or combination of uses which either have greater

than twenty-five percent (25%) of the subject establishment's inventory stock; or twenty-five percent (25%) of the subject premises' gross floor area, or 18.6 m² (200 ft²), whichever is greater, devoted to materials for sale or rent distinguished by or characterized by their emphasis depicting, describing, or relating to sexual conduct or sexual excitement.

- 9. "Agricultural industry" means an industrial activity involving the processing, cleaning, packing or storage of the results from agricultural production. Agricultural industry includes, but is not restricted to, seed cleaning and/or processing plants, and grain elevators, but does not include the manufacture of processed foods resulting from agricultural production or abattoirs.
- 10. "Agricultural operation" means an agricultural operation as defined in the Agricultural Operation Practices Act.
- 11. "Agricultural production" means the production of an agricultural operation. It shall also mean the agricultural product storage, service facilities and farmsteads which relate to the individual farm unit.
- 12. "Agriculture, extensive" means the use of land or buildings, including one dwelling, for an agricultural operation, but not including intensive agriculture or a confined feeding operation which requires either a registration or an approval under Part 2 of the Agricultural Operations Practices Act.
- 13. "Agriculture, intensive" means an agricultural operation which operates on an intensive basis. Without restricting the generality of the foregoing, this shall include nurseries, greenhouses, hydroponic and aquaponics operations, but not confined feeding operations.
- 14. "Alcohol retail sales" means an establishment or that part of an establishment possessing a Class D liquor license which is used for the retail sales of any and all types of alcoholic beverages to the public for consumption off premises. This use may include as well as the sale of alcohol the retail sales of related products such as soft drinks and snack foods;

15. "Amateur radio communication" means the use of a communication tower/antenna by a licensed amateur radio operator for the purpose of reception and transmission of radio signals;
16. "Amenity area" means an area which is developed for the active or passive recreation and enjoyment of the occupants of a dwelling or dwellings. Such area may be for either private or communal use and may be under either individual or common ownership;
17. "Amenity area, communal" means an amenity area which shall be provided in accordance with the regulations in this Bylaw but which must be developed for the active or passive recreation and enjoyment of all occupants of a building. Such area must be for communal use and accessible by all occupants of a building it is intended to serve. Amenity areas may include: landscaped areas, patios, balconies, communal lounges, swimming pools, play areas and similar uses but does not include any area occupied at grade by a building's service areas, parking lots, aisles or access driveways'
18. "Amenity area, private outdoor" means an amenity area which shall be provided in accordance with the regulations in this Bylaw but which must be developed for the active or passive recreation and enjoyment of the residents of a specific dwelling unit and which is immediately adjacent to and directly accessible from the dwelling unit it is intended to serv. Amenity areas may include: landscaped areas, patios, balconies, communal lounges, swimming pools, play areas and similar uses but does not include any area occupied at grade by a building's service areas, parking lots, aisles or access driveways;
19. "Amusement establishment, indoor" means a development providing recreational facilities inside an enclosed building with table games and/or electronic games played by patrons for entertainment. Indoor amusement establishments include billiard parlours and electronic games arcades with tables and/or games and bowling alleys;
20. "Amusement establishment, outdoor" means a development providing recreational facilities outdoors played by patrons for entertainment. Outdoor amusement establishments include amusement parks, go-cart tracks, and miniature golf courses. However, outdoor amusement establishments do not include drive-in motion picture theatres, carnivals or circuses;
21. "Amusement game machine" means an electronic or non-electronic device such as a pin-ball machine, an air hockey game, a foosball game, or a video game which is played by persons for recreation or for amusement, usually after depositing either currency or purchased tokens into the game machine. For the purposes of this Bylaw, amusement game machines also includes Provincially-licensed video-lottery terminals and slot machines, and similar devices, whether or not they are used as gambling devices;
22. "Animal breeding and/or boarding facility" means an establishment for the keeping, breeding, housing, exercising, training, and/or raising of three (3) or more animals over six months in age, that are not livestock for profit or gain. Animal breeding and/or boarding facilities shall include: kennels and animal shelters but shall not apply to the keeping of animals in a veterinary clinic (small or large) for the purpose of observation and/or recovery necessary to veterinary treatment (*Amended by Bylaw 2018-12*);
23. "Animal shelter" see "Animal breeding and/or boarding facility" (*Amended by Bylaw 2018-12*);
24. "Apiary" means a place where beehives are kept. For the purposes of this Bylaw the location of the apiary will be determined by the location of the beehives rather than the legal boundaries of the legal boundary of the parcel of land accommodating the hives;

25. "Area Structure Plan" means a plan adopted by Council as an Area Structure Plan pursuant to the Act;
26. "Assisted care housing" means a residential multi-unit building designed to provide long term housing wherein residents, who because of their circumstances, cannot or do not wish to maintain their own households, are provided with meal services and may also receive such services as housekeeping and personal care assistance. Typical uses include seniors' lodges and nursing homes;
27. "Auctioneering establishment" means a development specifically intended for the auctioning of goods and equipment, including the temporary storage of such goods and equipment. Auctioneering establishments do not include flea markets;
28. - e. materials, goods and equipment are stored and/or transhipped, and/or
- f. materials, goods and equipment are distributed and/or sold to institutions and/or industrial and commercial businesses for their direct use and/or to general retail establishments and/or other retail establishments for resale to individual customers, and/or
- g. personnel are trained in all industrial operations, in such a manner, in the opinion of the Development Authority, that an adverse environmental impact is not created beyond the interior of the buildings located on the site of the light industrial use, which does not produce significant toxic or noxious by-products, and which is compatible with other industrial and commercial uses in a concentrated setting. Light industrial uses include motor vehicle body and paint shops, but do not include the preparation of food and/or beverages for direct sale to the public.

Any indoor display, office, technical or administrative support areas or any retail sale operations shall be accessory and subordinate to the light industrial use activities identified above. The floor area devoted to such accessory activities shall not exceed a total of 33% of the total floor area of the building or buildings devoted to the light industrial use, except that this restriction shall not apply where, in the opinion of the Development Authority, a significant portion of the industrial activity naturally and normally takes place outdoor.

Industrial use, light uses do not include heavy petrochemical industrial uses or a Cannabis Facility. *(Amended by Bylaw 2018-17)*

161. "Industrial use, medium" means development which involves the manufacturing, processing, fabrication, storage, transportation, distribution or wholesaling of goods and services, where no adverse environmental impact (noise, smoke, odour, dust or vibration) takes place beyond the boundaries of the lot on which the medium industry is located. For the purpose of this bylaw, dust refers to that which is produced as a result of the land use of the lot, rather than that which is produced as a result of travelling to and from the lot. This use does include Cannabis Production and Distribution Facilities (licensed and operating pursuant to applicable provincial and federal legislation).

Any indoor display, office, technical or administrative support areas or any retail sale operations shall be accessory and subordinate to the medium industrial use activities identified above. The floor area devoted to such accessory activities shall not exceed a total of 33% of the total floor area of the building or buildings devoted to the medium industrial use, except that this restriction shall not apply where, in the opinion of the

Development Authority, a significant portion of the industrial activity naturally and normally takes place outdoor. *(Amended by Bylaw 2018-17)*

 - m. anticipated residence location of employees;
 - n. municipal servicing costs associated with the development;
 - o. physical suitability of site with respect to soils, slopes and drainage;
 - p. if a subdivision is involved, the size and number of parcels and proposed phasing (if any);
 - q. servicing requirements and provisions for meeting them;
 - r. costs associated with providing new or upgraded municipal services associated with the development, and/or any other information as may be reasonably required by the Development Authority.

3.10 TEMPORARY COMMERCIAL & RECREATIONAL DEVELOPMENT PERMIT APPLICATION REQUIREMENTS

1. In addition to the information requirements indicated in **Section 3.4** and **Section 3.6**, the Development Authority shall require each application for a temporary commercial & recreational development permit application to be accompanied by the following information:
 - a. the type of temporary commercial and/or recreation development;
 - b. the estimated duration of the development and hours of operation for each day the development is to remain;
 - c. the anticipated number of participants, spectators and volunteers, as applicable;
 - d. proposed vehicle access to and parking within the site;

- e. anticipated route(s) to the site from provincial highways;
 - f. internal vehicular traffic and pedestrian flow plan;
 - g. emergency management plan;
 - h. location of any temporary camp sites;
 - i. location of any temporary tents or other structures;
 - j. location of permanent and temporary potable water sources;
 - k. location of permanent and temporary sewage disposal facilities;
 - l. location and details of cooking facilities;
 - m. location and anticipated number of commercial vendors;
 - n. copies of insurance for the development;
 - o. and/or any other information as may be reasonably required by the Development Authority.
2. Where a development permit application in any land use district is for a temporary development, the Development Authority:
 - a. may consider and decide upon a development for a specific period of time, not exceeding one year;
 - b. shall impose a condition on such a permit that the municipality is not liable for any costs involved in the cessation or removal of the development at the expiration of the time period stated in the permit; and
 - c. may require the applicant to post acceptable security guaranteeing the cessation or removal of the development, to the satisfaction of the Development Authority.
 3. The Development Authority may refer any application for a development permit for a temporary commercial and/or recreational development prior to making a decision on the application to Alberta Transportation, the local Royal Canadian Mounted Police detachment, Emergency Services, or any other person, agency, or organization as deemed necessary or suitable by the Development Authority.
 4. Where, in the opinion of the Development Authority, a proposed temporary commercial and/or recreational development will have a significant impact on surrounding properties, the Development Authority may require the applicant hold a public open house to inform affected residents and landowners of the proposed development, and to provide a written summary of public open house materials and any comments received at the public open house, prepared to the Development Authority's satisfaction, prior to considering an application complete.

3.11 WIND ENERGY CONVERSION SYSTEM DEVELOPMENT PERMIT APPLICATION REQUIREMENTS

1. In addition to the information requirements indicated in **Section 3.4**, the Development Authority shall require each application for a wind energy conversion system to be accompanied by the following information:
 - a. a fully dimensioned and scaled site plan showing and labelling information including the location of overhead utilities on or abutting the subject site, contours of the land and access roads;
 - b. a visual representation including scale elevations, photographs and/or digital information of the proposed wind energy conversion system showing total height, tower height, rotor diameter, colour and the landscape;
 - c. the manufacturer's specifications for the wind energy conversion system, including:

- i) the system’s rated output in kilowatts,
 - ii) safety features and sound characteristics, and
 - iii) type of material used in tower, place, and/or rotor construct;
- d. an analysis of the potential for noise at:
 - i. the site of installation,
 - ii. the boundary of the lot containing the development, and
 - iii. any habitable dwelling within 2.0 km (1.2 miles) of the subject site;
- e. a report regarding any public information meetings or other processes conducted by the developer;
- f. any impacts to the local road system including required approaches from public roads having regard to Town standards;
- g. a preliminary reclamation/decommissioning plan; and
- h. appropriate reports and/or approvals from:
 - i. Alberta Utilities Commission,
 - ii. Transport Canada,
 - iii. NavCanada,
 - iv. Alberta Energy, and
 - v. Alberta Environment and Parks

3.12 REFERRAL OF APPLICATIONS

1. Historical or archaeological sites identified pursuant to the Alberta Historical Resources Act shall be protected in accordance with Provincial legislation and regulations.
2. In addition to any sites identified in (1) above, an application for a development permit which may, in the opinion of the Development Authority, impact on any historical or archaeological site identified pursuant to (1) above within the Town will be submitted to Alberta Culture for comment.
3. Development permit applications within 800.0 m (2624.7 ft.) of the right-of-way of a highway may, at the discretion of the Development Authority, be referred to Alberta Transportation for comments prior to a development permit being issued.
4. Shall refer all applicable applications to the appropriate authorities according to the Act.
5. May refer any application for a development permit prior to making a decision on the application to any other person, agency, or organization as deemed necessary or suitable by the Development Authority.
6. For the purpose of this section, written notifications shall include the following:
 - a. Location and nature of the proposed development;
 - b. A copy of relevant drawings;
 - c. A location and date to submit comments; and
 - d. Any other relevant information as determined by the Development Authority.

3.13 NOTICE OF COMPLETE OR INCOMPLETE APPLICATION *(AMENDED BY BYLAW 2018-12)*

1. The Development Authority Officer shall, within twenty (20) days of the receipt of an application for a development permit, determine whether the application is complete.
2. The time period referred to in **SECTION 3.13(1)** may be extended by an agreement in writing between the applicant and the Development Authority Officer.
3. An application is complete if, in the opinion of the Development Authority Officer, the application contains the documents and other information necessary to review the application.
4. If a Development Authority Officer determines that the application is complete, the Development Authority Officer shall issue to the applicant, by means of posted letter or electronic notification, an acknowledgment that the application is complete.
5. If the Development Authority Officer determines that the application is incomplete, the Development Authority Officer shall issue, to the applicant a notice, in writing or electronically, that the application is incomplete. This notice shall list any outstanding documents and information required to review the application, and provide a date by which the documents or information must be submitted in order for the application to be considered complete.
6. If the applicant fails to submit all the outstanding information and documents on or before the date referred to in **SECTION 3.13(5)**, the Development Authority Officer must deem the application to be refused.
7. Despite that the Development Authority Officer has issued an acknowledgment under **SECTION 3.13(4)** or **SECTION 3.13(5)**, in the course of reviewing the application, the Development Authority Officer may request additional information or documentation from the applicant that the Development Authority Officer considers necessary to review the application.

3.14 DECISIONS OF DEVELOPMENT PERMIT APPLICATIONS

1. The Development Authority Officer shall: *(Amended by Bylaw 2023-05)*
 - a. receive and review all applications for a development permit;
 - b. refer, to the Council for its consideration and decision, all applications for a development permit in the Direct Control (DC) District, unless otherwise provided for in this Bylaw;
 - c. refer, at their sole discretion, to the Municipal Planning Commission for its consideration and decision, any application which in his opinion should be decided by the Commission; and
 - d. consider and decide on all other applications for a development permit.
2. In making a decision, the Development Authority may:
 - a. approve the application unconditionally,
 - b. approve the application subject to those conditions considered appropriate,
 - c. approve the application permanently or for a limited period of time, or
 - d. refuse the application.
3. The Development Authority may require that as a condition of issuing a development permit, the applicant enter into an agreement with the municipality:
 - a. to construct or pay for the construction of a road required to give access to the development;
 - b. to construct or pay for the construction of
 - i. a pedestrian walkway system to serve the development, or

- ii. pedestrian walkways to connect the pedestrian walkway system serving the development with a pedestrian walkway system that serves or is proposed to serve an adjacent development,
 - iii. or both;
 - c. to install or pay for the installation of public utilities or works, that are necessary to serve the development;
 - d. to construct or pay for the construction of
 - i. off-street or other parking facilities, and
 - ii. loading and unloading facilities;
 - e. to pay an off-site levy; and/or
 - f. to give security to ensure that the terms of the agreement are carried out.
- 4. In approving an application for a development permit, the Development Authority may impose the condition that the approved development be allowed to operate for a limited period of time, which shall be specified on the permit, and that upon the expiry of such time the use allowed shall be discontinued and any buildings that were erected as a result of the development permit shall be removed, and the site restored to its original condition prior to the issuance of the development permit.
- 5. The erection of a building on any site may be prohibited where it would otherwise be allowed under this Bylaw when, if in the opinion of the Development Authority, satisfactory arrangements have not been made by the developer for the supply of required improvements as specified under Subsection (3), including payment of the costs of installing or constructing any such facilities by the developer.
- 6. In the case where a proposed specific use of land or a building is not provided for in any District in the Bylaw, the Development Authority may determine that such use is similar in character and purpose to a permitted or discretionary use prescribed for a particular District.
- 7. An application for a development permit shall, at the option of the applicant, be deemed to be refused when a decision thereon is not made by the Development Authority within forty (40) days after receipt of the application by the Development Authority unless the applicant has entered into an agreement with the Development Authority to extend the forty (40) day period. The person claiming to be affected may appeal in writing as provided for in Part Four of this Bylaw as though he has received a refusal at the end of the forty (40) day period or any agreed-to extension thereof as specified in this Subsection.
- 8. Notwithstanding any other provisions of this Bylaw to the contrary, the Development Authority may make a decision on a development permit application without all of the information required by Subsections (1), (3) and (4) hereof or where, in his sole opinion, the information supplied by the applicant is sufficient to properly evaluate the application.
- 9. Notwithstanding any other provisions of this Bylaw to the contrary, the Development Authority refuse to accept an application for a development permit where, in his sole opinion, the information supplied by the applicant in accordance with Subsections (1), (3) and (4) hereof is insufficient to properly evaluate the application.
- 10. In the case where an application for a development permit has been refused pursuant to this Part or ultimately after appeal pursuant to Part Four of this Bylaw, at his discretion, the Development Authority may or may not accept the submission of another application for a permit on the same parcel of land and for the same or similar use by the same or any other applicant for six (6) months after the date of the refusal.

3.15 POWERS OF VARIANCE

1. In addition to the requirements of **Section 3.4**, when an application for a Development Permit application is submitted for a Permitted or Discretionary Use which does not comply with the provisions of the Bylaw, the Development Authority may request a statement from the applicant identifying the following:
 - a. that the applicant is aware that the proposed development requires a variance of this Land Use Bylaw; and
 - b. why the proposed development cannot satisfy the provisions of this Bylaw and therefore, requires the proposed variance.
2. The Development Authority may approve an application for a development permit even though the proposed development does not comply with the regulations of this Bylaw, or if the development is to be a rebuilding, an enlargement, an addition, or a structural alteration of a non-conforming building, if, in the opinion of the Development Authority:
 - a. the proposed development would not:
 - i) unduly interfere with the amenities of the neighbourhood, or
 - ii) materially interfere with or affect the use, enjoyment or value of neighbouring parcels of land; and
 - b. the proposed development conforms with the use prescribed for that land or building in this Bylaw.

Note: Use provisions cannot be varied by the Development Authority. If a proposed development does not conform to the use requirements within the applicable district, then a Land Use Bylaw amendment will be required prior to development approval.

3.16 DEVELOPMENT PERMITS AND NOTICES

1. A permit granted pursuant to this Part does not come into effect until twenty two (22) days after the date a decision or development permit is publicized as described in Subsections (3) or (4) hereof. Any development proceeded with by the applicant prior to the expiry of this period is done solely at the risk of the applicant (*Amended by Bylaw 2018-12*).
2. Where an appeal is made pursuant to **Section 4** of this Bylaw, a development permit which has been granted shall not come into effect until the appeal has been determined and the permit has been confirmed, modified or nullified thereby.
3. When a development permit has been issued for a permitted use and for a development which complies with all of the regulations of this Bylaw, the Development Authority shall immediately post a notice of the decision conspicuously in the Town municipal office for a period of twenty one (21) days (*Amended by Bylaw 2018-12*).
4. When a development permit has been issued for a discretionary use or for a permitted use which has been approved pursuant to **Section 3.4** of this Bylaw, the Development Authority shall immediately:
 - a. post a notice of the decision conspicuously on the property for which the application has been made; and/or
 - b. mail a notice in writing to all owners of land within 60.0 m (196.9 ft.) of the subject site, and to those other owners of land who, in the sole opinion of the Development Authority, may be affected; and/or

- c. publish a notice of the decision in a newspaper circulating in the municipality.
5. The notice indicated in Subsections (3) and (4) shall state:
 - a. the legal description and the street address of the site of the proposed development,
 - b. the uses proposed for the subject development,
 - c. any discretion that was granted in the approval of the development, whether by use or by interpretation of this Bylaw, and any variation or relaxation in regulation that was made by the Development Authority Officer when the development permit was approved,
 - d. the date the development permit was issued, and
 - e. how an appeal might be made to the Subdivision and Development Appeal Board.
6. If the development authorized by a permit is not commenced within twelve (12) months from the date of the issue of the development permit, and carried out with reasonable diligence, the permit is deemed to be void, unless an extension to this period is granted by the Development Authority.
7. A decision of the Development Authority on an application for a development permit shall be given in writing and a copy of it sent to the applicant.
8. When the Development Authority refuses an application for a development permit, the decision shall contain reasons for the refusal.

3.17 COMMENCEMENT AND COMPLETION

9. When a development permit has been issued by the Development Authority, it shall not be valid until the conditions of the permit, save those of a continuing nature, have been fulfilled, and no notice of appeal has been served on the Subdivision and Development Appeal board within the appeal period. For the purposes of this section, the appeal period is 14 days after the notice of decision has been published in a newspaper or posted on the property, or 21 days if such notice is given by ordinary mail, whichever occurs last.
10. A development permit expires when development is not substantially commenced, in the opinion of the Development Authority, taking into account the circumstances of the development, within twelve (12) months from the date of its issuance or within such extended period that may be granted by the Development Authority.
11. Upon application before expiry, a Development Authority may grant only one extension of the effective period and the extension period shall not be longer than twelve (12) months.
12. When a permit expires, a new application is required. Such application shall be dealt with as a first application and there shall be no obligation to approve it on the basis that a previous permit had been issued.
13. If a use is intended to be discontinued for a continuous period of six (6) months, any subsequent use of the land or building shall comply with this Bylaw and shall require a new development permit.
14. A Development Authority may suspend or revoke a permit when:
 - a. The permit was issued on the basis of incorrect information or misrepresentation by the applicant;
 - b. The permit was issued in error;
 - c. Requested by the applicant; or
 - d. The development has not been completed within the required time period. All developments related to residential uses shall be completed within twenty-four (24) months of the issuance of a development permit unless otherwise prescribed on the development permit.

3.18 VALIDITY OF PERMITS

1. When a development permit has been granted by the Development Authority, it shall not be valid unless and until the conditions of the permit, save those of a continuing nature, have been fulfilled and no notice of appeal has been served on the Subdivision and Development Appeal Board within the appeal period.
2. When the Subdivision and Development Appeal Board has approved a development permit, the permit shall not be valid until the decision of the Board is issued in writing.
3. If the Subdivision and Development Appeal Board is served with notice of an application for leave to appeal its decision, such notice shall suspend the development permit, except where approval has been granted for a permitted use or, where a license, permit, approval or other authorization is granted by the Natural Resource Conservation Board, Energy Resources Conservation Board or Alberta Utilities Commission to the extent that the application complies with the license, permit, approval or other authorization granted. The final determination of an appeal, except for those applications approved as a permitted use and/or, by the Natural Resource Conservation Board, Energy Resources Conservation Board or Alberta Utilities Commission, shall validate, amend or revoke, as the case may be, a suspended development permit.
4. Notwithstanding any other provisions of this Bylaw to the contrary, if the Development Authority discovers that a decision made by him on a development permit application was either:
 - a. incorrect, that is, not in compliance with the provisions and requirements of this Bylaw, or
 - b. based on information which was subsequently determined to be incorrect or misunderstood by the Development Authority,

the Development Authority may rescind the approval of the development permit. In such a circumstance, the appeal period provided for under Part Four of this Bylaw begins from the date the applicant is advised that the permit approval has been rescinded.

3.19 DEVELOPER'S RESPONSIBILITY

1. A person to whom a development permit has been issued shall obtain from the appropriate authority where applicable, permits relating to building, grades, sewers, sanitary and storm water disposal, water mains, electricity and all other permits required in connection with the proposed development.
2. The applicant shall be financially responsible during construction for any damage by the applicant, his/her servants, suppliers, agents or contractors to any public or private property.
3. The applicant shall prevent excess soil or debris from being spilled on public road allowances, streets, lanes and sidewalks.
4. No building or use shall be used or occupied and no change in the existing occupancy classification of a building shall be made until the developer, proposed user or proposed occupant of said building or use demonstrates that substantial completion, as determined by the Development Authority, has been undertaken.

3.20 ON-SITE AND OFF-SITE SERVICES AND IMPROVEMENTS

1. Where any on-site services or improvements, or any off-site local improvements are required to service a proposed development, a developer shall not begin the work nor commence the development until the Development Authority is satisfied that such services or improvements will be undertaken according to the standards and specifications of the Town. In order to satisfy the Development Authority, the developer will be required to enter into a development agreement with the Town as a condition of development permit approval.
2. The Development Authority may refer plans for on-site services or improvements, or any off-site local improvements to public works, the Town's engineers or other qualified professional for review in order to determine that the proposed improvements will be undertaken according to the standards and specifications of the Town. Any costs associated with external review will be borne by the proponent of the development.
3. All future development areas must be serviced to the satisfaction of the Development Authority.
4. All infrastructure improvement costs associated with the development will be borne by the proponent of the development.

4 APPEALS

4.1 APPEAL PROCEDURE

1. Any person applying for a development permit or affected by an order may appeal, subject to the provisions of the Act and the Subdivisions and Development Appeal Board Bylaw, to the Subdivision and Development Appeal Board, when:
 - a. The Development Authority does not render a decision within forty (40) days of receipt of the completed application;
 - b. The Development Authority does not render a decision within the specified time granted by the applicant in writing past the forty (40) day limit;
 - c. The Development Authority issues a development permit subject to conditions; or
 - d. The Development Authority does not receive the outstanding information and documents on or before the date referred to in subsection 3.13(5) (*Amended by Bylaw 2018-12*).
2. The Development Authority issues a stop order under **Section 5.1** of this Bylaw.
3. The person applying for the permit or affected by the order, under Subsection (1), or any other person affected by an order, decision or development permit of a Development Authority may appeal to the Subdivision and Development Appeal Board.
4. Notwithstanding Subsection (1) above, if a development permit is issued directly by the Council, there shall be no appeal to the Subdivision and Development Appeal Board.
5. Notwithstanding Subsection (1) above, no appeal lies in respect of the issuance of a development permit for a permitted use unless the provisions of this Bylaw were relaxed, varied or misinterpreted.
6. An appeal shall be made by serving a written notice of appeal, together with the appeal fee as determined by Council and reasons for the appeal, to the Secretary of the Subdivision and Development Appeal Board within twenty-one (21) days after (*Amended by Bylaw 2018-12*):
 - a. the date a notice of the decision or permit issued by the Development Authority was given in accordance of this Bylaw; or
 - b. the date an order was given; or
 - c. the forty (40) day period or any extension has expired.

4.2 APPEAL HEARING

1. Within thirty (30) days of receipt of a notice of appeal, the Subdivision and Development Appeal Board shall hold an appeal hearing respecting the appeal.
2. The Subdivision and Development Appeal Board shall give at least five (5) days' notice in writing of the appeal hearing to:
 - a. the appellant;
 - b. the Development Authority from whose order, decision or development permit the appeal is made;
 - c. those land owners who were notified and any other person that the Subdivision and Development Appeal Board considers to be affected by the order, decision or permit; and

- d. such other persons as the Subdivision and Development Appeal Board specifies.
- 3. The Subdivision and Development Appeal Board shall make available for public inspection before the commencement of the appeal hearing all relevant documents and materials respecting the appeal including:
 - a. the application for the development permit, its refusal and the appeal therefrom; or
 - b. the order of the Development Authorityas the case may be.
- 4. At the appeal hearing referred to in Subsection (1), the Subdivision and Development Appeal Board shall hear:
 - a. the appellant or any other person acting on his behalf;
 - b. the Development Authority from whose order, decision or development permit the appeal is made, or if a person is designated to act on behalf of the Development Authority, that person;
 - c. any other person who was served with notice of the hearing and who wishes to be heard or a person acting on his behalf; and
 - d. any other person who claims to be affected by the order, decision or permit and that the Subdivision and Development Appeal Board agrees to hear or a person acting on his behalf.

4.3 DECISION

- 1. In determining an appeal, the Subdivision and Development Appeal Board:
 - a. shall have due regard for any applicable statutory plans and the Town's Land Use Bylaw;
 - b. shall comply with the Province's Land Use Policies and applicable regional plans;
 - c. may confirm, revoke or vary the order, decision or development permit or any condition attached to any of them or make or substitute an order, decision or permit of its own;
 - d. must have regard for, but is not bound by, the Subdivision and Development Regulation;
 - e. may make an order or decision or issue or confirm the issuance of a development permit notwithstanding that the proposed development does not comply with the Land Use Bylaw if, in the opinion of the Subdivision and Development Appeal Board, the proposed development would not:
 - i) unduly interfere with the amenities of the neighbourhood;
 - ii) materially interfere with or affect the use, enjoyment or value of neighbouring parcels of land; and
 - iii) the proposed development conforms with the use prescribed for that land or building in this Bylaw.
- 2. The Subdivision and Development Appeal Board shall give its decision in writing together with reasons for the decision within fifteen (15) days of the conclusion of the hearing.
- 3. A decision made under this part of the Bylaw is final and binding on all parties and all persons subject only to an appeal upon a question of jurisdiction or law pursuant to the Act. An application for leave to the Court of Appeal shall be made:
 - a. to a judge of the Court of Appeal; and
 - b. within thirty (30) days after the issuance of the order, decision, permit or approval sought to be appealed.

5 ENFORCEMENT AND ADMINISTRATION

5.1 CONTRAVENTION

1. Where a Development Authority finds that a development or use of land or buildings is not in accordance with
 - a. the Act or the regulations made thereunder, or
 - b. a development permit or subdivision approval, or
 - c. this Bylaw,
2. the Development Authority may, by notice in writing, order the owner, the person in possession of the land or buildings, or the person responsible for the contravention, or all or any of them to:
 - a. stop the development or use of the land or buildings in whole or in part as directed by the notice, and/or
 - b. demolish, remove or replace the development, and/or
 - c. take such other measures as are specified in the notice so that the development or use of the land or buildings is in accordance with the Act, the regulations made thereunder, a development permit, subdivision approval or this Bylaw,as the case may be.
3. Where a person fails or refuses to comply with an order directed to them under Subsection 5.1(1) or an order of the Subdivision and Development Appeal Board within the time specified, the Development Authority may, in accordance with Section 542 of the Act, enter upon the land or building and take such action as is necessary to carry out the order.
4. A person found guilty of an offence is liable to a fine of not more than \$10,000.00 or to imprisonment for not more than one (1) year, or to both fine and imprisonment, pursuant to Section 566 of the Act.
5. Where the Development Authority carries out an order, the Council shall cause the costs and expenses incurred in carrying out the order to be placed on the tax roll as an additional tax against the property concerned, and that amount shall be collected in the same manner as taxes on land.
6. In addition to the process and penalties described above, the Development Authority or any other person identified as a designated officer by the Council for the purposes of this section, shall be authorized to issue violation tickets in respect to any contravention of this Bylaw.

5.2 VIOLATION TICKETS

1. The Development Authority or any other person identified as a designated officer by the Council for the purposes of this section, may issue a violation ticket to any person alleged to have breached any provision of this Bylaw.
2. The violation ticket shall specify the alleged offence committed by the person to whom the violation ticket is issued and require payment, within 21 days from the date of issue of the violation ticket, of a fine to the Town.
3. Persons contravening any provision of this Bylaw to whom violation tickets are issued shall be liable for a penalty of \$100.00 for a first offence and \$200.00 for a second or subsequent offence. Each day that a breach of the Bylaw has occurred may be considered to be a separate offence.
4. The violation ticket shall be served upon the alleged offender personally or by single registered mail. If payment is made within the time limit, then such payment shall be accepted in lieu of prosecution for the offence.

5. If a person who has been served with a violation ticket fails to pay the fine specified therein, then the right of the alleged offender to settle the alleged offence without a court appearance shall no longer apply and prosecution for the alleged offence shall proceed.
6. If the person who was served with the violation ticket is thereafter prosecuted and convicted of the offence specified in the violation ticket, the fine imposed shall not be less than \$250.00, plus court costs, for each offence.

6 AMENDMENT TO THE LAND USE BYLAW

6.1 APPLICATION FOR AMENDMENT

1. Subject to the provisions of the Municipal Government Act, any Section or Part of this Bylaw may be amended.
2. Council may at any time initiate an amendment to this Bylaw, but prior to first reading of any proposed amendment the proposal shall be referred to the Development Authority Officer to prepare an amendment application, reports and recommendations.
3. Any person may apply to have this Bylaw amended by applying in writing, using the application form provided by Town of Calmar, and request that the Development Authority submit the application to Council.

6.2 FORM OF APPLICATION

1. An applicant proposing to amend this Bylaw for a purpose of clarification of an existing provision must provide the following information:
 - a. pay Town of Calmar an application and advertising fee as set by Council;
 - b. undertake in writing on a form provided by Town of Calmar to be liable for, and pay on demand, all expenses made necessary by the processing of the proposed amendment which the Town may incur, whether it be enacted or not, including but not limited to map printing and reproduction costs, surveys and advertising charges;
 - c. reasons in support of the application;
 - d. drawings showing the subject site, the proposed District and the proposed use and development to be proposed on the site, if applicable;
 - e. the sequence of land servicing (may include, among other elements, site grading plan, infrastructure servicing concept, development concept, development phasing and landscaping), if applicable;
 - f. if applying for a map amendment for a parcel of land, a recent title search (dated within thirty days of the date the application is received) of the land affected and/or other documents satisfactory to the Development Authority showing the applicant's interest in the said land, if applicable; and
 - g. where the applicant is an agent acting for the owner, a letter from the owner(s) authorizing the agent to make the application.
2. A person making an application to amend this Bylaw for a purpose other than the clarification of an existing provision of this Bylaw shall:
 - a. pay Town of Calmar an application and advertising fee as set by Council;
 - b. undertake in writing on a form provided by Town of Calmar to be liable for, and pay on demand, all expenses made necessary by the processing of the proposed amendment which the Town may incur, whether it be enacted or not, including but not limited to map printing and reproduction costs, surveys and advertising charges;
 - c. reasons in support of the application;
 - d. drawings showing the subject site, the proposed District and the proposed use and development to be proposed on the site, if applicable;

- e. the program of land servicing, if applicable;
- f. information regarding any potential impact of the development that would be allowed by the proposed amendment on the existing natural or man-made environment;
- g. information respecting the suitability of the subject site for the development that would be allowed by the proposed amendment;
- h. a recent title search (dated within thirty days of the date the application is received) of the land affected and/or other documents satisfactory to the Development Authority showing the applicant's interest in the said land, if applicable;
- i. sign a statement authorizing the right of entry by the Development Authority to such lands and/or buildings as may be required for investigation of the proposed amendment; and
- j. any other information deemed necessary by the Development Authority or Council.

6.3 AMENDMENT PROCESS

1. Upon receipt of an application to amend the Land Use Bylaw, the Development Authority shall:
 - a. initiate or carry out any necessary investigation or analysis of the problems involved in or related to the amendment; and
 - b. prepare a detailed report including all maps and relevant materials for Council to consider.
2. In order to carry out any necessary investigation or analysis of the problems involved in or related to the amendment, the Development Authority may refer the application to such agencies as they consider necessary for comment.
3. Upon receiving the preliminary advice of the Development Authority, the applicant shall advise the Development Authority if:
 - a. he/she wishes to make revisions to their submission (if required by the Development Authority and/or Council) prior to proceeding to Council for first reading and public hearing;
 - b. he/she wishes the Council to proceed with the amendment as originally submitted by the person, or
 - c. he/she wishes to withdraw the application for an amendment.
4. As soon as reasonably convenient, the Development Authority shall submit the proposed amendment as originally applied for, or as alternatively chosen by the applicant, as the case may be, to the Council, accompanied by the report of the Development Authority and other relevant material, if any, and the Council shall then consider the proposed amendment.
5. During deliberation on the Bylaw amendment application, Council may refer the application to such agencies as it considers necessary for comment.
6. Council may request such information as it deems necessary to reach a decision on the proposed amendment.
7. If an amendment to the Bylaw is refused, a similar application may not be received for six (6) months following the final date of the decision.
8. Proposed amendments to this Bylaw are subject to those requirements and procedures set out in the Act regarding the enactment of Bylaws.
9. All amendments to this Bylaw shall be made by Council by Bylaw and in conformity with the requirements of the Act regarding the notification and holding of a public hearing.

6.4 PUBLIC HEARING PROCESS

1. At the discretion of Council, first reading of a proposed amendment may be given before the Public Hearing process, and Council may require that the applicant pay a fee for advertising according to the governing Land Use Bylaw advertising fee schedule as amended from time to time by resolution of Town Council.
2. All amendments to this Bylaw shall be made by Council, by Bylaw, and in conformity with the requirements of the Act with regard to the holding of a Public Hearing.

7 GENERAL PROVISIONS

7.1 ACCESSORY BUILDINGS

1. All accessory buildings and uses shall comply with all relevant provisions of this Bylaw.
2. No person shall use, or permit an accessory building to be used as a dwelling unit, except as a surveillance suite or garage suite where allowed pursuant to this Bylaw.
3. Accessory buildings shall be constructed either simultaneously with, or after, the construction of the principal building on a site or the commencement of the principal use on a site, and not before the principal building is constructed or the principal use commences, except in the Urban Reserve District.
4. Where a building is attached to a principal building by a breezeway, a roofed passage or an open or enclosed structure above grade, it is to be considered a part of the principal building and not an accessory building, and all the minimum yard requirements of the principal building shall apply. For the purposes of determining the site

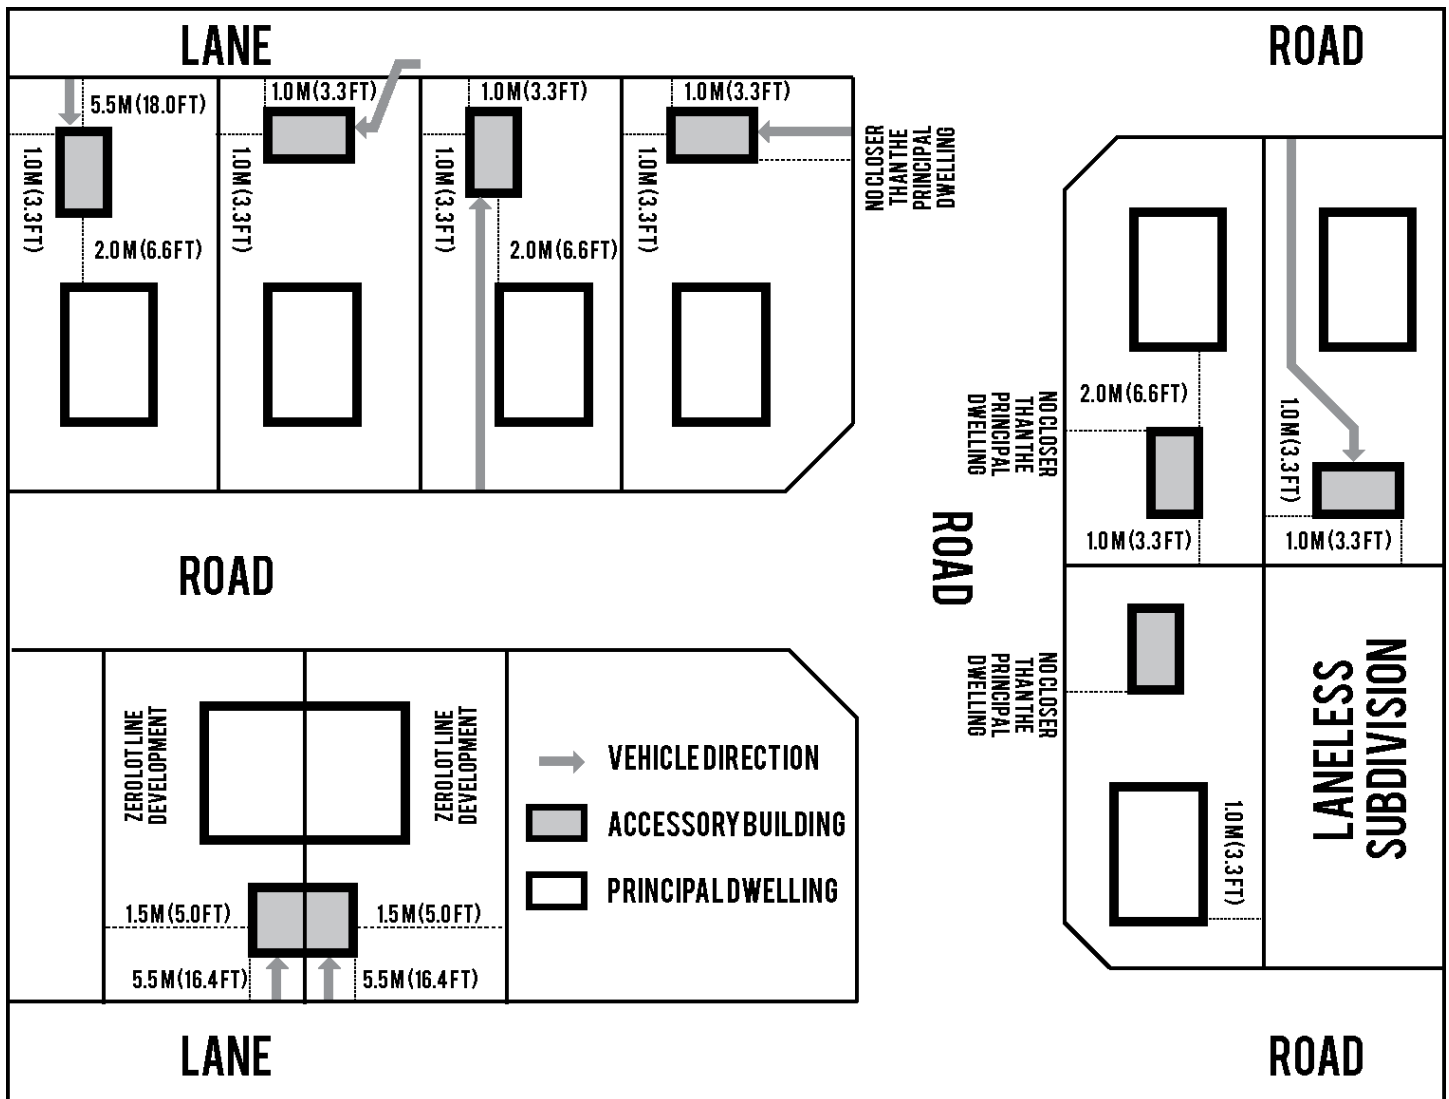

FIGURE 24: SITING OF ACCESSORY BUILDINGS IN RESIDENTIAL DISTRICTS

coverage percentage, buildings which are attached to a principal building will be considered part of the principal building.

5. No person shall construct or permit the construction of an accessory building, or group of accessory buildings, such that, individually or collectively, the gross floor area of the accessory building or buildings would:
 - a. along with the principal building, exceed the maximum site coverage allowed on the site,
 - b. exceed the floor area of the principal building on the site, or
 - c. exceed twelve percent (12%) of the site area unless otherwise indicated within the District Provisions.
6. Accessory buildings shall not be located in a front yard.
7. Accessory buildings shall not be located on an easement or a utility right-of-way.

7.2 ACCESSORY BUILDINGS IN DISTRICTS OTHER THAN RESIDENTIAL DISTRICTS

1. In addition to the regulations in **Section 7.1** the following provisions apply to accessory buildings in districts other than the residential districts.
2. In Districts other than Residential Districts, regulations governing the development of accessory buildings shall be at the discretion of the Development Authority, unless otherwise indicated in this Bylaw.
3. At the discretion of the Development Authority, a development permit may be issued for the temporary erection of a factory-manufactured building or tented structure for use as an accessory building provided that the following additional conditions are met:
 - a. the development permit approval shall not be for a period of more than one (1) year,
 - b. if an extension to the one (1) year period is desired by the applicant, the applicant must submit a written extension request to locate the building for a further six (6) months.

7.3 ACCESSORY BUILDINGS IN RESIDENTIAL DISTRICTS – INCLUDING GARAGES, SHEDS, DETACHED DECKS, ETC.

1. In addition to the regulations in **Section 7.1** the following provisions apply to accessory buildings in the residential districts.
2. Unless otherwise provided, in Residential Districts:
 - a. An accessory building shall not exceed one (1) storey or 5.0 m (16.4 ft.) in height, whichever is the lesser; and
 - b. Notwithstanding Subsection (a) the height of an accessory building in the residential districts shall not normally exceed 5.0 m (16.4 ft.) or one (1) storey and shall not exceed the height of the main building. However, the maximum height for an accessory building may be exceeded, at the sole discretion of the Development Authority, for the height of a garage in order to facilitate the development of a garage suite on a parcel of land where it can reasonably be determined by the Development Authority that the additional height will not impact the quality of life or enjoyment of adjacent properties.
 - c. Where a carport is attached to a dwelling, the minimum required side yard may, at the discretion of the Development Authority, be reduced to 1.2 m (3.9 ft.).
3. Accessory buildings in Residential Districts shall be located:
 - a. a minimum of 2.0 m (6.6 ft.) from the dwelling;

- b. no closer to the front line than the front of the principal building except in the case of double fronting or corner sites, in which case the minimum required yard may be reduced to 4.5 m (14.8 ft.) from one front line, and the minimum required side yard adjacent to the side line may be reduced to 7.5 m (24.6 ft.) where, in the opinion of the Development Authority, any adjacent developments would not be adversely affected;
 - c. no closer than 1.0 m (3.3 ft.) to the rear line, providing there is no encroachment of any part of the building beyond the rear line, except that where the vehicle doors of a garage face a lane abutting the site, the garage shall be no closer than 5.5 m (16.4 ft.) from the rear line;
 - d. no closer than 1.0 m (3.3 ft.) from the side line, excepting where a fire wall is constructed along the boundary line between two garages located within one building, or where both garages have appropriate fire walls. In such cases, accessory buildings may be built within 1.0m (3.3 ft.) of the side line;
 - e. such that no roof overhang is located within 0.45 m (1.5 ft.) of a side or rear line.
4. All decks and verandas in Residential Districts may be located such that they do not project into minimum required yards as established in **Section 7.19** of this Bylaw.
 5. Notwithstanding Subsection (4) above, the development Authority may allow, at their sole discretion, a deck or veranda to project into a minimum required front yard in a Residential District under the following conditions:
 - a. The veranda may be roofed but shall not be enclosed.

7.4 AMENITY AREAS

1. Where required in any District, private outdoor and/or communal amenity areas shall be provided in accordance with the following:
2. Private outdoor amenity areas shall be designed for the occupants of an individual dwelling unit and shall:
 - a. be located immediately adjacent to land with direct access from the dwelling it is intended to serve;
 - b. be located in a yard other than a front yard;
 - c. be landscaped and surfaced for convenient use for outdoor activities;
 - d. be of a width and depth of at least 4.0 m (13.1 ft.); and
 - e. be developed as open space unencumbered by any accessory buildings or future additions.
3. Notwithstanding Subsection (2)d) above, balconies may be considered private outdoor amenity areas provided they are unenclosed and have a minimum depth of 2.0 m (6.6 ft.).
4. Communal amenity areas shall be designed for the recreational use of all residents of the development or for the use and enjoyment of the public in the case of a non-residential development. The area shall be indoor or outdoor space, or a combination thereof, including but not limited to landscaped courtyards, public seating areas, swimming pools, fitness rooms, party rooms, games rooms, and children's play areas complete with equipment.
5. In multi-family dwelling developments of fifteen (15) dwelling units or more, a minimum communal amenity area of 2.5 m² (26.9 ft²) per dwelling unit shall be provided and be developed as children's play space or other communal recreation space and be aggregated into areas of not less than 50.0 m² (528.2 ft²).
6. In multi-family dwelling developments, at least ten percent (10%) of the amenity area required on the site shall be provided for recreational purposes; and in multi-family dwelling developments of fifteen (15) units or more, recreational equipment shall be provided on this area to the satisfaction of the Development Authority. This

requirement may be relaxed at the discretion of the Development Authority where indoor recreational facilities are provided.

7.5 BUILDING EXTERIORS

1. The design, siting, external finish, architectural appearance and landscaping generally of all buildings, including any accessory buildings or structures and signs, and any reconstruction, shall be to the satisfaction of the Development Authority and all new and renovating commercial developments shall adhere to the 'Commercial Districts Site and Architectural Design Guidelines' in **Section 8.8**.
2. Unless forming part of a single project which has been approved under one development permit application, no single detached dwellings of identical or, in the opinion of the Development Authority, similar roof or front elevations and fronting on either side of a road shall be located within three (3) sites from each other.

7.6 CORNER AND DOUBLE FRONTING LOTS

1. In the case of double fronting lots, the front yard shall be that portion of the site abutting the road on which the front yards of adjacent lots face. If adjacent lots have front yards facing both roads, front yards shall be considered to be on both roads and the lot may thus have no rear yard.

FIGURE 25: SIDE YARD SETBACKS AND HEIGHT RESTRICTIONS ON CORNER LOTS

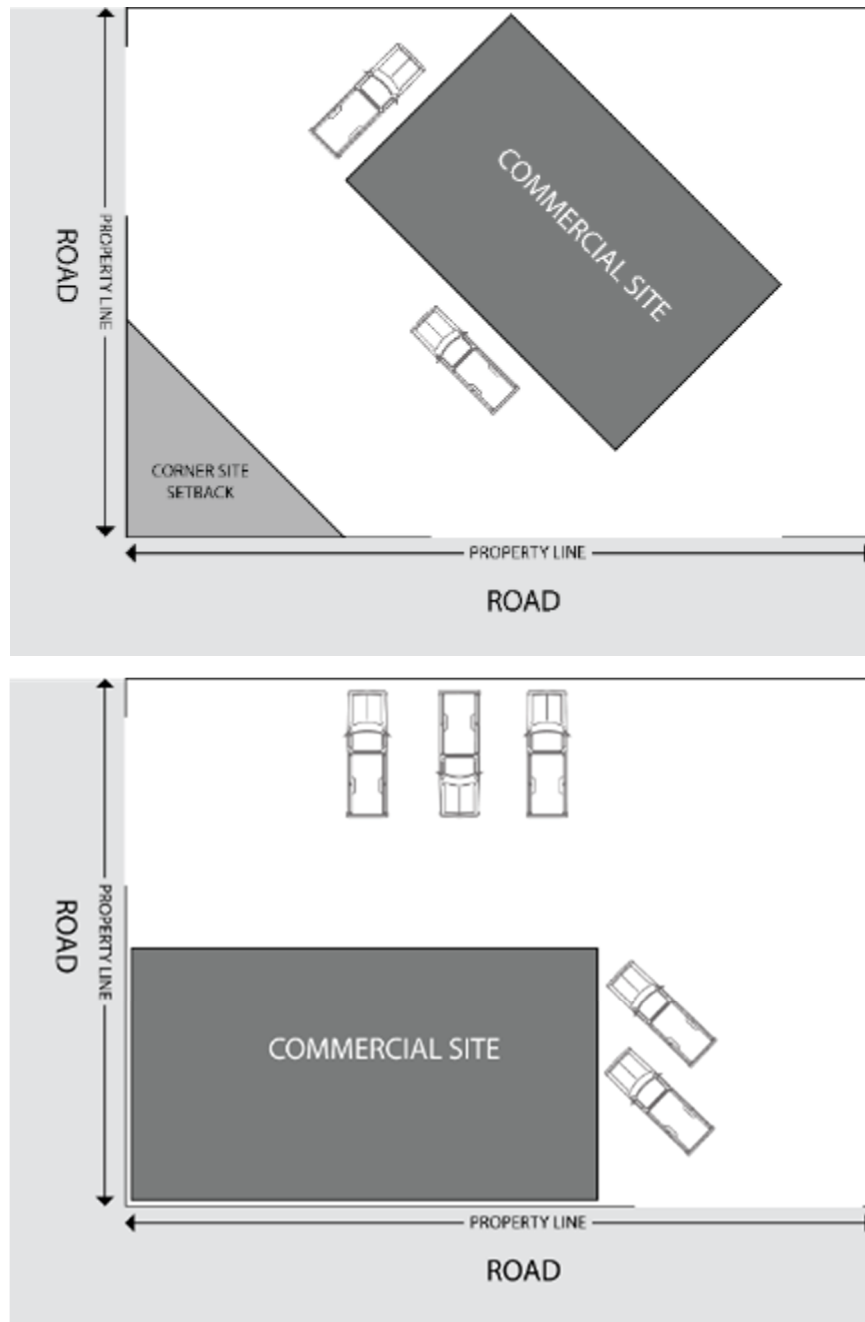

FIGURE 26: COMMERCIAL LOT WITH AND WITHOUT CORNER SITE SETBACKS

2. Notwithstanding any other provision of this Bylaw to the contrary, the Development Authority may require that a development on a corner site or on a double fronting site provide two minimum required front yards, after having regard to the orientation of adjacent lots and to the location of accesses to the development.
3. Notwithstanding any other provision of this Bylaw to the contrary, in residential areas, where a second minimum front yard is not required on a corner site, the minimum required side yard on the side adjacent to the road shall not be less than 3.8 m (12.5 ft.).
4. Notwithstanding Subsection (3) above, in residential areas, features under 0.5 m (1.6 ft.) above grade may project to the side line where a second minimum front yard is not required on a corner site.

7.7 CORNER SITES AND SITE LINE PROTECTION

1. Notwithstanding any other provision of this bylaw, no person shall place or maintain any object, structure, fence, hedge, shrub, or tree in or on that part of a corner site located within any district other than commercial, which lies within a triangle formed by a straight line drawn between two points on the closest curbs of the intersecting roads 6.0 m (19.7 ft.) from the point where the curbs would meet if extended or 3.0 m (9.8 ft.) from that point in the case of an intersecting lane and road.

FIGURE 27: CORNER SITE SETBACK

2. At the intersection of roads and lanes, and at intersections of driveways and roads, no fence, wall, tree, bush, structure or thing more than 1.0 m (3.3 ft.) in height shall be erected, placed or maintained within the triangular area formed by the intersecting road or lane right-of-way lines or the edge of the driveway and a straight line joining points on the road or lane right-of-way lines or the edge of the driveway 3.0 m (9.8 ft.) from their intersection.
3. Subsection (2) above does not apply in the C1 District.
4. Notwithstanding any other provision of this Bylaw to the contrary, no sign shall be located within the areas defined in Subsections (1) and (2) such that any part of the sign is between the heights of 1.0 m (3.3 ft.) and 4.0 m (13.1 ft.) above grade.

7.8 DEVELOPMENT OF A PROJECT

1. Prior to the granting of approval of a multi-lot subdivision application or a development permit for a large project, as the case may be, the developer shall provide the municipality with a proposed site development and landscaping plan and enter into an agreement with the municipality specifying the respective obligations of the developer and the municipality

7.9 DWELLING UNITS ON A LOT

1. No permit shall be granted for the erection of more than one (1) dwelling unit on a single lot, unless approval has been granted for a suite, duplex, fourplex, row house, street-oriented town housing or apartment building *(Amended by Bylaw 2021-04)*.

7.10 ENVIRONMENTAL SCREENING

1. Where the potential for prior contamination of a site exists, the Development Authority may require that a Phase 1 Environmental Site Assessment be conducted according to applicable provincial requirements and/or guidelines prior to a development permit being issued. Should the Phase 1 Assessment indicate that a Phase 2 Assessment should be undertaken, the Development Authority may require that a Phase 2 Assessment be conducted and submitted prior to consideration of the development permit application. Any follow-up assessment or remedies that may be required may be incorporated into conditions for the approval of the development permit.

7.11 EXISTING SUBSTANDARD LOTS

1. With the approval of the Development Authority the minimum lot area may be less in the case of existing substandard lots.

7.12 FENCES WALLS AND HEDGES

1. Notwithstanding any regulation respecting required yard to the contrary in this Bylaw, a fence or hedge may be constructed along a boundary line of a site.
2. No fence, wall or hedge in any Residential District shall be:
 - a. higher than 1.8 m (5.9 ft.) above grade in side yards and rear yards; or
 - b. higher than 1.0 m (3.3 ft.) above grade in front yards, except in the case of a corner or double fronting site, the side yard adjacent to the road shall be deemed to be a front yard for the purpose of this section; or
 - c. higher than 1.0 m (3.3 ft.) above grade within 6.0 m (19.7 ft.) of the intersection of lanes, roads, or any combination of them.
3. Notwithstanding Subsection (2) above, the height of a fence in an Industrial District or in an Urban Reserve (UR) District shall be as determined by the Development Authority.
4. All commercial uses adjacent to any Residential District shall provide, to the satisfaction of the Development Authority, a wooden fence of not less than 1.0 m (3.3 ft.) and not more than 1.8 m (5.9 ft.) in height above grade for screening.

5. No fences with barbed wire shall be allowed, except in the Industrial (M1) District and in the Urban Reserve (UR) District. In these Districts, barbed wire may be allowed, but not below the elevation of 1.8 m (5.9 ft.) above grade.
6. No electrification of fences or razor wire shall be allowed.
7. Private fences shall not be located on public property, within utility rights-of-way, or within roadways unless permission is granted by Council and an encroachment agreement is approved.
7. No person shall construct or permit to be constructed retaining walls or fences that adversely or materially affect the grading or the drainage of the lot or of adjoining properties.
8. The Development Authority may require that a fence or other screen be provided to a height of at least 1.5 m (4.9 ft.) surrounding the following where they would be visible from a road or from an adjacent dwelling:
 - a. outdoor storage areas;
 - b. garbage collection areas; and
 - c. loading or vehicle service areas.
9. Further to Subsection (9), outside storage areas shall be screened from adjacent sites and roads to the satisfaction of the Development Authority. Such screening may include fences and/or landscaping or a combination thereof. All buffering shall be provided to the satisfaction of the development authority.
10. All garbage containers and outdoor storage areas shall be screened from adjacent sites and roads to the satisfaction of the Development Authority.

7.13 LANDSCAPING

1. When landscaping or planting is a condition of the approval of a development permit, all such landscaping and planting must be carried out, to the satisfaction of the Development Authority, within twelve (12) months of the occupancy or the commencement of operation of the proposed development.
2. Off-street parking lots in Commercial Districts shall be landscaped by the planting of trees in a manner and number satisfactory to the Development Authority.
3. All apartment, fourplexes, or row housing, or street-oriented town housing developments shall include a landscaped area to be developed to the satisfaction of the Development Authority (*Amended by Bylaw 2021-04*).
4. A minimum of ten percent (10%) of the site area of all commercial developments shall be landscaped, to the satisfaction of the Development Authority.
5. Landscaping shall be provided and maintained for all drive-in businesses to the satisfaction of the Development Authority.
6. In the residential districts all front yards must be landscaped to the satisfaction of the Development Authority. (*Amended by Bylaw 2018-12*)

7.14 LIGHTING

1. Any lighting proposed to illuminate off-street parking areas or any other developments shall be located and arranged so that all direct rays of light are directed down only, and not up, and upon the site only and not on any adjoining lots, all to the satisfaction of the Development Authority.

7.15 NOISE

1. No use or operation shall create noise levels which exceed those requirements and restrictions with the Town's community standards or noise bylaws.

7.16 NUISANCE

1. No activity may be undertaken which, in the opinion of the Development Authority, constitutes a nuisance on a private or public site by reason of the generation of vibration, heat, humidity, glare, smoke, dust, other particulate matter, or odour.
2. Sites and buildings in all Districts shall be maintained in a clean and tidy condition, free from all rubbish and debris.
3. Garbage shall be stored in weather-proof and animal-proof containers, shall be placed in a location or screened from adjacent sites and roads in a manner that is to the satisfaction of the Development Authority, and shall be in a location easily accessible for pick-up.
4. Further provisions relating to the control of nuisances may be found in the municipality's Community Standards Bylaw.

7.17 OBJECTS PROHIBITED OR RESTRICTED IN YARDS

1. No person shall keep or permit in any part of any yard in any Residential District:
 - a. any dismantled or wrecked vehicle for more than fourteen (14) successive days;
 - b. any object or chattel which, in the opinion of the Development Authority, is unsightly or tends to adversely affect the amenities of the district in which it is located;
 - c. any excavation, storage or piling up of materials required during construction unless all necessary safety measures are taken, and the owner of such materials or excavations assumes full responsibility to ensure the situation does not prevail any longer than reasonably necessary to complete a particular stage of construction work; or
 - d. any vehicle, loaded or unloaded, of a gross vehicle weight in excess of 5000 kg (11,200 lbs.) for longer than is reasonably necessary to load or unload the vehicle; or
 - e. tented structures.
2. A vacant residential or commercial lot shall not be used for storage, including RV storage unless a development permit has been issued for a commercial storage facility.
3. No person shall keep or permit in any part of the landscaped portion of a front yard in any Residential District:
 - a. a motor vehicle, boat, utility trailer/cargo trailer, off highway vehicle, or recreational vehicle except as provided for in **Section 8.26**; and
 - b. any accessory use. (*Amended by Bylaw 2018-12*)

7.18 ON-SITE AND OFF-SITE IMPROVEMENTS

1. Where any on-site services or improvements or any off-site local improvements, are required to service a proposed development, a person shall not begin the excavation for the foundation or commence the development until the Development Authority Officer is satisfied that such services or improvements will be undertaken.
2. All future development areas must be serviced to the satisfaction of the Development Authority and be consistent with the requirements of the municipality's public works department.

7.19 PARKING AND LOADING REGULATIONS

1. When required by the Development Authority, loading spaces shall:
 - a. have dimensions of not less than 4.0 m (13.1 ft.) in width, 8.0 m (26.2 ft.) in length, and 4.5 (14.8 ft.) in height above grade;
 - b. provide vehicular ingress to, and egress from, a road or lane such that no backing or turning movements of vehicles going to or from the site cause interference with traffic in nearby roads or lanes;
 - c. be sited at an elevation or elevations convenient to a major floor level in building or to a utility elevator serving each major floor level;
 - d. be so graded and drained as to dispose of all storm water runoff. Drainage shall only be allowed to cross sidewalks if approved by the Development Authority; and
 - e. be screened on each side adjoining any Residential District by a wall, fence, earth berm or hedge of not less than 1.5 m (4.9 ft.) and not more than 2.5 m (8.2 ft.) in height.
2. Number of Off-Street Loading Spaces
 - a. A minimum of 1 loading space will be required for apartment buildings, non-residential uses such as but not limited to, retail, industrial, office building, places of public assembly, and warehouse, and any other uses as required by the Development Authority. (*Amended by Bylaw 2022-20*):
3. Location of Site and Site Standards
 - a. All off-street parking areas and accessory off-street parking areas:
 - i. shall not be located within 0.9 m (3.0 ft.) feet of a lot line common to the lot and to a road,
 - ii. shall be constructed so that adequate access to, and exit from each parking space is provided at all times by means of manoeuvring aisles designed to the satisfaction of the Development Authority, and
 - iii. shall have necessary curb cuts located to the satisfaction of the Development Authority.
 - b. All parking spaces shall conform to the following requirements:
4. Required Number of Off-Street Parking Spaces
 - a. The minimum number of off-street parking spaces required for each development shall be calculated from the following table (*Amended by Bylaw 2022-20*):

USE OF BUILDING OR DEVELOPMENT	MINIMUM NUMBER OF PARKING SPACES
RESIDENTIAL USES – APARTMENT, FOURPLEXES, ROW HOUSING AND STREET-ORIENTED TOWNHOUSING

- b. In the case of a use not specifically mentioned, the required number of off-street parking spaces shall be the same as for a similar use as determined by the Development Authority.
- c. Where a development falls within more than one use as listed, the required number of spaces shall be the sum of the requirements for each of the uses listed.

- d. Where a fractional number of parking spaces are required, the next highest number of spaces shall be provided.
 - e. The Development Authority may allow an applicant to provide a lesser number of spaces if it can be shown to the satisfaction of the Development Authority that the standard is not applicable to the project due to the provision of communally-used parking facilities, differing hours of demand for parking, or the scale or character of the development.
 - f. In the Central Commercial (C1) District, where it is not possible to provide the required parking on the subject site due to the size of the site and the configuration of buildings either existing or proposed, the Development Authority may, at his sole discretion, waive or reduce the required number of parking spaces.
 - g. If insufficient parking is provided by an approved development, the Development Authority may advise the land owner that he may be required to help pay for parking facilities in the future if required by Council in accordance with the Act or any other available legislation.
5. Combined or Shared Parking
- a. A maximum of 20% of the required parking may be combined or shared parking provided that a legal agreement is entered into between the users or land owners, and further that the parking arrangements are acceptable to the Development Authority. Any change of use will require a development permit and may require a new agreement. The Development Authority has the authority to refuse an application not fully complying with parking requirements.
 - b. Except as provided in Subsection 7.15(4)(f) developments to convert existing buildings to eating and drinking establishments shall comply with the parking requirements for eating and drinking establishments.
6. Money-in-lieu-of-Parking
- a. At the discretion of the Development Authority, a developer may pay money to the municipality in lieu of providing parking spaces. The amount of money will be determined by the Council and be based on the amount of money needed to acquire land and to develop the required number of parking spaces on adjacent lands.
7. Surfacing and Drainage (*Amended by Bylaw 2018-12*)
- a. All parking areas shall be clearly marked, hard surfaced, landscaped, adequately lit with lighting directed away from adjacent sites, adequately graded and drained to dispose of all storm water run-off, and contain the necessary curb cuts.
 - b. Notwithstanding Subsection (a) above, where the access to or egress from a parking area is from a gravelled road, or where the development involves the expansion of an existing building on a site where the existing parking area is not hard surfaced, the parking area may, at the discretion of the Development Authority, be gravelled to the satisfaction of the Development Authority.
8. Parking Facility Dimensions
- a. All parking spaces shall be clear of any access driveways, aisles, ramps, columns, signs or other similar obstructions and shall conform to the requirements shown in Figures 25 and 26 on the following pages.

PARKING ANGLE IN DEGREES	WIDTH OF SPACE	DEPTH OF SPACE	WIDTH OF SPACE	OVERALL SPACE DEPTH	WIDTH OF MANOEUVRING AISLE (ONE WAY)	WIDTH OF MANOEUVRING AISLE (TWO WAY)

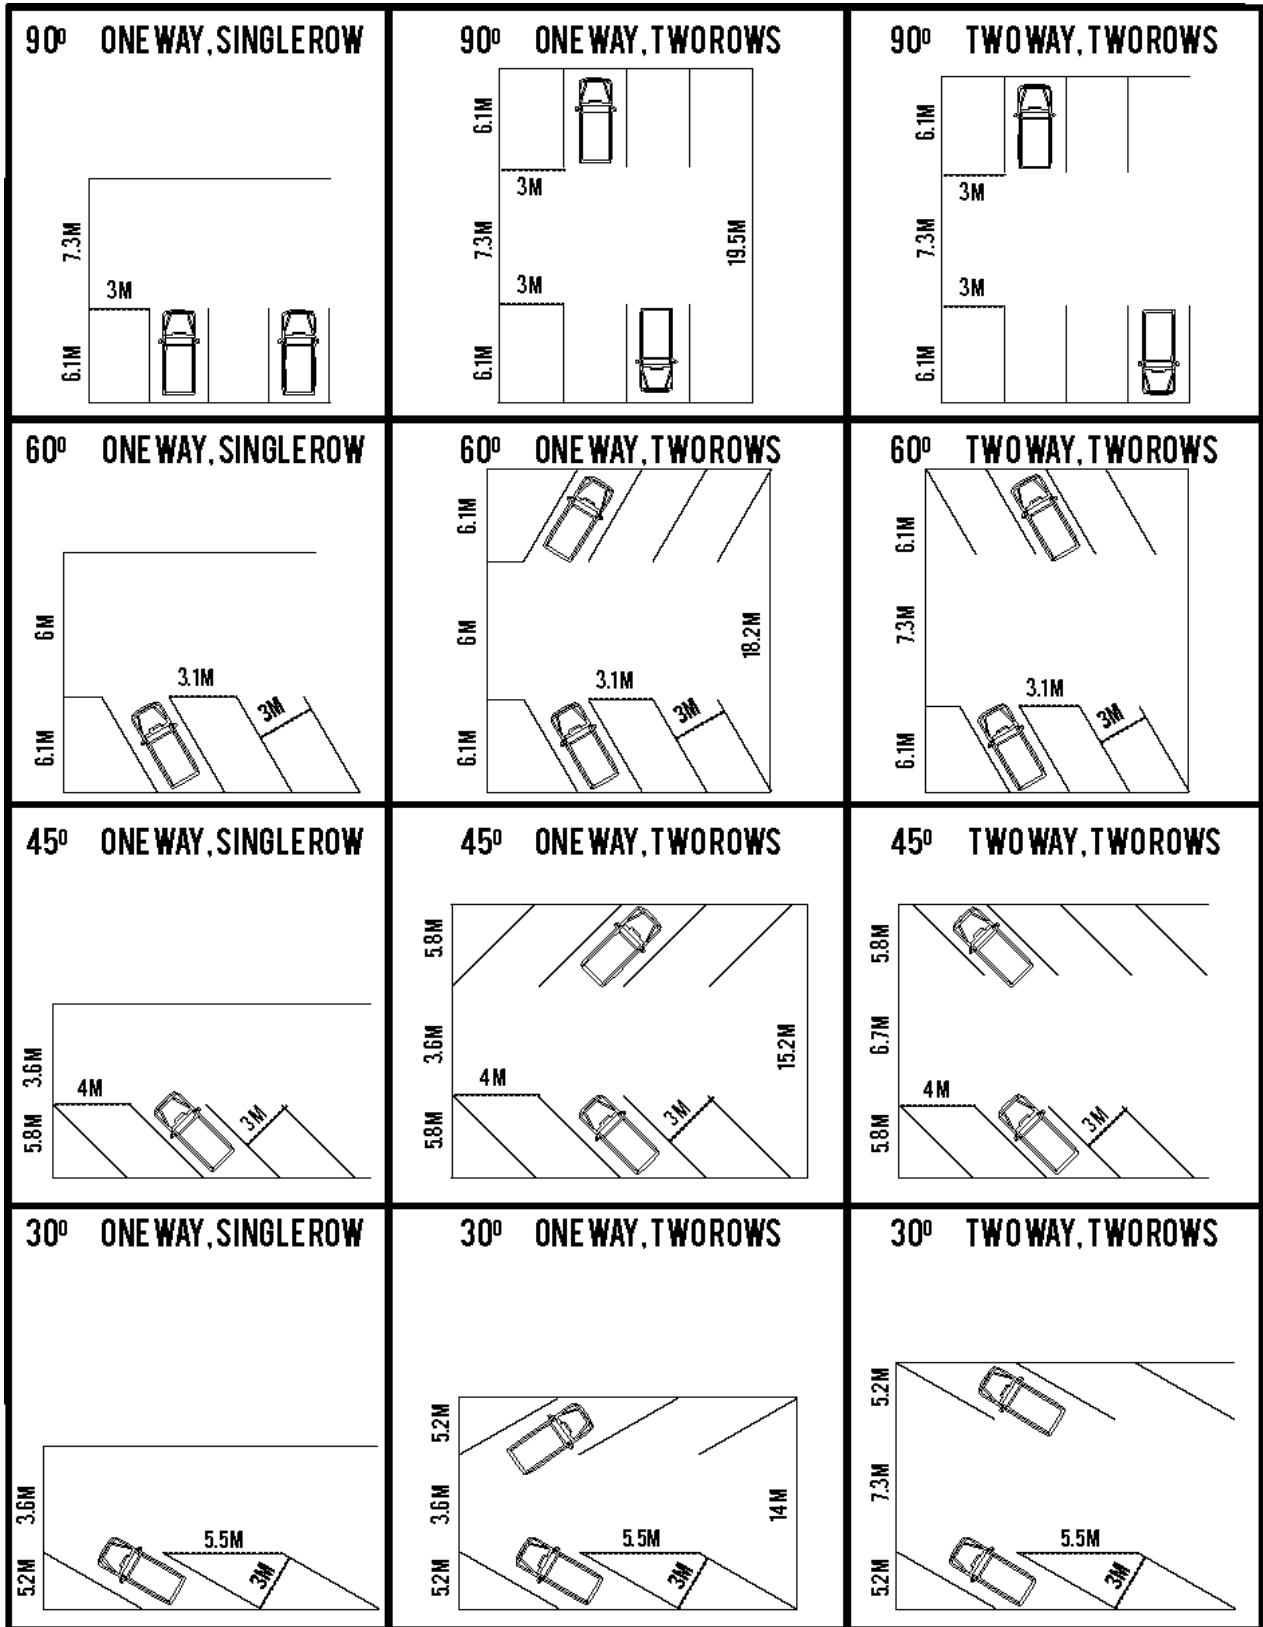

FIGURE 28: PARKING STALL AND AISLE DEFINITIONS

***PLEASE NOTE - FIGURES NOT TO SCALE
FIGURE 29: OFF-STREET PARKING REQUIREMENTS**

9. In addition to the parking requirements identified above, where required, disabled parking stalls shall be a minimum of 3.7 m (12.1 ft.) wide by 7.5 m (24.6 ft.) long.
10. Where the side of a parking stall is against any permanent structure greater than 0.2 m (7.9 inches) in height, at any point in the front 3.6 m (11.8 ft.) of the stall (measured in the centre perpendicular to the front of the stall) the minimum width of a stall shall be 0.3 m (1.0 ft.) wider than the normal width required.
11. Variance to Downtown Parking Requirements
 - a. Notwithstanding the regulations of this section, in the downtown area, the following provisions shall apply:
 - i. in the case of major renovations, site improvements, and architectural modifications to an existing building, no additional parking shall be required;
 - ii. in the case of major structural expansion of an existing building, additional parking shall be required for the expanded part only;
 - iii. in the case of a change in the use of an established building, additional parking shall not be required provided no alteration to the exterior dimensions of the building occurs;
 - b. in the case of any down town development or re-development, the Development Authority Officer shall review such development in respect of the variance powers granted in this Bylaw and may exercise such powers as deemed necessary.
12. Parking Facility Construction Requirements
 - a. Parking stalls and loading spaces shall be clearly marked in the parking facility. Such marking shall be regularly maintained to ensure legibility to users.
 - b. All off-street parking facilities shall be separated from streets by a landscaped area of at least 1.0 m (3.3 ft.) in width.
 - c. All off-street parking facilities shall be constructed that:
 - i. Necessary curb cuts are located and flared to the satisfaction of the Development Authority Officer;
 - ii. All parking facilities and lanes to be used for access to a proposed development shall be hard-surfaced to the satisfaction of the Development Authority Officer; where the access from a road or lane is paved, parking areas must be paved, or of a gravel mixture approved by the Development Authority Officer;
 - iii. Parking facilities containing four or more stalls shall be landscaped to the satisfaction of the Development Authority Officer on each side adjoining any property in a residential district and shall be screened by a wall, fence, earth berm, or hedge constructed or maintained at not less than 1.2 m (3.9 ft.) in height;
 - iv. Parking facilities used at night shall have adequate lighting for the entire parking facility, such lighting shall be directed away from adjacent residential properties and other properties where in the opinion of the Development Authority Officer, it would have adverse effects; and
 - v. Grades and drainage shall dispose of surface water. In no case shall grades be established that would permit surface drainage to cross any sidewalk or site boundary without the approval of the Development Authority Officer.

- vi. Parking for the physically handicapped shall be provided as provincial regulations require and shall be considered as part of the number of stalls required for the project.
- d. Curbs, medians, signage, and landscaping shall be provided to the satisfaction of the Development Authority Officer.
- e. Access to Curb Stops
 - i. No development shall be permitted that would obstruct normal operational access to curb stop.
 - ii. No paved driveway or other pavement shall be placed over or within 2.0 m (6.6 ft.) of a curb stop.
- f. Notwithstanding Subsection 12(c)(ii), where:
 - i. the access or egress to a site is from a gravelled public road; and/or
 - ii. the development involves the expansion of an existing building on a site where the existing parking area is not hard-surfaced;

the off-street parking facilities shall be gravelled to the satisfaction of the Development Authority Officer and may be hard-surfaced at the option of the applicant to the satisfaction of the Development Authority Officer.

13. Off-Street Loading

- a. Where a proposed development will, in the opinion of the Development Authority, require pick-up or delivery of commodities, adequate space for the loading and unloading of same shall be provided and maintained on the site.
- b. When required by the Development Authority, loading spaces shall:
 - i. have dimensions of not less than:

MEASUREMENT AREA	DIMENSION
WIDTH	4.0 m (13.1 ft.)
LENGTH	8.0 m (26.2 ft.)
HEIGHT ABOVE GRADE	4.3 m (14.1 ft.)

- ii. have vehicular ingress to, and egress from a road or lane either directly or by a clearly defined traffic aisle;
- iii. be sited at an elevation or elevations convenient to a major floor level in the building or to a utility elevator serving each major floor level;
- iv. be so graded and drained as to dispose of all surface water. Surface drainage across sidewalks will not be allowed;
- v. be paved or hard-surfaced where an off-street parking facility is required to be paved or hard-surfaced;
- vi. have adequate lighting to the satisfaction of the Development Authority Officer; and,
- vii. be screened on each side adjoining any Residential District by a wall, fence, earth berm or hedge of not less than 1.5 m (4.9 ft.) and not more than 2.0 m (6.6 ft.) in height.

- c. The number of loading spaces required to be provided in a development shall be as per the following chart:

USE OF BUILDING OR SITE	MINIMUM NUMBER OF LOADING SPACES
NON-RESIDENTIAL USES	
Less than 1,000.0 m ² (10,764.0 ft ²) of gross leasable area	1 space
The next 1,000.0 m ² (10,764.0 ft ²) of gross leasable area or a fraction thereof in a development	1 space
Each additional 2,000.0 m ² (21,528.0 ft ²) of gross leasable area or a fraction thereof in a development.	1 space
MULTI-FAMILY DWELLINGS	
All multi-family Dwellings	1 per 3 dwelling units

- d. Where a fractional number of loading spaces are required, the next highest whole number of spaces shall be provided.
- e. Any other building or use shall have off-street loading as determined necessary by the Development Authority Officer.

7.20 PIPELINE & OTHER UTILITY CORRIDOR SETBACKS

- Any development involving pipeline and/or power line rights-of-way shall be sited to comply with all relevant Federal and Provincial legislation and regulations. Setbacks from pipelines and other utility corridors shall be in accordance with appropriate Provincial legislation and regulations and any regulations established by the Alberta Energy Regulator (AER) and Alberta Utilities Commission.

7.21 PROJECTION INTO YARDS

- Except as provided in this section and **Section 7.1**, no portion of a building shall be located or project into a required yard.
- Required Front Yards

The following features may project into a required front yard:

- steps, eaves, gutters, sills, and chimneys, or other similar projections, with the amount of the projection to be as allowed by the Development Authority;
 - canopies over entrances to buildings, provided such projections are cantilevered and do not exceed 1.0 m (3.3 ft.);
 - exterior balconies on apartments provided that:
 - they are cantilevered and not enclosed, and designed as an integral part of the building, and
 - they do not project more than 2.0 m (6.6 ft.) into the front yard;
 - satellite receiving dishes with a diameter of no more than 77.0 cm (30.3 inches); and
 - any other features which, in the opinion of the Development Authority, are similar to the foregoing.
- Required Side Yards

The following features may project into a required side yard; except where a side yard of 3.0 m (9.8 ft.) is required for vehicular passage:

- a. steps, chimneys and decks, provided such projection does not exceed 50% of the width of the required side yard;
- b. patios, which can project to the side line;
- c. eaves, gutters and sills or other similar projections, with the amount of the projection to be as allowed by the Development Authority;
- d. canopies over entrances to buildings, provided such projections are cantilevered and do not exceed 1.0 m (3.3 ft.);
- e. exterior balconies on apartments provided that:
 - i. they are cantilevered and not enclosed, and designed as an integral part of the building, and
 - ii. they do not project more than 1.0 m (3.3 ft.) into a required side yard and in no case are closer than 2.0 m (6.6 ft.) to a side line;
- f. satellite receiving dishes with a diameter of no more than 77.0 cm (30.3 inches); and
- g. any other features which, in the opinion of the Development Authority, are similar to the foregoing.

7.22 RELOCATION OF BUILDINGS

1. In making his decision on a development permit application to relocate an already constructed or partially constructed building, the Development Authority shall consider whether the building is compatible with the character of the neighbourhood in which it is proposed to be located, and may refuse a development permit if the building, in his sole opinion, is or will be incompatible with the neighbourhood.

7.23 SITE CIRCULATION

1. The space for the manoeuvring and circulation of vehicles on a parcel shall be sufficient to ensure that vehicles do not drive onto roads, other than lanes, or onto adjacent parcels when manoeuvring and circulating, except where an easement is registered for these purposes against the title to the adjacent parcels.

7.24 SITE CONDITIONS AND BUFFERING

1. The proponent for a development may be required to submit a site drainage plan and/or elevation plan to ensure that finished grades on the site shall prevent drainage from one site to adjacent sites except where drainage conforms to an acceptable local standard or a subdivision drainage plan.
2. The Development Authority may prescribe setback and/or buffering requirements for uses, which may be physically or visually incompatible with nearby land uses.
3. The Development Authority may require or approve screening for uses, which involve the outdoor storage of goods, machinery, vehicles, building materials, waste materials, and other similar materials.
4. In considering the approval of an application, the Development Authority may require the retention of trees or additional planting of such type and extent as considered necessary for the purpose of ensuring buffering, erosion and/or dust control.
5. The Town will require Environmental Reserves, an Environmental Reserve Easement or a combination thereof adjacent to bodies of water and lands containing significant environmental features.

6. The amount of Reserves/Easement lands shall be at the discretion of the Town and the Subdivision Authority who will normally base environmental reserve and environmental reserve easement requirements on the following:
 - a. The Guidelines for Environmental Reserves and Environmental Reserve Easements established by Sustainable Resource Development (see Appendix A); or
 - b. If this reserve/easement amount is disputed by the proponent of a development or subdivision then the developer may provide the Town and the Subdivision Authority with a biophysical, engineering and/or geotechnical study which indicates that an alternative reserve/easement amount is appropriate for the subject site. If the report from the engineer indicates that a lesser reserve/easement would be suitable and/or provides mitigation recommendations which, if followed would allow for a lesser reserve/easement area then the Approving Authority may, at their sole discretion, approve a subdivision with a lesser reserve/easement area.
7. Notwithstanding Subsection (6), additional reserves/easements may be required by the Town based on the recommendations of any engineering and/or geotechnical study provided for the subject site.
8. Normally, no buildings of any kind shall be allowed within required setback areas.
9. However, notwithstanding Subsection (6) the width of the required development setback shall be at the sole discretion of the Development Authority who will normally base setback requirements on the following:
 - a. The Guidelines for Environmental Reserves and Environmental Reserve Easements established by Sustainable Resource Development (see Appendix A); or
 - b. If this setback amount is disputed by the proponent of a development then the developer may provide the approving Authority with a biophysical, engineering and/or geotechnical study which indicates that an alternative setback amount is appropriate for the subject site. If the report from the engineer indicates that a lesser setback would be suitable and/or provides mitigation recommendations which, if followed would allow for a lesser setback then the Approving Authority may, at their sole discretion, approve the development with a lesser reserve/easement area.
10. The Development Authority may require the applicant to submit as part of a development permit application an assessment by a registered professional engineer practicing in Alberta indicating the stability of the soils and slopes for the development proposed, and how sufficient stability for the development can be ensured in order to determine the appropriate setback distance and/or site specific building requirements.
11. If the report from the engineer indicates that a lesser setback would be suitable and/or provides mitigation recommendations which, if followed would allow for a lesser setback then the Development Authority may, at their sole discretion, approve a development with a lesser setback.
11. If the development is approved with the lesser setback, the Development Authority may require, as a condition of the approval of the permit, that the developer construct those works or abide by those conditions necessary to ensure the stability of the soils and slopes as determined in the assessment.
12. If any development is damaged or threatened with damage from flooding from a water body, a river, creek or watercourse, the landowner will be entirely responsible for any damage and for any works necessary for protecting the development from damage.

FIGURE 30: EXAMPLE OF SETBACKS FROM WATER COURSES AND WATER BODIES

13. If any development is damaged or threatened with damage from erosion or the effects of erosion, or from flooding or the effects of flooding, whether or not a development permit has been issued in respect of the development, the landowner will be entirely responsible for any damage and for any works necessary for protecting the development from damage.
14. The Development Authority will not approve a development permit application for the development or placement of permanent buildings within the 1:100 year flood way of any lake, river, creek, watercourse, or water body.
15. Development shall not be permitted on steep slopes (in excess of 15%), on unstable slopes or land characterized by soil instability, or on lands exhibiting evidence of poor drainage or flooding unless it can be demonstrated to the satisfaction of the Development Authority that unique site requirements warrant otherwise by providing a geotechnical report provided by a professional engineer registered in the Province of Alberta.

7.25 SITE GRADING AND DRAINAGE

1. In all cases, site grades shall be established to not allow one site to drain onto an adjacent site except where drainage conforms to an acceptable local or subdivision drainage plan. Further provisions relating to site grading and drainage may be found in the municipality's Community Standards Bylaw.

7.26 SITE PROTECTION FROM EXPOSURE HAZARDS

1. No anhydrous ammonia (AA) or liquefied petroleum gas tank or (LPG) storage tank with a fluid capacity exceeding 9080 L (2000 gal.) shall be allowed within the municipality.

7.27 SOUR GAS FACILITIES

1. No development shall be permitted within 100.0 m (328.1 ft.) of a Level 1 sour gas facility (consisting of a well) as determined by the Alberta Energy and Utilities Board.
2. No development shall be permitted within 500.0 m (1640.4 ft.) of a Level 2 sour gas facility as determined by the Alberta Energy and Utilities Board.

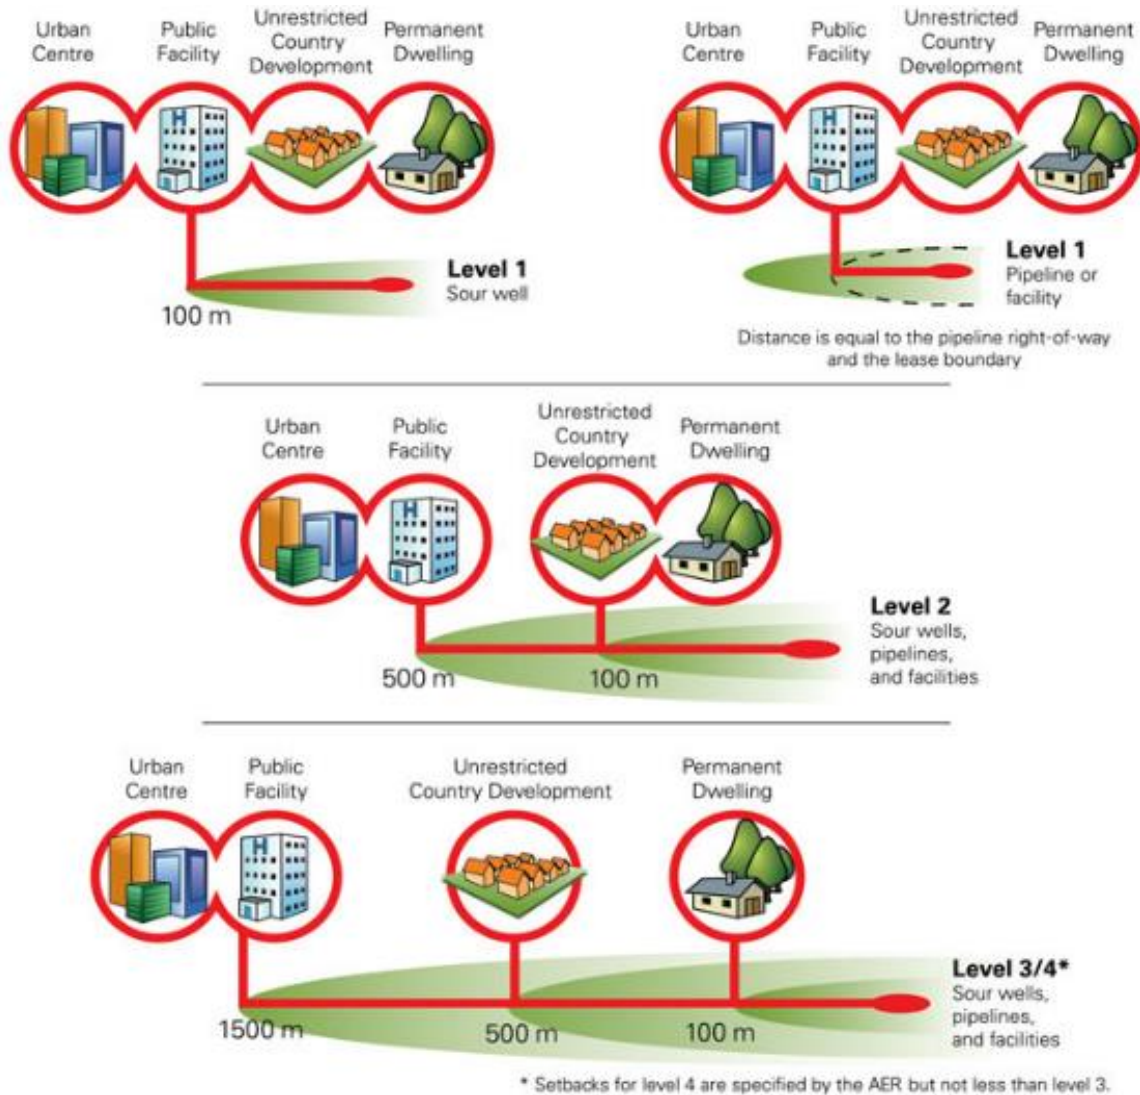

FIGURE 31: AER SOUR GAS SETBACK REQUIREMENTS

3. No development shall be permitted within 1500.0 m (4921.3 ft.) of a Level 3 or Level 4 sour gas facility as determined by the Alberta Energy and Utilities Board.

7.28 SUBDIVISION OF LAND

1. Where the development of land involves a subdivision of land, no development permit shall be issued until the subdivision has been tentatively approved by the Subdivision Authority.

7.29 TOP SOIL EXCAVATION

1. No person shall commence or continue the removal of topsoil without first obtaining a development permit. There shall be provided upon the occupancy of a development, a minimum topsoil coverage of 15.0 cm (5.9 in.) and the affected area shall be landscaped to the satisfaction of the Development Authority.

7.30 WATER SUPPLY, SANITARY FACILITIES AND NATURAL GAS

1. All development within the Town shall be provided, at no cost to the Town, with sanitary facilities to the satisfaction of the Development Authority. Sanitary facilities must comply with the Plumbing and Drainage Regulations and any other Provincial legislation or regulations.
2. A development permit shall not be issued for residential, commercial, industrial or recreational uses unless the Development Authority is satisfied that water supplies of sufficient quality and quantity are or will be made available to support the proposed development.
3. A development permit shall not be issued for residential, commercial, industrial or recreational uses unless the Development Authority is satisfied that natural gas supplies of sufficient quality and quantity are or will be made available to support the proposed development.

7.31 DRIVEWAYS *(AMENDED BY BYLAW 2023-26)*

1. In a RESIDENTIAL DISTRICT, the maximum width of the driveway shall be 7.3 m (24.0 ft.) and the remainder of the front yard shall be landscaped (Amended by Bylaw 2018-12).
2. In other DISTRICTS, the maximum width of the driveway shall be at the Discretion of the Development Authority.

8 SPECIAL PROVISIONS

8.1 AMUSEMENT GAME MACHINES AND ELECTRONIC GAME ARCADES

1. Any establishment containing amusement game machines as an accessory or principal use shall be located at least 150.0 m (592.1 ft.) from a principal school building. The minimum required distance from the principal school building to the location containing the amusement game machine(s) shall be calculated using the shortest walking distance using roads, lanes, or public walkways between the two points.
2. Adequate space shall be provided for each amusement game machine so as to allow its use without overcrowding. There shall be a maximum of one (1) machine per 2.3 m² (25 ft²) of net floor area (not including reception area, washrooms, and entrance and exit area).
3. A maximum of five (5) amusement game machines shall be considered as accessory to the following uses: convenience retail stores, shopping centres, hotels, and eating and drinking establishments. As accessory to these uses, amusement game machines may be allowed only if the floor area of such business is adequate, in the opinion of the Development Authority, to prevent overcrowding of patrons using the amusement game machines.
4. An amusement establishment in the form of an electronic games arcade may be allowed provided that:
 - a. traffic circulation and parking (vehicular and bicycle) can be adequately accommodated; and
 - b. the floor area of such businesses is adequate, in the opinion of the Development Authority, to prevent overcrowding of patrons using the amusement game machines.
5. Development permits shall be issued for a maximum of one (1) year only, and if the operator wishes to continue the use, must be renewed on an annual basis.

8.2 ANIMAL CARE AND RELATED USES

For regulations pertaining to animal care and related uses refer to: **Section 8.22 - Pet Keeping and Animal Breeding and/or Boarding Facilities** and **Section 8.49 - Veterinary Clinics** (*Amended by Bylaw 2018-12*).

8.3 ANIMAL HOSPITALS

1. Pens, rooms, exercise runs and holding stalls may be required to be soundproofed to the satisfaction of the Development Authority.
2. All development permit applications may be referred to the local Health Authority or animal control agency for comment.
3. No facility or exterior exercise runs that are used to accommodate the animals may be located within 6.1 m (20.0 ft.) of any property line adjacent to a dwelling or residential property.
4. All exterior exercise areas (runs) shall be enclosed with a fence acceptable to the Development Authority.
5. All dog facilities, including buildings and exterior exercise areas, may be required to be sited to the satisfaction of the Development Authority.
6. The Development Authority may regulate the hours that dogs are allowed outdoors.

7. Facilities which house animals overnight shall be equipped with an adequate number of indoor exercise runs relative to the maximum number of animals that can be housed.
8. A separate air extractor system shall be provided in the animal holding area where heating and air conditioning is shared with other developments

8.4 ANIMAL/BIRD REGULATIONS

1. The number of domestic pets and livestock allowed on a lot shall be determined by the Town's Animal Control Bylaw unless a permit has been issued for an animal breeding and/or boarding facility or similar use,

8.5 BED AND BREAKFAST ESTABLISHMENTS

1. A bed and breakfast establishment shall comply with the following regulations:
 - a. A bed and breakfast establishment shall not change the principal character or external appearance of the dwelling involved, and shall have a maximum of four (4) sleeping bedrooms in addition to those available for use by members of the family.
 - b. Cooking facilities shall not be located within the sleeping units.
 - c. In addition to any other parking requirements of this Bylaw, one (1) additional parking space shall be provided for each sleeping unit.
 - d. A bed and breakfast establishment shall comply with all of the requirements for a major home occupation described in Subsections (1) and (3) of **Section 8.13** hereof.

8.6 CAR WASHING ESTABLISHMENTS

1. Site Area
 - a. The minimum site area shall be 600 m² (6,458 ft²). The development shall contain space for eight (8) vehicles or three (3) vehicles per wash bay, whichever is greater, to wait or be parked prior to their entry into any part of the cleaning process for which they are bound, which space shall be paved or of a surface satisfactory to the Development Authority. In the case of service stations including car washes, minimum site area shall be 1114 m² (12,000 ft²).
2. Site and Building Requirements
 - a. All site and building requirements pertaining to drive-in businesses shall also apply to car washes.

8.7 CRIME PREVENTION THROUGH ENVIRONMENTAL DESIGN

1. During the review of a development permit application, the Development Authority may consider the following Crime Prevention Through Environmental Design (CPTED) principles, and make recommendations for the proposed development:
 - a. the reduction of concealment opportunities;
 - b. the provision of lighting to minimize unlit areas;
 - c. the placement of windows to maximize informal surveillance; and
 - d. easily identified street addresses.

8.8 COMMERCIAL DISTRICTS SITE AND ARCHITECTURAL GUIDELINES

1. Site Design Guidelines

Site design respects and enhances the surrounding natural and built environment. It integrates developments with neighbouring sites, promotes effective and safe pedestrian and vehicular circulation, and provides for needed site use requirements and storage.
2. Site Planning and Building Siting
 - a. Building along 50 Avenue between 47 Street and 52 Street shall be predominantly aligned with the front property line; however, parts of buildings may be setback slightly for visual interest or to accommodate outdoor social activities (outdoor cafes, patios, displays, and street furniture).
 - b. Corner sites shall be treated as community focal points and be of higher design quality.
 - c. Large pad developments should locate buildings along the periphery of the block and place buildings so as to interrupt large parking areas.
 - d. Buildings in large pad developments should be sited toward the front property line to best address the street and support a pedestrian environment where possible.
 - e. Quality on-site landscaping using hearty live vegetation shall be provided, and all elements shall be defined in site plans and be maintained as approved.
3. Access, Circulation and Parking
 - a. Vehicular access to parking areas should not be from 50 Avenue between 47 Street and 52 Street.
4. Parking areas should be located to the rear and side of buildings on 50 Avenue between 47 Street and 52 Street.
 - b. Parking areas in front of buildings is highly discouraged, but where accepted parking abutting streets shall be screened by high quality landscaping buffer along the sidewalk edge (i.e. a low wall, fence, berm, landscaping, etc.).
 - c. Large parking areas shall consider pedestrian safety and use interior landscaping islands to provide shade and to visually breakup large expanses of hard-surfacing.
 - d. Vehicular entrances to sites shall be well defined, and the use of high quality landscaping and entry features is encouraged.
 - e. Vehicular access to the site and parking shall be safe for the pedestrians using public sidewalks.
5. Service and Storage
 - a. Service and access and loading for sites along 50 Avenue and between 47 Street and 52 Street shall be from a side street or back alley.
 - b. Service, loading, and storage areas shall be effectively screened with quality elements where viewable from streets and public areas.
 - c. Screening elements shall be maintained as approved.
6. Architectural Design Guidelines
 - a. Architecture creates character by providing visual interest and human scale to the built environment.
7. Architectural Design Concept
 - a. Buildings along 50 Avenue, and located between 47 Street and 52 Street, shall emphasize the character of the existing downtown core buildings such as false fronts (i.e. adding vertical height and interest to 1-storey buildings), parapet and/or cornice treatments, upper windows, and appropriate signage.

- b. In all areas, building design shall promote diversity in form through the use of variation in architectural styles and façade treatments while maintaining compatibility with the surrounding architecture.
- c. Upon submission of a Development Permit application for newly constructed or proposed renovations for existing buildings along 50 Avenue and/or along 50 Street construction drawings shall show that the building will be constructed and/or modified to have a parapet roofline matching the style that already exists on the above identified roadways (*Amended by Bylaw 2018-20*).

8. Form and Massing

- a. Building facades along 50 Avenue between 47 Street and 52 Street shall form a continuous edge along the sidewalk with no single façade treatment being longer than 15 metres. Longer façade lengths should be interrupted by variations in planes (recessing or extending of façade), or by changes in material, etc.
- b. Building facades shall be provided with openings that are proportionate and located and regular intervals to create harmony, rhythm, and balance in the overall design.
- c. Building facades shall be made interesting by using: architectural treatments on building elements; variation of wall planes; building proportion; size and number of openings; roof and canopy extension; and, other similar creative architectural design treatments.
- d. Building on corners or the site periphery may have multiple facades and these shall incorporate façade type treatments.
- e. Doors and windows shall be human scale to create visual interest and promote interactions between the indoor and outdoor realms.
- f. Building facades along 50 Avenue, and located between 47 Street and 52 Street, shall have well defined entryways and large welcoming display windows with the maximum height of window sill from the floor level shall not exceed 0.9 metres.
- g. Windows and entryways shall comprise at least 30% of the front street level façade. Glazed facades are acceptable.
- h. Canopies, where utilized, shall be not be longer than the width of an individual bay and be of different colours and forms between developments. High standards in materials and shapes and sizes suitable to building architecture shall be used.
- i. Canopies shall function for shade, shelter, and/or architectural treatment, and should not be used as signage.
- j. Signage shall complement the façade emphasizing being creative, easily readable, and suitable to the overall building façade design.
- k. There shall be consistency and compatibility in signage design for multiple stores located in the same building or complex.

9. Colour and Exterior Materials (*Amended by Bylaw 2018-12*)

- a. Building facades, or any part of the building, visible from along 50 Avenue shall be aesthetically pleasing, be consistent with the existing theme, and incorporate high standards in materials, quality workmanship, and architecture.
- b. Brick, stone, stucco, glass, and durable wood-textured siding are encouraged for façade finishing materials. Other contemporary quality materials may be permitted if they are compatible with

neighbouring buildings and would contribute positively to the character of 50 Avenue. Low quality facades material including vinyl siding, painted concrete, and metal cladding are not acceptable façade materials.

- c. Use of combinations of complimenting materials is desirable.
- d. Colours should be used to enhance the appearance and aesthetic value of all buildings.
- e. Contrasting colours should be used for the door and window trim, eaves, fascia, beams, and columns.

The colour and exterior materials of buildings must be to the satisfaction of the Development Authority.

8.9 CONVERSION OF SINGLE DETACHED DWELLINGS TO OTHER USES

1. In considering any application for the conversion of a single detached dwelling into a commercial and/or office use, the Development Authority shall ensure that the Development complies with the following requirements:
 - a. Parking shall be provided in accordance with **Section 7.19** of this Bylaw, except that on-street parking may be taken into account and a number of on-street parking stalls subtracted from the number of off-street parking stalls required.
 - b. Off-street parking shall be located at the rear of the principal building and accessible from the lane only, except in the case of a corner lot where parking may be allowed between the side of the principal building and the public roadway, if the parking is screened from adjacent public roadways to the satisfaction of the Development Authority.
 - c. Where the conversion involves exterior renovation, such renovation shall be of a nature which maintains a height, exterior finish, design and coverage to the satisfaction of the Development Authority.
 - d. Existing healthy vegetation should be retained whenever possible and to the satisfaction of the Development Authority.
 - e. All signs shall be in keeping with the Sign Regulations of this Bylaw.

8.10 DAY USE AND PICNIC AREAS

1. A sufficient number of picnic tables, fire pits and garbage cans shall be provided to accommodate the design capacity of the site. Exact numbers shall be at the discretion of the Development Authority.
2. The facility shall be designed and landscaped in order to minimize disturbance to the natural environment and to protect heavy use areas from damage.
3. Where the day use area directly adjoins a residential development, adequate screening or fencing, to the satisfaction of the Development Authority, will be required between the uses.
4. Parking areas should be physically separated from the rest of the day use or picnic areas.

8.11 DRIVE-IN BUSINESSES

1. Access
 - a. Points of access and egress shall be located to the satisfaction of the Development Authority.
2. Site Area
 - a. The minimum lot area shall be 600 m² (6,458 ft²), and shall contain space for at least eight (8) customer vehicles to wait or be parked on the lot.
3. Site and Building Requirements
 - a. All parts of the site to which vehicles may have access shall be hard-surfaced and drained to the satisfaction of the Development Authority.
 - b. The site and all improvements thereon shall be maintained in clean and tidy condition, free from rubbish and debris.
 - c. Receptacles for the purpose of disposing of rubbish and debris shall be provided as required by the Development Authority.
 - d. The owner/operator of a drive-in shall be responsible for the safe and orderly operation of motor vehicles using the site.

8.12 GROUP HOMES, DAY HOMES, AND DAY CARE FACILITIES

1. All group homes, day homes, and day care facilities shall conform to regulations under the Safety Codes Act and any other relevant Provincial legislation and regulations.
2. In making a decision on a development permit for a group home, a day home, or a day care facility, the Development Authority shall consider, among other matters, if the development would be suitable for the location proposed, taking into account: potential traffic generation, proximity to park or other open or recreation areas, isolation of the proposed location from other residential uses, buffering or other techniques designed to limit any interference with other uses or the peaceful enjoyment of their properties by nearby residents, and consistency in terms of intensity of use with other development in the area.
3. In addition to all other regulations of this Bylaw, a group home development shall comply with the following regulations:
 - a. The maximum number of residents shall be established by the Development Authority who shall have regard for the nature of the group home and the density of the District in which it is located.
 - b. The group home shall not generate pedestrian or vehicular traffic or parking in excess of that which is characteristic of the District in which it is located.
4. In addition to all other regulations of this Bylaw, a day care facility development and a day home development shall comply with the following regulations:
 - a. The maximum number of children for which care may be provided in a day care facility shall be established by the Development Authority who shall have regard for the nature of the facility, the density of the District in which it is located, potential increases in traffic, and the location of the use in relation to other uses in the area of the development.
 - b. The maximum number of children for which care may be provided in a day home shall be established by the Development Authority who shall have regard for the nature of the day home, the density of the

District in which it is located, potential increases in traffic, and the location of the use in relation to other uses in the area of the development.

- c. Notwithstanding Subsection (4)(b) above, the number of children within a day home established within a dwelling unit in any Residential District shall not exceed six (6).
- d. A day care facility shall not normally be the principal use of a building within any Residential District.
- e. A day care facility in any non-residential District shall be in a separate facility, either within the principal building on the lot or in an accessory building, with a separate access to ground level and an adjacent playground area.
- f. All day cares shall provide a fenced play area, with the location and size of the area and the composition and height of the fencing to be to the satisfaction of the Development Authority.

8.13 HOME OCCUPATIONS

1. All development permits issued for home occupations shall be revocable at any time by the Development Authority, if, in its opinion, the use is or has become detrimental to the amenities of the neighbourhood in which it is located.
2. A major home occupation shall comply with the following regulations:
 - a. There may be a limited volume of on-premises sales.
 - b. Pedestrian or vehicular traffic or parking, shall not, in the opinion of the Development Authority, be generated in excess of that which is characteristic of the District in which the major home occupation is located.
 - c. The number of non-resident employees or business partners working on-site shall not exceed two (2) at any time.
 - d. Storage related to the business activity and the business activity itself may be allowed in either the dwelling or accessory buildings.
 - e. The major home occupation shall not be allowed if, in the opinion of the Development Authority, such use would be more appropriately located in a Commercial or an Industrial District, having regard for the overall compatibility of the use with the residential character of the area.
3. A minor home occupation shall comply with the following regulations:
 - a. All sales relating to the home occupation shall occur off the premises.
 - b. No person shall be employed on-site other than a resident of the dwelling unit.
 - c. There shall be no more than five (5) client or customer visits to the home occupation per week.
 - d. Storage related to the business activity and the business activity itself shall only be allowed inside the dwelling and not in an accessory building. A minor home occupation does not involve the display of goods in the interior of the residence.
4. All home occupations shall comply with the following requirements:
 - a. No home occupation shall change the principal character or external appearance of the dwelling involved.
 - b. No more than 20% or 30 m² (323 ft²), whichever is less, of the dwelling unit shall be occupied by the home occupation.

- c. There shall be no outdoor business activity, or outdoor storage of material or equipment associated with the home occupation allowed on the site.
- d. The home occupation shall not create any nuisance by way of noise, dust, odour, or smoke, or anything of an offensive or objectionable nature.
- e. There shall be no mechanical or electrical equipment used which creates external noise, or visible or audible interference with home electronics or computer equipment in adjacent dwellings.
- f. In addition to a Development Permit Application, each application for a home occupation shall be accompanied by a description of the business to be undertaken in the dwelling, an indication of the anticipated number of business visits per week, and details for the provision of parking along with other pertinent details of the business operation.
- g. When a development permit is issued for a home occupation, such permit shall be terminated should the applicant vacate the property for which the permit has been issued.
- h. Home occupations shall not involve:
 - i. activities that use or store hazardous material in quantities exceeding those found in a normal household; or
 - ii. any use that would, in the opinion of the Development Authority, materially interfere with or affect the use, enjoyment, or value of neighbouring properties.

8.14 INDUSTRIAL DEVELOPMENT

1. The Development Authority may request advisory comment from various departments within the Provincial and Federal Government and/or from the Health Authority, when considering an application for the establishment of an industrial use.
2. All site regulations and development requirements, including any requirement for buffers, shall be based upon the type of industrial development proposed and shall be at the discretion of the Development Authority.
3. A development permit for an industrial use may only be issued if, in the opinion of the Development Authority, the applicant can satisfy the Development Authority with respect to any concerns about:
 - a. The type and level of exhaust that may be emitted into the atmosphere by the proposed development;
 - b. Servicing requirements and provisions for meeting them; and
 - c. Any costs associated with providing new or upgraded municipal services associated with the proposed development.
4. Industrial activities may be subject to a development agreement between the developer and the Town

8.15 LICENCED INDUSTRIAL HEMP PRODUCTION FACILITY AND/OR PREMISES

1. The desirable compatibility between Licensed Industrial Hemp Production Facilities, and mitigation of possible adverse land use impacts, with surrounding land uses shall be recognized using this section. However, facilities shall comply with all Land Use Bylaw and policies requirements and any applicable Federal and Provincial regulations.
 - a. All applications shall comply with development policies for the identified district in addition to the provisions established in this Bylaw.

- b. The production of Industrial Hemp as defined in the Industrial Hemp Regulations (IHR), SOR/98-156 (Canada), as amended or any subsequent legislation that may be enacted in substitution.
 - c. Buildings and uses accessory to permitted uses.
- 2. Any Licensed Industrial Hemp Production Facility must comply with the following requirements, in addition to any other municipal or provincial regulations or requirements:
 - a. In addition to the requirements of this section, a Licensed Industrial Hemp Production Facility must meet all applicable requirements of the identified district, which allows for the use.
 - b. Only facilities licensed by Health Canada under the IHR (SOR/98-156), or as amended, will be permitted.
 - c. A copy of the current license for the Licensed Industrial Hemp Production Facility as issued by Health Canada shall be provided to the Development Authority before a permit can be issued.
 - d. A Licensed Industrial Hemp Production Facility shall be the primary use of the lot(s) or parcel(s).
 - e. The Licensed Industrial Hemp Production Facility must not operate in conjunction with another use on the lot(s) or parcel(s).
 - f. Marijuana products must not be smoked, ingested, or otherwise consumed on the Premises of a Licensed Industrial Hemp Production Facility.
- 3. Permitting

The Development Authority may require an applicant for a Development Permit for a Licensed Industrial Hemp Production Facility to have any or all of the following information be prepared by a qualified professional and have it included with the application:

 - a. Waste Management Plan
 - b. Environmental Assessment

2. No structure accessory to a recreational vehicle shall be used as sleeping quarters.
3. The total gross floor area or ground area covered by all accessory structures and buildings or recreational vehicles shall not exceed fifty percent (50%) of the size of the lot on which the recreational vehicle campground is located.

8.30 SATELLITE DISHES

1. Satellite television dishes over 0.6 m in diameter shall not be permitted within a yard abutting a public street in any residential district and shall meet the district regulations for accessory buildings in the district in which they are provided.
2. Satellite dishes over 0.6 m in diameter shall not be permitted on a street facing roof of a building in, or abutting, a residential district, nor shall they be visible from the road if placed on the roof of any building.
3. Satellite dishes shall be of a colour that, in the opinion of the Development Authority Officer, is compatible with the surrounding area.
4. No advertising shall be displayed on satellite dishes.

8.31 SHIPPING CONTAINERS

1. The placement of a shipping container on any lot in the municipality requires a development permit unless a permit has been issued affecting the subject site for a shipping container storage or sales facility.
2. No shipping container may be located on a lot in any residential district unless a development permit has been issued for the temporary placement of a single shipping container on a lot during construction for the purpose of storing construction materials.

An occupancy permit for the proposed development will not be issued for any development on the site until the shipping container is removed to the satisfaction of the Development Authority.

3. The maximum number of shipping containers that may be placed on a lot in the C1, C2 or M1 District is at the discretion of the Development Authority.
4. Notwithstanding any other provision in this Bylaw, in the Urban Reserve District a maximum of two (2) shipping containers may be placed on a lot without a development permit.
5. If a temporary development permit for a shipping container has been approved by the Development Authority, then the shipping container will be allowed to be placed on a site for a period of 6 months. After that period has expired the developer will be required to apply to the Town for an extension for the permit. Extensions may be issued for up to six (6) month intervals at the discretion of the Development Authority.

6. Shipping containers may not be stacked. The maximum height for a shipping container allowed on a parcel is 3.0 m (9.8 ft.).
7. Shipping containers temporarily located in a Residential District may be a maximum of 6.0 m (19.7 ft.) in length.
8. The exterior finish of a shipping container located on a Commercial District must be consistent with the finish of the primary building on the lot unless the shipping containers are associated with an approved shipping container retail or rental establishment.
9. Shipping containers, in their original form, cannot be used as a dwelling, bunk house or a guest house within the municipality.
10. No human or animal habitation will be allowed within a shipping container, unless:
 - a. the shipping container has been used as a building material; and modified to meet Alberta Building Code requirements for the end use; and
 - b. a development permit has been issued for the end use.

8.32 SERVICE STATIONS & GAS STATIONS

1. Service stations shall be developed in such a manner that:
 - a. no entrance or exit thereto for motor vehicles shall be located within 60.0 m (196.9 ft.) of an entrance to or exit from a fire hall, public or private school, playground, library, place of worship, hospital, children's or senior citizen's home, or other similar public or quasi-public institutions;
 - b. no part of any building or any pump or other accessory building, structure, or use shall be located within 6.0 m (19.7 ft.) of a side or rear line;
 - c. there shall be a front yard of not less than 12.0 m (39.4 ft.), provided, however, that gasoline pumps may be located as little as 6.0 m (19.7 ft.) from the front line; and
 - d. all fuel storage tanks shall be set back from adjacent buildings in accordance with Regulations passed pursuant to the Safety Codes Act.
2. Site Area and Coverage
 - a. The minimum site area shall be 670.0 m² (7200 ft²) and the maximum building coverage shall be 25% of the site area. When a car wash is included, the minimum shall be 1114.0 m² (12,000 ft²).
 - b. In the case of a service station designed and built as part of a shopping centre, the ratio of building space to parking space shall be as determined by the Development Authority.
3. Use and Maintenance of Site and Building

The owner, tenant, operator or person in charge of a service station shall, at all times:

- a. not carry on the business of a public garage or parking garage (provided, however, that this shall not prevent the use of garage space available in any authorized service station for storage) or of any business or activity which is obnoxious or offensive, or which constitutes a nuisance or annoyance to residences or businesses in the immediate vicinity of the service station by reason of dust, noise, gases, odour smoke or vibration;

- i. be responsible for the proper, safe and orderly operation thereof of motor vehicles using said service station, or being repaired or serviced thereat, and without restricting the generality of the foregoing shall see:
 - ii. that operators of motor vehicles do not obstruct the sidewalks and boulevards abutting or adjacent to the service station, and
- b. that operators of motor vehicles enter and leave the service station only at the entrances and exits provided for such purposes and not elsewhere; and
 - c. maintain on the boundaries of the site, where required by the Development Authority, an appropriate fence not less than 1.5 m (4.9 ft.) in height.

8.33 SHOPPING CENTRES

1. The maximum building height shall be 10.7 m (35.1 ft.) or two (2) storeys, whichever is greater.
2. The maximum floor area shall be equal to the site area; however, all other regulations of this Bylaw, such as required yards, parking and loading requirements, etc. shall be adhered to.
3. **Section 8.37** of this Bylaw contains additional provisions relating to shopping centre signs.
4. All shopping centres shall satisfy the Development Authority as to:
 - a. the orientation, exterior design, and architectural appearance of buildings,
 - b. the location of development in relation to adjacent land uses,
 - c. vehicular traffic flow patterns within and access to and from the site,
 - d. safe pedestrian access and egress within the site and from any pedestrian way, and
 - e. the location of exterior signs.
5. A shopping centre shall only contain those uses listed as permitted or discretionary uses within the District in which the shopping centre is located.
6. The Development Authority may require any other matters, regulations, or conditions relating to the development as, in his opinion, are necessary, having regard to the nature of the proposed shopping centre development and adjacent land uses.

8.34 SHOW HOMES

1. A development permit application for a show home shall be accompanied by information indicating:
 - a. the location and area intended as the site for the show home,
 - b. proposed parking, exterior lighting and signs.
2. Development permits shall be issued for a maximum of one (1) year only, and if the operator wishes to continue the use, must be renewed on an annual basis.
3. The appearance of the building shall, in the opinion of the Development Authority, be compatible with the character of other buildings in the vicinity.

8.35 SIDEWALK CAFES

1. A sidewalk café permit is valid from the date of issuance for one (1) year and may be renewed annually. In order to renew the permit, the developer must provide the municipality with a request indicating that there will be no changes to the sidewalk café. If any changes are required, the developer must make application for a new permit.
2. If the applicant is not the owner of the property, authorization and written permission of the property owner is required and must accompany the application.
3. A development permit will authorize only the consumption of food within the sidewalk seating area and not liquor.
 - a. A permit holder who intends to serve alcohol inside any temporary sidewalk seating area requires a separate license from the Alberta Gaming and Liquor Commission. A copy of that license is to be provided to the municipality.
 - b. A copy of any approval from any involved Health Authority is to be provided to the municipality.
4. The area designated for the sidewalk café shall be considered an extension of the principal building and business; therefore, the location of the sidewalk café must be directly in front of the building.
5. The following information must be provided with the application:
 - a. details of the proposed furniture or manufacturers' brochures,
 - b. site plan showing all existing buildings, proposed café area and setbacks,
 - c. layout of the furniture including signage, tables, chairs, placement and number of planters and all other accessories,
 - d. location, structure and dimensions of any portable walls/barriers,
 - e. location of all doorways, windows and service openings,
 - f. length of restaurant/café frontage,
 - g. distance from property line to curb,
 - h. proposed width and length of sidewalk seating/café, and
 - i. proposed total area of sidewalk seating/café.
6. Furniture
 - a. Applicants are encouraged to select furniture that is compatible with the outdoor environment. The furniture should be strong, durable, waterproof and weather resistant, designed for commercial outdoor use.
 - b. The furniture must fold or stack for storage, and if located on public right-of-way, be readily removed and stored within the associated indoor premises during non-business hours.
 - c. The number of tables and chairs placed within a sidewalk area must allow unobstructed access and circulation for patrons and staff (See Figure 31).
 - d. The permit holder is responsible for ensuring that all furniture remains within the approved sidewalk seating area. No fixed tables or chairs may be used. Developers of sidewalk cafes shall be mindful of the rights of pedestrians travelling past their sidewalk café at all times during the operation of the sidewalk café. In order to ensure this, a sidewalk café is required to maintain a clear path of at least 1.5 m. (4.9 ft.) minimum at all times. In areas of higher pedestrian traffic or activity or in conditions that suggest the need for additional clearance, a clear pedestrian path greater than 1.5 m. (4.9 ft.) may be required by the Development Authority.

7. Use of Umbrellas
 - a. Umbrellas should be secured to ensure that they can withstand the effects of wind.
 - b. Umbrellas shall be removed or closed in extremely windy conditions and be removed when the outdoor seating area is not in use (off season).
 - c. Umbrellas shall not be attached to railings.
 - d. Umbrellas shall not encroach on, or interfere with pedestrian movement, and at least 2.0 m (6.6 ft.) in height.
 - e. Umbrellas shall be manufactured from fire retardant material.
 - f. Umbrellas shall be market style (not beach umbrellas),
8. Lighting
 - a. Lighting for sidewalk cafes may be utilized if approved by the Development Authority. Any such lighting shall compliment the exiting building and sidewalk café design and shall not cause a glare to passing pedestrians or vehicles.
9. Outdoor Heaters
 - a. Outdoor heaters may be utilized upon the approval of the Development Authority.
10. Limitations on use
 - a. No portion of a sidewalk seating/café area may be used for any purpose other than seating, dining or circulation.
 - b. No portion of a sidewalk seating/café area may be used for the storage of and sale of merchandise or objects other than those intended for seating, dining or circulation.
 - c. The permit holder will bear all financial responsibility for any and all improvements necessary to the public space, both within and surrounding the sidewalk seating area.
 - d. Smoking is prohibited at all sidewalk/café locations. The Tobacco Reduction Act, 2008 requires that managers or owners strictly enforce this requirement or be liable to fines.
11. Operations
 - a. Hours of operation of an outdoor sidewalk seating area/café are 8:00 a.m. to 10:00 p.m. or as stated in the approved Development Permit.
 - b. Sidewalk seating areas must conform to noise regulations of the current municipal Bylaw and shall be prohibited from playing amplified music, whether live or recorded.
12. Business Licensing
 - a. The principal establishment for each approved sidewalk seating area shall have a valid municipal Business License.

13. Waste Management

- a. The permit holder will ensure sidewalk seating areas are maintained in a clean and hygienic state at all times and the following requirements will apply:
 - iii. Tables and chairs shall be kept clean and litter shall be removed from in and around the seating area and disposed of within the commercial garbage provisions on site.
 - iv. Furniture, barriers and/or planters shall be clean, in good order and well presented.
 - v. Sidewalk seating debris must not be swept or allowed to enter into gutters, parking or traffic lanes, storm-water, catch-basins or pedestrian walkways.

14. Reinstatement of a Public Place

- a. Every sidewalk seating area shall be temporary in nature and designed so that the entire structure including chairs, tables, fencing, and planters can be easily removed during periods of non-use.

Insurance Requirements

- a. The permit holder will be required to hold valid comprehensive general liability insurance to the satisfaction of the municipality but the limit shall not be less than \$1,000,000 per occurrence, \$1,000,000 in the aggregate combined single limit, for bodily injury, personal injury and property damage liability.
- b. The municipality shall be named as an additional insured for any liability arising directly or indirectly from the operation of a sidewalk café located on a public right-of-way.

15. Renewals and Amendments

- a. Development permits must be renewed annually. The permit holder shall submit their request for renewal in writing.
- b. A permit holder will be required to submit an application in writing to the Development Authority for any amendment to their existing sidewalk seating plan.

16. Approval of a sidewalk café permit will require, as a conditional of approval, that the Development Authority and the Fire Chief conduct a site inspection of the approved sidewalk café and all elements placed therein after construction to ensure that the sidewalk café and all sidewalk café elements are in compliance with the approved permit and that the developer is in compliance with all other requirements of the permit before any use of the sidewalk café may commence.

The issuance of a sidewalk café permit is a privilege granted by the municipality. The municipality requires compliance with all rules and regulations as well as to have respect for the community in which the café is located. The Development Authority and Bylaw Enforcement Officer will monitor the operation of the sidewalk café and are empowered to issue citations for bylaw violations and may also result in the revocation of the development permit.

8.36 SIGN REGULATIONS (GENERAL)

1. Exemptions from sign regulations
 - a. In addition to the exceptions indicated in **Section 3.2** of this Bylaw, the following signs shall be exempted from the provisions of the regulations in this Part:
 - i. signs which are not visible to the public from the exterior of the building;
 - ii. signs displayed in or on an operated vehicle;
 - iii. signs displayed on door plates, door boards, or kick plates.
 - b. The following specified signs, provided that the development of the sign satisfies any requirements specified in this Bylaw for the particular sign:
 - i. statutory and official notices and functional advertisements of local authorities,
 - ii. traffic and directional signs authorized by Council,
 - iii. signs of identification in respect to the land or buildings on which they are displayed, or to the businesses or occupants of the land or buildings on which they are displayed, provided that:
 1. each notice or name plate does not exceed 0.2 m² (2 ft²) in area, and
 2. no more than one (1) notice is provided for each occupant or each firm or company represented within the building, at one (1) entrance on each different road or highway;
 - c. notices on land or buildings used for religious, educational, cultural, recreational, hospital or similar public uses, provided that:
 - i. each notice does not exceed 1.1 m² (12 ft²) in area, and
 - ii. no more than one (1) notice is provided for each side of the land or buildings on each different road;
 - d. temporary signs referring to sales which are displayed upon the site at which such sales will be or are being conducted, provided that:
 - i. such signs are not illuminated and are displayed for a short period of time only, and
 - ii. such signs are not to be erected more than seven (7) days before the commencement of the sale to which they refer, and are removed within eight (8) days of the completion of the said sale;
2. Notwithstanding any other provisions of this bylaw, a Sign, directional can be erected in any district provided that:
 - a. A Development Agreement with the Town is signed.
 - b. The sign and/or location does not interfere with traffic, circulation, and public safety.
 - c. The sign is adequately anchored to the ground.
 - d. The sign is not erected before the Development Agreement is signed and the servicing of the development has been initiated. Doing earthwork (stripping, grading, digging, etc.) will be considered initiating development for the purpose of this requirement.
 - e. The sign is removed at the Final Acceptance Certificate (FAC) or the sale of 75% of the properties, whichever comes first.
 - f. The sign total height and dimension does not exceed:
 - i) A total height of 2.44 m (8 feet).
 - ii) 1.21 m (4 feet) in width of the sign copy area.
 - iii) 1.82 m (6 feet) in height of the sign copy area.

- g. A maximum of two (2) Sign, directional per new development can be erected within Town boundaries.
(Amended by Bylaw 2024-02)

8.37 SIGNS IN THE C1, C2, M1, & M2 DISTRICTS

1. General Provisions

- a. For each building which contains office uses, one identification sign only, not to exceed 3 m² (32 ft²) in area, shall be allowed.
- b. “Excepting “sign, wall”, no part of any sign shall be higher than 6 meters (19.7 ft) above grade. Sign, wall will be allowed on the façade of a building at any height and in accordance with section 8.37 of the Land Use Bylaw. *(Amended by Bylaw 2023-05)*
- c. Where a sign is not detached, it shall be placed flat against the building or be designed as part of an architectural feature thereof, or be a canopy sign.
- d. Only one sign on a building shall be allowed to indicate each occupancy within that building. The wall sign total area cannot exceed 20% of the façade on which its located. In a building designed for multiple bays, the ratio will be calculated in regards to the bay where the occupant is located. *(Amended by Bylaw 2022-20)*
- e. If the occupancy is on a corner site, one wall sign shall be permitted for each face of the building.
- f. If the building includes a canopy, each tenant shall be permitted one under-canopy sign of no more than 0.5 m² (5 ft²).
- g. No sign shall be erected which would be in view of the public from public or private property except where a permit specifying permitted locations has been granted, or where a permit for such a sign is not required pursuant to this Bylaw.
- h. Quality, aesthetic character and finishing of sign construction shall be to the satisfaction of the Development Authority.
- i. Where, in the opinion of the Development Authority, a proposed sign might be objectionable to a resident in an adjacent Residential District, he may impose such other regulations as he feels would protect the interest of residents.

2. Size of Signs

- a. Except as otherwise specified in this bylaw, the maximum area of any sign shall be 20 m² (215 ft²).

3. Sign Location

- a. Minimum yard requirements shall be observed for any sign located on a parcel and, at the discretion of the Development Authority, the sign shall not be further than 30.0 m (98.4 ft.) from the principal building.

4. Removal of Signs

- a. The Development Authority may refer to Council for its consideration of a resolution on the removal, repair or renovation of any sign which, in his opinion, is or has become unsightly, or is in such a state of disrepair as to constitute a hazard.

5. Flashing Signs

- a. Flashing, animated or interiorly illuminated signs shall not be allowed where, in the sole opinion of the Development Authority, they might:

- i. affect residents in adjacent housing, or Residential Districts, or
- ii. interfere with the interpretation of traffic signs or controls.

6. Freestanding Signs

- a. One freestanding sign may be allowed per site exclusively for the business located onsite, except:
 - i. where a site has in excess of 90.0 m (295.3 ft.) business frontage, one additional freestanding sign may be erected for each additional 90.0 m (295.3 ft.) or portion thereof of business frontage abutting the developed portion of the said site, or
 - ii. where a site is considered to be double fronting by the Development Authority, each frontage may have a freestanding sign provided that the signs are no closer than 90.0 m (295.3 ft.) apart.
- a. The total area of all freestanding signs on each site shall not exceed 0.3 m² (3 ft²) in area for each metre of business frontage of the developed site, to a maximum of 19 m² (204 ft²) for each sign.

7. Projecting Signs

- a. No sign shall project across lot boundaries unless permission in writing has been granted as a condition of an approved development permit.
- b. The absolute limits of projection shall be 1.0 m (3.3 ft.) from the property line and 0.6 m (2.0 ft.) back from the existing or proposed curb.
- c. No projecting sign shall have less than 3.0 m (9.8 ft.) clearance between the bottom of the sign and the ground level immediately below it.
- d. In no case shall projecting signs for the same development be located closer than 90 m to each other, except on corner sites where the signs are located around the corner from each other.

8. Roof Signs

- a. Roof signs shall be developed so that they appear as an architectural feature of the building on which they are located.
- b. No supporting structure shall be visible to the public unless finished in an aesthetically pleasing manner to the satisfaction of the Development Authority.
- c. Roof signs shall be set back at least 1.0 m (3.3 ft.) from the edge of the building.

9. Wall Signs

- a. Buildings fronting on more than one road right-of-way may not combine permissible signs for one frontage with another frontage for the purposes of placing the combined area or types of signs on one frontage.
- b. Any identification wall signs with non-illuminated letters up to but not exceeding 7.5 cm (3.0 in.) in height or 0.4 m² (4 ft²) in area are not restricted and may be permitted in addition to regulated signs.

10. Off-Site Signs

- a. Notwithstanding other regulations in this Bylaw, at the sole discretion of the Development Authority, off-site signs may be developed subject to the following regulations:
 - i. On the same road and facing the same traffic flow, off-site signs shall not be placed closer together than 90.0 m (295.3 ft.). Double-face off-site signs shall be considered to face both directions of flow.
 - ii. The maximum size of the off-site sign face shall not exceed 28 m² (301 ft²).

- iii. Where the back of the off-site sign is visible it shall be suitably painted or otherwise covered to present a neat and clean appearance. Angle iron shall not be open to public view unless finished in an aesthetically pleasing manner to the satisfaction of the Development Authority.
- iv. No part of an off-site sign shall be in a front yard, except where an off-site sign is located between two buildings that are each within 30.0 m (98.4 ft.) of the said sign, in which case no part shall be closer to any road right-of-way than a line drawn from the nearest front corner of the two buildings.
- v. No part of any off-site sign within 200.0 m (656.2 ft.) of the edge of the pavement of a highway shall be more than 7.5 m (24.6 ft.) above the grade of the highway or 15.0 m (49.2 ft.) above the grade of the site of the sign, whichever is the highest.

8.38 SIGNS IN RESIDENTIAL DISTRICTS

1. Except as provided in Subsections (2) to (5) below, no sign shall be permitted in Residential Districts except for places of worship, schools or other public institutions, in which case Subsection (5) shall apply.
2. An approved home occupation may display a sign, not larger than 0.2 m² (2 ft²) on the dwelling. If outside, the sign shall be placed flat against the wall of the dwelling or may be displayed from the inside of a window of the dwelling.
3. Name or number signs shall have a surface area of no more than 0.3 m² (3 ft²).
4. For multiple family dwellings and boarding houses, one (1) identification sign not exceeding 2.32 m² (25 ft²) in area may be allowed on each site, provided that the sign:
 - i) is located a minimum of 2 m (6.56 feet) away from all property lines,
 - ii) height is 1.82 m (6.0 feet) or less, and
 - iii) does not interfere with public safety. (*Amended by Bylaw 2024-02*)
5. All exterior signs shall be placed flat against the building or designed as part of an architectural feature.

8.39 SIGNS RELATED TO INSTITUTIONAL USES

1. In any District where an institutional use is allowed, one sign of not more than 2 m² (21 ft²) in area shall be permitted to be erected on the site occupied by the institutional use.

8.40 SIGNS FOR ADULT EXCLUSIVE AND ADULT ENTERTAINMENT BUSINESSES

1. Notwithstanding any other provision of this Bylaw to the contrary, the construction or placement of any sign for any adult-exclusive business, that is, any business into which premises only adults may be allowed in accordance with Provincial or Federal legislation or regulation, shall require approval of a development permit by the Development Authority, and such approval shall be given only at the sole discretion of the Development Authority.
2. Application for such a permit shall include details as to the copy (that is, words or pictures) that may be on the sign and the lighting of the sign. In considering approval of the sign, the Development Authority shall give due consideration to all matters that he deems reasonable from the perspective of the municipality's amenities. If approved by the Development Authority, the copy and lighting of the sign may not vary beyond that which is approved by the Development Authority.

8.41 SIGNS (FREE STANDING PORTABLE) IN OTHER DISTRICTS

1. Number of Free-Standing Portable Signs on a lot
 - a. Not more than one free-standing portable sign shall be displayed on a lot.
 - b. Notwithstanding Subsection (1), one free-standing portable sign may, at the discretion of the development authority, be permitted for each business in a multiple occupancy development provided that no free-standing portable sign is located closer than 15.0 m (49.2 ft.) from another.
3. Location of Free-standing Portable Signs
 - a. Free-standing portable signs shall not be allowed in the UR District.
 - b. Free-standing portable signs shall not be placed on a site so as to conflict with parking, loading and walkways.
4. Prohibition on Public Lands
 - a. No free-standing portable signs shall be permitted within a road right-of-way.
 - b. No free-standing portable sign shall be permitted on land owned by the Crown or the municipality.

8.42 SMALL RADIO COMMUNICATIONS TOWERS

1. Small radio communication towers, where allowed as a discretionary use under this Bylaw, shall require an application for a Development Permit and may be approved provided that the structure and apparatus:
 - a. have Industry Canada approval;
 - b. are camouflaged and, as far as possible, have the appearance and aesthetic of other buildings allowed in the District;
 - c. meet the setback requirements of the District or meets setback requirements that are satisfactory to the Development Authority;
 - d. be limited to a maximum height of 18.0 m (59.1 ft.) at its highest point. The height of a ground-mounted antenna and support structure shall be determined by measurement from the point at which the support structure enters the typical ground surface to the top of the antenna at its highest position;
 - e. be a free-standing, ground-mounted unit;
 - f. notwithstanding Subsection (e) above, be a roof-mounted unit where the applicant can demonstrate that a ground-mounted unit would prohibit adequate transmission or reception of radio signals. The antenna and support structure of a roof-mounted unit shall be installed on the roof of a building to a maximum combined height of 18.0 m (59.1 ft.) from the typical ground surface to its highest point;
 - g. be located in a rear yard only;
 - h. not be illuminated, nor have attached to it any advertising, graphics, flags or other elements unrelated to its function as a component of a radio signal transmitting and receiving device;
 - i. be landscaped to screen the base of the antenna and reduce negative visual impact on adjacent properties. The Development Authority Officer may require screening and landscaping around the lower portion of the support structure where, in the opinion of the Development Authority Officer, such measures would reduce potential negative visual impact of the structure on adjacent properties.
2. All small radio communications towers shall have landscaping that reflects the typical landscaping in the District.

3. The development of all small radio communications towers shall follow the regulations of Industry Canada including public consultation as required.

8.43 SOLAR ENERGY CONVERSIONS SYSTEMS

1. Ground mounted solar energy conversion systems shall be located in a side or rear yard only.
2. When a solar energy conversion system is installed on a lot, accessory structure or vegetation on an abutting lot shall not be located so as to block the solar collector's access to solar energy. The portion of a solar collector that is protected is the portion which:
 - a. is located so as not to be shaded between the hours of 10:00 a.m. and 3:00 p.m. by a hypothetical 12-foot obstruction located on the lot line; and
 - b. has an area not greater than one-half of the heated floor area of the structure, or the largest of the structures, to be served.
3. Subsection (2) above does not apply to structure or vegetation existing in an abutting lot at the time of installation of the solar energy conversion system, or the effective date of this Bylaw, whichever is later. Said subsection controls any structure erected on, or vegetation planted in, abutting lots after the installation of the solar energy conversion system.

8.44 SUITE, GARAGE

1. A garage suite shall only be allowed, where provided for in a Land Use District, on a lot occupied by a single detached dwelling.
 - a. A garage suite shall not be allowed on a lot with a duplex, fourplex, row house or apartment.
 - b. A maximum of one (1) garage suite is allowed on any lot on which a single detached dwelling is located.
 - c. If a garage suite is developed on a lot then no additional garden suite, in-law suite or secondary suite shall be allowed.
 - d. A garage suite shall remain accessory to and subordinate to the principal dwelling and shall not exceed 80.0 m² (860.0 ft²) in floor area.
 - e. A garage suite shall remain accessory to and subordinate to the use of the garage.
 - f. The minimum floor area for a garage suite is 30.0 m² (322.9 ft²).
 - g. Shared mechanical rooms and common areas shall be excluded from the floor area calculation of the garage suite.
 - h. A garage suite includes, but not limited to, a food preparation area, counter/cupboard space, sink, refrigerator, stove or provision of 220 volt wiring and toilet with bathing facilities.
 - i. A garage suite shall have an entrance separate from the entrance to the garage, either from a common indoor landing or directly from the exterior of the structure.
 - j. At grade garage suites shall have a maximum height of 4.5 m (14.8 ft.).
 - k. Above grade garage suites shall have a maximum height of 5.5 m (18.0 ft.) for suites with a flat roof, and 6.5 m (21.3 ft.) for suites with a sloped roof, provided that the maximum height of the accessory building in which the garage suite is located is not higher than the height of the principal dwelling.

- l. Prior to development permit approval, the developer must submit, along with an application for a development permit, a parking plan that indicates the location and size of the onsite parking spaces.
 - m. A minimum of two (2) on-site parking spaces for the dwelling and one (1) on-site parking spaces for the garage suite – is required. Tandem parking may be permitted at the discretion of the Development Authority.
 - n. Windows contained within a garage suite shall be placed and sized such that they minimize overlook into yards and windows of abutting properties through one or more of the following:
 - i. off-setting window placement to limit direct views of abutting rear or side yard amenity areas, or direct view into a garage suite window on an abutting site;
 - ii. strategic placement of windows in conjunction with landscaping or the placement of other accessory buildings; and
 - iii. replacing larger windows such as living room windows, to face a lane, a flanking street, or the larger of any side yard abutting another property.
2. A maximum of one (1) garage suite will be allowed on a site occupied by a single detached dwelling.

8.45 SUITE, GARDEN

1. A garden suite shall only be allowed, where provided for in a Land Use District, on a lot occupied by a single detached dwelling.
2. A garden suite shall not be allowed on a lot with a duplex, fourplex, row house or apartment.
3. A maximum of one garden suite is permitted per lot where allowed on parcels under 0.8 ha (2.0 ac) in area.
4. If a garden suite is developed on a lot then no additional garage suite, in-law suite or secondary suite shall be allowed.
5. Notwithstanding any other provisions in this Bylaw, a garden suite shall only be permitted to be constructed on a lot concurrently with the main use or after the main use on the lot has been built.
6. The exterior finish of a garden suite must be well maintained and consistent with the finish of the primary dwelling on the lot.
7. A garden suite includes, but not limited to, a food preparation area, counter/cupboard space, sink, refrigerator, stove (or provision of 220 volt wiring) and toilet with bathing facilities.
8. The minimum floor area for a garden suite shall be 30.0 m² (322.9 ft²).
9. A garden suite shall remain accessory to and subordinate to the principal dwelling and shall not exceed 80.0 m² (860.0 ft²) in floor area.
10. Garden suites shall have a maximum height of 4.3 m (14.1 ft.).
11. A minimum of two (2) on-site parking spaces for the dwelling and one (1) on-site parking spaces for the garden suite – is required. Tandem parking may be permitted at the discretion of the Development Authority.
12. Windows contained within a garden suite shall be placed and sized such that they minimize overlook into yards and windows of abutting properties through one or more of the following:

FIGURE 36: GARDEN SUITE AT GRADE

- a. off-setting window placement to limit direct views of abutting rear or side yard amenity areas, or direct view into a Garden Suite window on an abutting site;
 - b. strategic placement of windows in conjunction with landscaping or the placement of other accessory buildings; and
 - c. placing larger windows such as living room windows, to face a lane, a flanking street, or the larger of any side yard abutting another property.
13. A garden suite shall not be subject to separation from the principal dwelling through a condominium conversion or subdivision.

8.46 SUITE, IN-LAW

1. An in-law suite shall only be allowed on a lot occupied by a single detached dwelling or a duplex dwelling.
2. An in-law suite is prohibited from being constructed within a fourplex, row house, street-oriented town house or an apartment (*Amended by Bylaw 2021-04*).
3. A maximum of one in-law suite is permitted on any single detached dwelling or duplex lot.
4. If an in-law suite is developed on a lot then no additional garden suite, secondary, suite or garage suite shall be allowed.
5. An in-law suite shall remain accessory to and subordinate to the principal dwelling. The maximum floor area of the in-law suite shall not exceed 30 percent of the existing floor area of the primary dwelling unity or 80.0 m² (860.0 ft²) whichever is the lesser.
6. The minimum floor area for an in-law suite is 30.0 m² (322.9 ft²).
7. Shared mechanical rooms and common areas shall be excluded from the floor area calculation of the in-law suite.
8. An in-law suite includes, but not limited to, a food preparation area, counter/cupboard space, sink, refrigerator, stove (or provision of 220 volt wiring) and toilet with bathing facilities.
9. An in-law suite does not have an entrance separate from the entrance to the main dwelling. Prior to development permit approval, the developer must submit, along with an application for a development permit, a parking plan that indicates the location and size of the onsite parking spaces.
10. A minimum of three (3) on-site parking spaces – two (2) for the dwelling and one (1) for the in-law suite – are required. Tandem parking may be permitted at the discretion of the Development Authority.

8.47 SUITE, SECONDARY

1. A secondary suite shall be restricted to a site occupied by a single detached dwelling or a duplex.
2. A secondary suite is prohibited from being constructed within a multi-family dwelling.
3. A maximum of one secondary suite or in-law suite is permitted on a site occupied by any single detached dwelling or duplex.
4. A maximum of one secondary suite is permitted on a site occupied by any single detached dwelling lot.
5. If a secondary suite is developed on a lot then no additional garden suite, in-law suite or garage suite shall be allowed.

6. A secondary suite shall remain accessory to and subordinate to the principal dwelling. The maximum floor area of the secondary suite shall not exceed 30 percent of the existing floor area of the primary dwelling unity or 80.0 m² (860.0 ft²) whichever is the lesser.
7. Shared mechanical rooms and common areas shall be excluded from the floor area calculation of the secondary suite.
8. A secondary suite includes, but not limited to, a food preparation area, counter/cupboard space, sink, refrigerator, stove or provision of 220 volt wiring and toilet with bathing facilities.
9. A secondary suite has an entrance separate from the entrance to the principal dwelling, either from a common indoor landing or directly from the exterior of the building.
10. A secondary suite may include the conversion of a portion of existing space in the principal dwelling, the addition of new floor space to an existing dwelling.
11. The minimum lot size for a secondary suite is 360.0 m² (3,875.0 ft²).
12. The minimum floor area for a secondary suite is 38.0 m² (400.0 ft²).
13. Prior to development permit approval, the developer must submit, along with an application for a development permit, a parking plan that indicates the location and size of the onsite parking spaces.
14. A minimum of two (2) on-site parking spaces for the dwelling and one (1) on-site parking spaces for the secondary suite – is required. Tandem parking may be permitted at the discretion of the Development Authority.
15. One on-site parking stall shall be provided for the secondary suite, in addition to the parking requirements for the principal dwelling pursuant to **Section 7.19** of this Bylaw. Tandem parking may be permitted at the discretion of the Development Authority.

8.48 SUITE, SURVEILLANCE

1. The site on which a place of worship is situated shall have a frontage of not less than 30.0 m (98.4 ft.) and an area of not less than 929 m² (10,000 ft²) except in the case where a building for a clergyman's residence is to be erected on the same lot. The combined area of the lot in this case shall not be less than 1395 m² (15,000 ft²).
2. Minimum front, side and rear yards shall be those required within the District in which the place of worship is located.
3. Surveillance suites shall not be allowed on a site unless specifically listed as a permitted or as a discretionary use within the District in which the site is located.
4. Site Location
 - a. A surveillance suite which is not attached to or within the principal building shall be located:
 - i. a minimum of 2.0 m (6.6 ft.) from any buildings,
 - ii. a minimum of 3.0 m (9.8 ft.) from the rear and side lines, and
 - iii. no closer to the front line than the principal building.

5. Maximum Size
 - a. A surveillance suite shall not be larger in area than the principal building and the maximum floor area of a surveillance suite shall be 32.6 m² (351.0 ft²).
 - b. Building Requirements
 - i. A surveillance suite shall be placed on a permanent foundation to the satisfaction of the Development Authority Officer. Where a surveillance suite is a manufactured unit, the unit shall be secured to a foundation and properly skirted to the satisfaction of the Development Authority.
 - ii. The exterior treatment of a surveillance suite must be compatible with the design, character, and appearance of the principal building, and comply with any provisions required under **Section 7.5** of this Bylaw.

8.49 VETERINARY CLINICS

These regulations shall apply to all animal care and related uses, including: veterinary clinics, small animal and veterinary clinics, large animal (*Amended by Bylaw 2018-12*).

1. A large animal veterinary clinic which is to be located closer than 305.0 m (1000.7 ft.) from a dwelling which is not related to the proposed development shall be considered a discretionary use notwithstanding the use provisions contained within this Bylaw.
2. These uses shall be adequately protected to suppress objectionable emissions. Pens, rooms, and runs shall be adequately sound-proofed to the satisfaction of the Development Authority.
3. All development permit applications may be referred to the appropriate Health Authority or animal control agency for comment prior to the Development Authority making a decision.
4. No building or exterior exercise areas or runs that are used to accommodate the animals may be located within 6.1 m (20.0 ft.) of any property line if the clinic is to be sited adjacent to a dwelling or a residential parcel.
5. All exterior exercise areas or runs may be required to be enclosed with a fence acceptable to the Development Authority.
6. The Development Authority may regulate the hours that animals are allowed outdoors.
7. Facilities that houses animals over-night shall be equipped with an adequate number of indoor exercise runs relative to the maximum number of animals that can be housed.
8. A separate air extractor system shall be provided in the animal holding area where heating and air conditioning are shared with other developments.
9. No kennels shall be permitted in a residential district or on any property or any district within 35.0 m (114.8 ft.) of a property in a residential district.

8.50 WIND ENERGY CONVERSION SYSTEMS, LARGE

1. Prior to making a decision on an application for a development permit for a large wind energy conversion system, the Development Authority shall consider input from:
 - a. any adjacent municipality should the proposed development be located within 2.0 km (1.2 mi.) of the municipality, and
 - b. landowners within 2.0 km (1.2 mi.) of the proposed development.

2. Should a large wind energy conversion system discontinue producing power for a minimum of two (2) years, the system operator shall be required to provide a status report to the Development Authority. The Development Authority may then require that the system be decommissioned. Failure to comply with a decommissioning requirement shall be considered to be a breach of this Bylaw, and subject to the enforcement provisions of **Section 5** of this Bylaw.
3. Property line setbacks
 - a. A large wind energy conversion system shall comply with all the setbacks related to roads and highways that govern the principal use in the District in which it is located.
 - b. Where, in the opinion of the Development Authority, the setbacks referred to in Subsection (a) above are not sufficient to reduce the impact of a large wind energy conversion system from a road or highway, the Development Authority may increase the required setback.
 - c. The turbine base shall be no closer to the property line than four times the height of the wind turbine tower. Where in the opinion of the Development Authority the setback from the property line should be varied, the Development Authority may require an acoustical study to establish appropriate setbacks.
4. Minimum Vertical Blade Clearance
 - a. The minimum vertical blade clearance from grade shall be 7.4 m (24.3 ft.) for a wind energy conversion system employing a horizontal axis rotor unless otherwise required by the Development Authority.
5. Public Safety Requirements
 - a. To ensure public safety, the Development Authority may require that:
 - i. a secure fence not less than 1.8 m (5.9 ft.) in height with a lockable gate surround a large wind energy conversion system tower if the tower is climbable or subject to vandalism that could threaten tower integrity;
 - ii. no ladder or permanent tower access device be located less than 3.7 m (12.1 ft.) from grade;
 - iii. a locked device be installed on the tower to preclude access to the top of the tower; and
 - iv. such additional safety mechanisms or procedures be provided as the Development Authority may consider reasonable and appropriate.
 - v. The use of tubular towers, with locked door access, may, at the discretion of the Development Authority, make the above requirements unnecessary.
 - vi. All power lines on the site of a large wind energy conversion system to the power grid or a power substation will be underground except where the Development Authority specifically approves overhead or above grade installations.
6. Appearance
 - a. Unless otherwise required by the Development Authority, a large wind energy conversion system shall be finished in a non-reflective matte and in a colour which minimizes the obtrusive impact of a system to the requirements of the Development Authority.
 - b. No lettering, advertising or other symbol shall appear on the towers or blades. On other parts of the large wind energy conversion system, the only lettering or symbol allowed will be the manufacturer's and/or owner's identification or symbol and then, only upon the approval of and at the discretion of the Development Authority.

7. The Development Authority may approve a large wind energy conversion system on a case-by-case basis having regard for:
 - a. information provided in the application,
 - b. the proximity of the proposed development to other land uses,
 - c. the cumulative effect of all wind energy conversion systems approved or proposed in the area,
 - d. underlying utilities, and
 - e. information received from the circulation of the application and from the public.
8. Compliance With Traffic Safety Regulations
 - a. Large wind energy conversion systems must comply with applicable air traffic safety regulations. A statement of compliance by the applicant is sufficient. Transport Canada must be notified of the location (latitude and longitude) and height of all wind turbine installations through the aeronautical clearance application process. Wind turbine towers shall not be artificially lit except as required by Navigation Canada.

8.51 WIND ENERGY CONVERSION SYSTEMS, MICRO

1. Notwithstanding any other provisions in this Bylaw, micro wind energy conversion systems, which are systems with a rated capacity of less than 0.5 KW, may only be roof mounted or ground mounted within a side or rear yard.
2. Micro wind energy conversion systems shall be required to conform to set back requirements for accessory buildings.
3. Maximum height shall be the maximum height provisions that apply within the District in which the micro wind energy conversion system is located.
4. Number per lot.
5. One micro wind energy conversion system is allowed per lot. A second system may be allowed at the discretion of the Development Authority if the applicant can demonstrate that there is adequate room on the site.

8.52 WIND ENERGY CONVERSION SYSTEMS, SMALL

1. Wind Turbine Tower Height

For property sizes between 0.1 ha (0.25 acre) and 0.2 ha (0.5 ac.) the wind turbine tower height shall be limited to 25.0 m (82.0 ft.). For property sizes of 0.2 ha (0.5 ac.) or more, there is no limitation on wind turbine tower height, subject to the setback requirements below, and provided that the application includes evidence that the proposed height does not exceed the height recommended by the manufacturer or any distributor of the system.

2. Property Line Setbacks in the Urban Reserve District

The turbine base shall be no closer to the property line than the height of the wind turbine tower, and no part of the system structure, including guy wire anchors, may extend closer than 3.0 m (9.8 ft.) to the property boundaries of the installation site. Additionally, the outer and innermost guy wires must be marked and clearly visible to a height of 2.0 m (6.6 ft.) above the guy wire anchors. The Development Authority may waive setback

requirements from adjacent properties if such adjacent property owner agrees to grant an easement binding on current and future owners.

3. Property Line Setbacks in the Commercial and Semi-Public Districts

- a. The turbine base shall be no closer to the property line than the height of the wind turbine tower, and no part of the system structure may extend closer than 3.0 m (9.8 ft.) to the property boundaries of the installation site. The Development Authority may waive setback requirements from adjacent properties if such adjacent property owner agrees to grant an easement binding on current and future owners.
- b. Mounting using guy wires shall be allowed in:
 - i. the Industrial (M1) District, and
 - ii. the Urban Reserve (UR) District.
- c. The applicant will be required to provide the Development Authority with information regarding the proposed means of mounting the turbine prior to development approval.

4. Noise

The mean value of the sound pressure level from small wind energy conversion systems shall not exceed more than 6.0 decibels (dBA) above background sound, as measured at the exterior of the closest neighbouring inhabited dwelling (at the time of installation or during operation), for wind speeds below 10 m/s (22.0 mph) and except during short-term events such as utility outages and/or severe wind storms.

5. Compliance with Building Code and Alberta Utility Commission

Development permit applications for small wind energy conversion systems shall be accompanied by standard drawings of the wind turbine structure, including the tower, base, footings, and anchoring method, all drawn to scale. An engineering analysis of the wind turbine tower showing compliance with the Alberta Utility Commission and International Building Code requirements must be provided with the development permit application. All drawings must be certified by a licensed professional mechanical, structural, or civil engineer shall also be submitted. Documentation of this analysis supplied by the manufacturer shall be accepted.

6. Compliance with Air Traffic Safety Regulations

Small wind energy conversion systems must comply with applicable air traffic safety regulations. A statement of compliance by the applicant is sufficient. Transport Canada must be notified of the location (latitude and longitude) and height of all wind turbine installations through the aeronautical clearance application process. Wind turbine towers shall not be artificially lit except as required by Navigation Canada.

7. Compliance with Existing Electric Codes

Building permit applications for small wind energy systems shall be accompanied by a line drawing of the electrical components in sufficient detail to allow for a determination that the manner of installation conforms to existing electrical codes. This information is frequently supplied by the manufacturer.

8. Utility Notification

No small wind energy conversion system that is tied into a grid shall be installed until evidence has been given that the power utility has been informed of the customer's intent to install an interconnected customer-owner generator. A copy of a letter to the applicant's power utility is sufficient. No response or evidence of approval from the power utility is required. Off-grid systems and grid-tied systems that are not capable of feeding onto the grid with advanced control grid fault protection and disconnect switches covered under the electrical code shall be exempt from the requirement.

9. Number per Lot

One small wind energy conversion system is allowed per lot. A second system may be allowed at the discretion of the Development Authority if the applicant can demonstrate that there is adequate room on the site.

8.53 WIRELESS COMMUNICATIONS FACILITIES

The Town will encourage developers of wireless communications facilities to demonstrate good planning and design with foremost regard to safety of the general public; adherence to established construction standards in industry; minimizing impacts to the natural environment; minimizing the visual impacts on nearby residents; and ensuring public consultation in the early development stages. A letter of support will be provided to licensing and approving authorities for applications meeting these criteria. A letter of non-support will be provided to licensing and approving authorities for applications not meeting these criteria:

1. Developers of a wireless communications facility that plan for the facility and can accommodate other wireless operators on the site will be given priority status.
2. The application for development of a wireless communications facility is encouraged to engage existing owner/operators of these structures for co-location opportunities. Existing operators are encouraged to participate in the process by charging reasonable rates for this privilege.
3. For development of structures outside of the Alberta Building Code such as lattice towers shall include a document from authoritative sources demonstrating structural adequacy of the specified structure for the location and loading defined in the application. Such authorities include: the Canadian Standards Association and qualified structural engineers. Stamps and Seals of approval shall accompany the documentation.
4. The tower base shall be setback from abutting parcels and roadways by a distance of twenty percent (20%) of the tower height or the distance between the tower base and guy wire anchors, whichever is greater, unless it can be shown that all ice-fall or debris from tower failure can be contained substantially onsite. In all cases, base and anchor structures must be designed for the soil conditions present. A professionally engineered design with supporting soil profiles must accompany the application for development. Precise location (Latitude and Longitude) of the base and anchors must be revealed.
5. Self-supporting towers are to be located respecting Provincial and federal building and safety codes. In all cases the base structures must be designed for the soil conditions present. A professionally engineered design with supporting soil profiles must accompany the application for development.
6. Multiple tower structures will require individual development permit applications.

7. Applications for the development of wireless facilities must include in the development application letters from the following authorities:
 - a. Transport Canada, governing painting and lighting of the applicant's tower for aeronautical safety,
 - b. NavCanada, governing aircraft communication and instrumentation immunity from the applicant's tower transmissions, and
 - c. Industry Canada, governing the frequency of operations and public safety from non-ionized radiation in accordance with Safety Code 6. Licensed exempt operators must provide a stamped letter from a licensed professional radio frequency engineer guaranteeing these conditions will be met.
8. Appropriate fencing around the base, anchors and site limiting public access to the tower and exposure to high radio frequency energy fields must be provided with consideration of community aesthetics.
9. The application for development must include consideration to minimizing environmental damage through the following measures:
 - a. Consultation with Federal and Provincial environmental agencies to ensure the site selected and the resultant construction does not impact upon sensitive ecologies nor interfere with migrating birds or animals. Confirming letters from these agencies must accompany the application for development.
 - b. The application for development shall include a signed letter from the applicant detailing corrective action(s) to remediate any environmental damages.
10. As a condition of obtaining a development permit the applicant agrees to the following:
 - a. The site will be reclaimed within six (6) months of cessation of operation.
 - b. The site reclamation will comply with Provincial legislation, regulations, and policy.
11. Applicants for development of a wireless communications facility within 0.5 miles (0.8 km) of a residential area must demonstrate attention to community aesthetics in their choice of structure.
12. A public consultative process shall commence with an advertisement of the intent to establish a wireless communications facility in the local newspapers and a letter to the neighbouring property owners 120 days prior to the anticipated date of construction. The applicant will be required to submit a copy of their public consultation program for approval by the Development Authority.

8.54 WORK CAMPS

1. All workcamps shall be considered temporary developments.
2. At no time shall the total number of all workcamps within the municipality accommodate more than 500 persons.
3. All workcamps require a development permit and the Development Authority shall give due regard to the need, location and type of camp, prior to rendering its decision.
4. A development permit for a workcamp may be issued for up to three (3) years. If all conditions have not been satisfied to the satisfaction of the Development Authority then the permit will no longer be considered valid. The permit must be renewed after the three (3) year period. An application may be made for a continuance of the use for one (1) additional year after the three (3) year period, after which a new development permit approval is required.
5. The Development Authority may establish whatever conditions for the approval of a workcamp that it, at its discretion, deems reasonable to ensure that the workcamp will be a temporary development.

6. If all of the conditions of the development permit have not been fulfilled to the satisfaction of the Development Authority, then the permit will not be considered valid.
7. In addition to the requirements of **Section 3.4** of this Bylaw, an application for a development permit for workcamp must provide the following information:
 - a. the location, type and purpose of the camp,
 - b. adjacent land uses,
 - c. the method for connecting the proposed development to municipal water, sewage, waste disposal and storm water systems,
 - d. the number of persons proposed to live in the camp,
 - e. the start date for the development, date of occupancy by residents, and removal date for the camp, and
 - f. reclamation measures to be completed once the camp is no longer needed to the satisfaction of the Development Authority.
8. As a condition of approval, the Development Authority shall require the developer to obtain any necessary permits and approvals from all regulatory authorities and agencies having jurisdiction, including any necessary approvals pursuant to the Safety Codes Act that may be applicable.
9. As a condition of approval, the Development Authority may require that the developer construct, upgrade, or pay to construct or upgrade any necessary municipal infrastructure to service to the development.
10. All internal roads shall be the responsibility of the Developer for both construction and future maintenance.
11. The developer shall provide on-site potable water supply in accordance with the municipality's public works department requirements as well as all applicable Provincial regulations.
12. The developer shall provide sewage disposal facilities in accordance with the municipality's public works department requirements as well as all applicable Provincial regulations.
13. The developer shall provide natural gas facilities in accordance with the municipality's requirements as well as all applicable Provincial regulations.
14. The developer shall be required to enter into a development agreement with the municipality as a condition of development approval. The development agreement will include provisions requiring the developer to construct, upgrade, or pay to construct or upgrade the necessary municipal roads to access the development when determined necessary by the Development Authority.
15. All work camps must:
 - a. ensure that all required access, including internal roadways and intersection improvements, are provided to the satisfaction of the Development Authority at the sole cost to the developer;
 - b. be designed so that all points of access and egress are located to the satisfaction of the Development Authority and, when required, Alberta Transportation, and/or adjacent municipality;
 - c. be able to accommodate a minimum of fifty (50) persons;
 - d. be secured by the installation of appropriate security and buffering measures such as berms, fences and landscaping. The form of the buffering will be determined by and to the satisfaction of the Development Authority;
 - e. provide on-site security staff to the satisfaction of the Development Authority;

- f. all parking must be provided on the lot and areas for parking developed to the satisfaction of the Development Authority. Normally, on-site parking for private vehicles will adhere to the same standard as parking for a hotel or motel;
 - g. post security with the municipality sufficient, to remove and/or reclaim the site if the workcamp remains on site after the project is either completed or if the work has stopped to the extent that the municipality no longer feels that the workcamp is necessary to the project, or to reclaim the site if needed after the workcamp has been removed from the site; and
 - h. be separated from adjacent land uses.
16. Maximum site coverage shall be such that space is available for all the parking on the lot, together with the applicable setbacks and required landscaping as determined by the Development Authority.
 17. Adjacent buildings in workcamps shall be located sufficient distance from each other as required for fire protection purposes as determined by the Safety Codes Act and by the Development Authority.
 18. Screening and fencing of storage areas shall be to the satisfaction of the Development Authority.
 19. The development must comply with current Building and Fire Code requirements as amended from time to time.
 20. To ensure that risks associated with traffic, safety and security associated with the development, the applicant shall provide a report at time of application which details the following:
 - a. discussions with and impact on the local RCMP,
 - b. discussions with and impact on the local Emergency Medical Services,
 - c. discussions with and impact on the local Fire Department, and
 - d. discussions with and impact on the local road system including a Traffic Impact Assessment.
 21. The development must comply with any other conditions required to the satisfaction of the Development Authority.

8.55 CANNABIS STORE *(AMENDED BY BYLAW 2018-18)*

1. Where provisions in this section are in conflict with the regulations of any District or any section of this Bylaw, the provisions of this section shall take precedence and be applied in addition to the regulations of the District and other applicable sections of this Bylaw.
2. An application for a Cannabis Store shall include:
 - a. copy of the applicant's current application for a license from the Alberta Gaming, Liquor and Cannabis Commission;
 - b. a landowner consent letter, if the applicant is leasing or renting the building/site;
 - c. an interior floor plan identifying access/egress and loading areas;
 - d. a site plan and land use map to demonstrate minimum separation distances have been met; and
 - e. an engagement reports. The applicant shall contact landowners and schools adjacent to the site, outline the details of the application and solicit their comments on the application, document any opinions or concerns and what modifications were made to address their concerns. The applicant shall then submit the documentation.

3. Cannabis Store use shall meet the following requirements:
 - a. A Cannabis Store shall not be located within 100 m of a private or public school, provincial health care facility, parcel of land that is designated as school reserve or municipal and school reserve under the *Municipal Government Act*;
 - i. the term public or private schools is limited to elementary through to high school and does not include commercial schools. *(Amended by Bylaw 2019-06)*
 - b. A Cannabis Store shall not collocate on a lot with a Day Care, Day Home, Arena/Curling Rink, Place of Worship, or Public Library. *(Amended by Bylaw 2023-26)*
 - c. The separation distance between a Cannabis Store and other uses shall be measured from the exterior wall of the Cannabis Store to lot line;
 - d. A Cannabis Store use shall not operate in conjunction with or accessory to any other use;
 - e. Customer access to a Cannabis Store shall be visible from the street;
 - f. All parking areas and shipping/receiving areas located on-site shall be well lit for pedestrians and vehicles during operating hours;
 - g. Parking and loading requirements for a Cannabis Store shall be provided based on GENERAL PROVISIONS 7.19 of this Bylaw, the General Municipal Servicing Standards, and any applicable requirements to the satisfaction of the Development Authority;
 - h. The owner shall obtain any other approval, permit, authorization, consent or license that may be required to ensure compliance with applicable federal, provincial or municipal legislation; and
 - i. The Development Authority shall impose a condition on any Development Permit issued for Cannabis Store requiring that the development shall not commence selling Cannabis until authorized by and compliant with superior legislation.

9 LAND USE DISTRICT PROVISIONS

9.1 ESTABLISHMENT OF DISTRICTS

1. For the purpose of this Bylaw, the Town of Calmar is divided into the following Districts:

R1	Residential (Single Detached) District
RCE	Residential (Country Estate) District
R1A	Residential (Special Single Detached) District
R1B	Residential (Small Lot, Single Detached) District
R1C	Residential (Single Detached with Attached Garages) District
R2	Residential (General) District
R3	Residential (Medium Density) District
R4	Residential (Higher Density) District
RMHP	Residential (Manufactured Home Park) District
C1	Commercial (Central) District
C2	Commercial (Highway) District
M1	Light Industrial District
M2	Medium Industrial District
P	Parks and Recreation District
US	Urban Services District
DC	Direct Control District
UR	Urban Reserve District

2. For the purposes of this Bylaw, the R1, RCE, R1A, R1B, R2, R3, R4, and RMHP Districts shall be considered to be Residential Districts, the C1, C2, and DC Districts shall be considered to be Commercial Districts, the M1 and M2 Districts will be considered the Industrial Districts and the P and US Districts shall be considered to be institutional Districts.
3. The boundaries of the Districts listed in Subsection (1) are as delineated on the Land Use District Map, being **Section 10** hereto.
4. Where uncertainty exists as to the boundaries of Districts as shown on the Land Use District Map, the following rules shall apply:

RULE 1 Where a boundary is shown as following a road, lane, or water course, it shall be deemed to follow the centre line thereof.

RULE 2 Where a boundary is shown as approximately following a lot line, it shall be deemed to follow the lot line.

RULE 3 In circumstances not covered by Rule 1 or 2, the location of the boundary shall be determined:

- where dimensions are set out on the Land Use District Map, by the dimensions so set, or

- where no dimensions are set out on the Land Use District Map with respect to such boundary, by measurement of and use of the scale shown on the Land Use District Map.
5. Where the application of the above rules does not determine the exact location of the boundary of a District, the Council either on its motion or upon written application being made to it by any person requesting the determination of the exact location of the boundary shall fix the portion of the District boundary in doubt or dispute in a manner consistent with the provisions of this Bylaw and the degree of detail as to measurements and directions as the circumstances may require.
 6. After the Council has fixed a District boundary pursuant to the provisions of Subsection (5), the portion of the boundary so fixed shall not be thereafter altered except by an amendment of this Bylaw.
 7. The Development Authority shall maintain a list of Council's decisions with respect to boundaries or portions thereof fixed by Council.
