CD-1 Zone - ECO-INDUSTRIAL PARK

In this Comprehensive Development Zone, and Industrial Zone, the densities identified below were bonused and based on a 20% open space dedication/ amenity contribution further to Section 203 of this Bylaw, with development at 5 units/hectare as the base density if amenities were not provided.

2014 Update: The base density of 5 units/hectare no longer applies as the amenities have been provided. Parkland Exchange Bylaw No.838, 2000 exchanged land to create the current park.

Save for the multiple-family residential portion of the CD-1 Comprehensive Development Plan ("CD-1 Plan"), this zone has been largely subdivided and uses and density allocated as detailed below. Future variations would require amendment of the Zoning Bylaw.

CD-2 Zone – BIG BEACH

In this Comprehensive Development Zone, the density bonusing framework is based on a 15-20% parkland dedication/amenity contribution, which is to be in the form of

1. public recreational amenities, open space and green space;
2. new swimming pool and fitness facility, which will be privately owned and maintained;
3. 10 metre vegetation buffer abutting all existing residential lots in abutting Zones in order to provide a buffer between existing homes and the development in this zone.

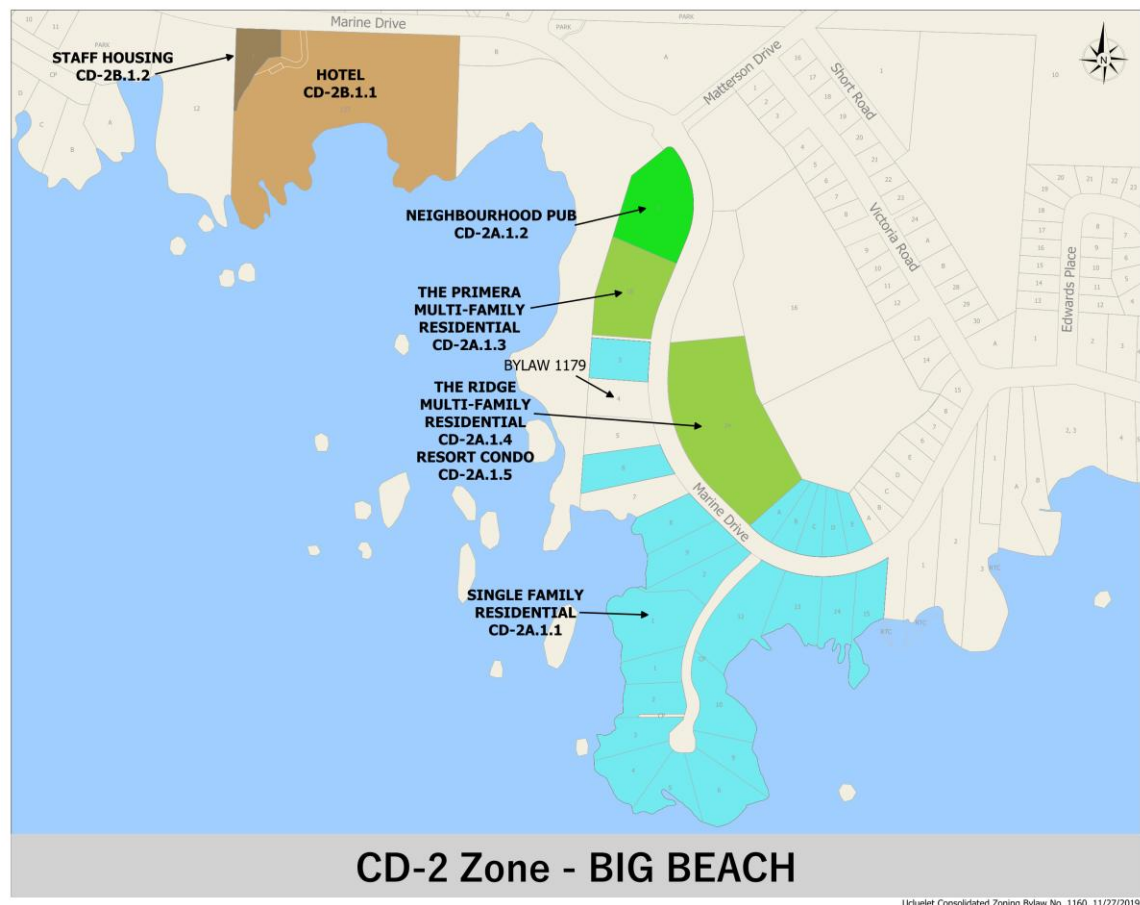

2014 Update: The latter two amenities remain to be provided with the future development of Remainder Lot 16, labeled “Big Beach Estates” in plan and as further defined below, in the CD-2A SubZone. The amenities for the CD-2B SubZone have been accounted for, and the Black Rock Resort has largely developed this subarea. Descriptions for the SubZones follow.

Comprehensive Development (“CD-2 Zone”) Plan - Updated

[Zoning Amendment Bylaw No. 1179, 2015]

[Zoning Amendment Bylaw No. 1224, 2018]

[Zoning Amendment Bylaw No. 1284, 2021]

CD-2A SubZone – DISTRICT LOT 281 (Lot 1)

2014 Update: Plan VIP76214 created 16 lots, and most of the development parcels as follows:

- Lot 1 is designated for neighbourhood pub use.
- Lot 2 was developed as multiple family residential only per Strata Plan VIS5917 (The Primera). In 2008, an owner was successful in its Court case against the original developer regarding representations suggesting tourist accommodation use was permitted but a related challenge of the Zoning Bylaw was unsuccessful. The Court upheld the District's zoning as multiple family residential use only, with no nightly rentals or other commercial tourist accommodation permitted on these lands or under the multiple family residential use category.
- Lots 4, 5 and 7 were removed from the CD-2A Zone and placed in the Vacation Rental (VR-1) Zone, further to rezoning applications. [Zoning Amendment Bylaw No. 1179, 2015]
- Lot 11 was originally intended for a wellness centre but was subsequently rezoned and subdivided into single family dwelling lots.
- Lot 16 was the large lot created north of Marine Drive, labeled "Big Beach Estates". It remains only partially subdivided and developed:
 - Lot A, Plan VIP80735 created a lot for two buildings, The Ridge, which was stratified into 24 units per Strata Plan VIS6275.
 - Plan VIP86140 created 5 single family dwelling lots.
 - PID 025-812-823 Lot 16, Plan VIP76214 except that part in Plan VIP80735, VIP83067 and VIP86140 ("Remainder Lot 16") will support additional subdivision and development according to this zone, noting the **Big Beach Estates Master Plan** may require further consideration following requested alteration of uses and densities in rezonings subsequent to the preparation of that plan. Amenities are outstanding in this area, and are preferred to be accessed off Matterson Drive to create synergy with the Community Centre.
 - The maximum density for Multiple Family Residential use has been reached, through the 18 dwelling units in The Primera and 12 dwelling units in The Ridge.

Big Beach Estates Master Plan (per Zoning Amendment Bylaw 1045, 2006):

The CD-3 Zone is divided into two (2) development areas, as reflected in the CD-3A SubZone and the CD-3B SubZone.

2014 Update: All amenities have been provided, and continue to form an integral part of the community. Except for the potential to subdivide Lot 2, Plan VIP80044 into two fee simple Multiple Family Residential Lots, the original CD-3 Zone (now CD-3A SubZone) has been fully subdivided (Building Stratas may be possible on certain lots). A number of parcels remain vacant and undeveloped, but the uses have been established by way of the subdivision in accordance with the original Comprehensive Development Plans.

CD-4 Zone - WHISKEY LANDING

This Comprehensive Development Zone was originally established in 2003 and named "Main Street Dock" following the clean-up of the old "Chevron" property.

2014 Update: Phase 1 of Whiskey Landing has been constructed as a 4-storey building, with lower restaurant/pub space and basement. The first storey has shop frontages only to the northwest (parking lot) side of the building. The southeast side finished grade is higher with second storey shops level with and facing the Main Street Dock and the Ucluelet Aquarium. As a modification to the "Mixed Commercial/Residential" use definition, residential units in this Phase 1 building may only be located on the top two storeys and those portions of the second storey that do not directly exit at the southeast finished grade (e.g. This allows Unit 107 to be residential). The Phase 2 building is expected to have the same finished grade on all sides of the building and therefore the use definitions apply without modification.

CD-5 Zone – FORMER WEYCO FOREST LANDS

This Comprehensive Development Zone was established in 2005 from the following parent parcels:

- *PID: 025-635-735 Lot 3 District Lots 286, 471, 472 and 473 Clayoquot District Plan VIP75113
Except that part in Plan VIP77604;*
- *PID: 025-635-743 Lot 4 District Lots 285, 286 and 473 Clayoquot District Plan VIP75113;*
- *PID: 009-398-031 District Lot 283 Clayoquot District Except part in Plans 31490 and 26106.*

The density bonusing framework is based on a 15% parkland dedication/ amenity contribution (as it stood at time of adoption), provided in the form of the Central Park dedication, cash contributions, public recreational amenities and open space, green space and trail areas secured by either dedication on a plan of subdivision or statutory right of way, along with requirements for affordable housing and staff housing.

A Master Development Agreement was registered under S.219 Covenant EV125879 (October 3, 2005) and continues to apply, as amended, to govern the development and provision of remaining amenities. The MDA includes special provisions for riparian area setbacks, including reports of qualified professionals, which setbacks are intended to supercede and vary the otherwise standard provisions of this Zone and Bylaw

The CD-5 Zone is divided into five (5) development areas, as reflected in CD-5A through CD-5E SubZones. The following three (3) plans aide in the interpretation of this zone:

1. ***Overall Illustrative Land Use Concept Plan*** – a representative example of the proposed layout and potential building form and scale, with exact configuration, siting, form and character to be determined at subdivision and development permit stage of development.
2. ***Illustrative CD Zoning Plan and the Density*** – dictates and confines the location of permitted uses and density, variations to require amendment to the Zoning Bylaw.
3. ***Wild Pacific Trail / Trail Network Plan*** – general representation of proposed approximate location of the Wild Pacific Trail and Subsidiary Trails (red dotted lines), with exact configuration to be determined at subdivision and development permit stage of development.

2014 Update: Subdivision and some development has commenced in this comprehensive development zone, as detailed below. The initial amenities were provided, and several are ongoing and expected as development proceeds, including parkland and trails.

Following challenges to property assessments by the developer, the S.219 Covenant associated with the Master Development Agreement was modified in 2011 to clarify the role of the original plans:

CD-5E SubZone (Development Area #5) OCEANWEST

2014 Update: This SubZone has been completely subdivided in accordance with original intentions. Plan VIP84686 created 36 lots, Lots 1-12 of which are in this development area:

- Lot 1 was subdivided into 8 bare land strata lots (VIS6520).
- Lots 2 to 11 uses are allocated as identified below.
- Lot 12 (resort condo) has been transferred to the adjacent Black Rock Resort and the registered owner identified the intent to apply for future rezoning for staff housing on their adjacent Lot 1 Plan VIP85870 combined with additional density for Lot 12 (See Covenant FB224322). The existing resort condo and proposed affordable housing can proceed without rezoning but additional density, or alternate uses, will require a rezoning application.

Amenities for this development area have been provided with the creation of the development lots in this SubZone. Several lots have yet to be built upon.
