

Grandview Municipality
Dust Control
Effective Date: August 10, 2016
Resolution No 2016-237

Purpose:

The purpose of this policy is to outline the requirements and process for dust control in the rural area

Policy

1. Dust control is the responsibility of the landowner. Each year in the Spring, the Grandview Municipality will receive applications for dust control and will make the necessary arrangements with suppliers to provide the service.
2. Applications for dust control will be available at the Municipal office and must be accompanied with payment.
3. Dust control will normally be applied 16 feet wide by 400 feet long (6400 square feet).
4. It is the responsibility of the landowner to mark where they want the dust control to begin and end.
5. The cost for the standard application will be determined each year by council and will be advertised in the Exponent.
6. Anyone wishing dust control greater than 6400 square feet can note that on the application and payment will be adjusted accordingly.
7. The Grandview Municipality is co-ordinating the supply of dust control as a service to residents of the Grandview Municipality and is not responsible for any problems that may arise at time of application or thereafter.
8. The Grandview Municipality reserves the right to cancel the offering of this service at any time.

The Grandview Municipality reserves the right to maintain the roads in the Municipality at the Municipality's discretion after dust control application. The Municipality will make every effort to not disturb areas where dust control has been applied for 3 – 5 day. Residents applying their own dust control must advise the Municipality when dust control is applied.
